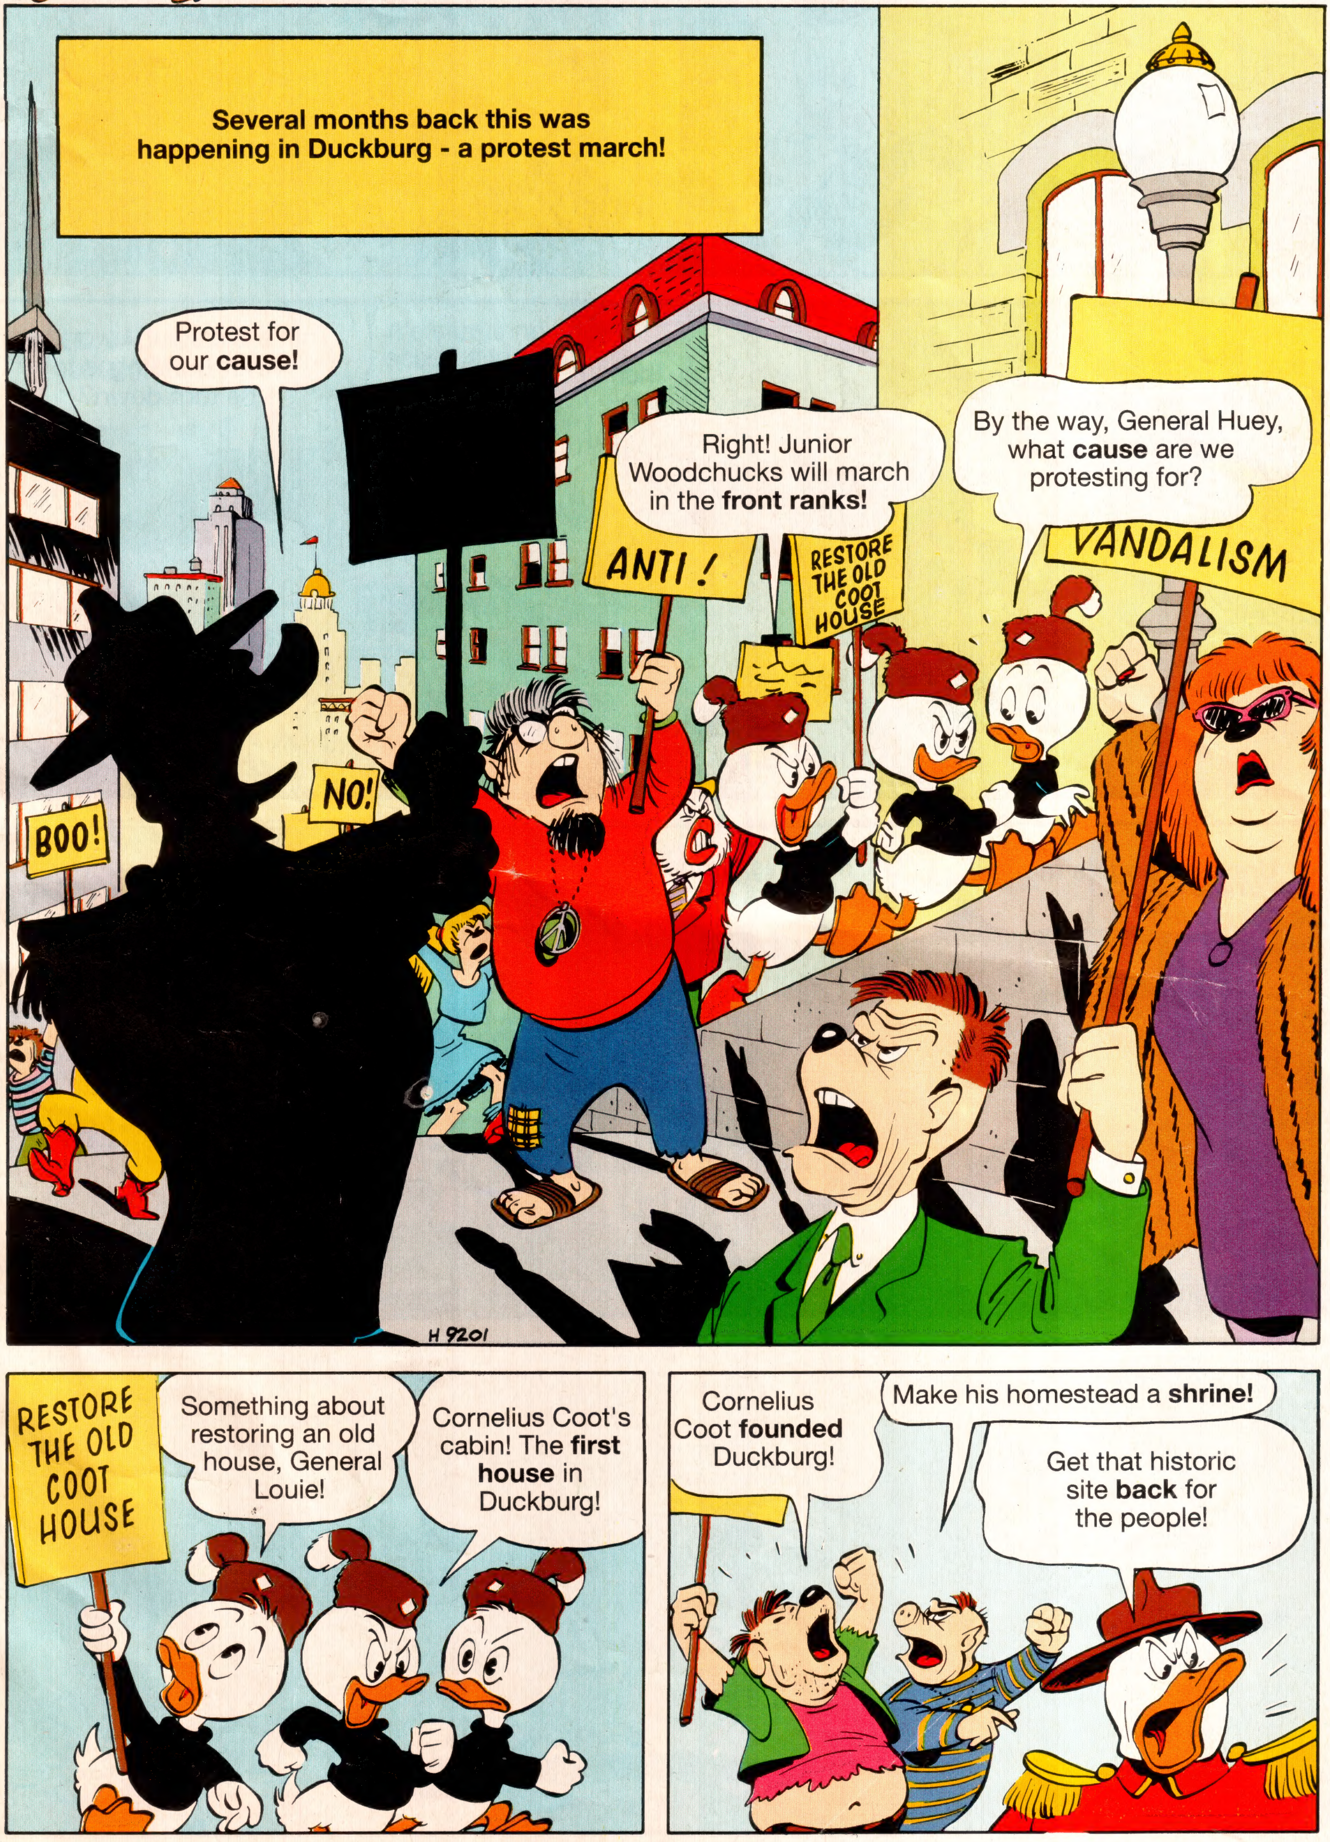
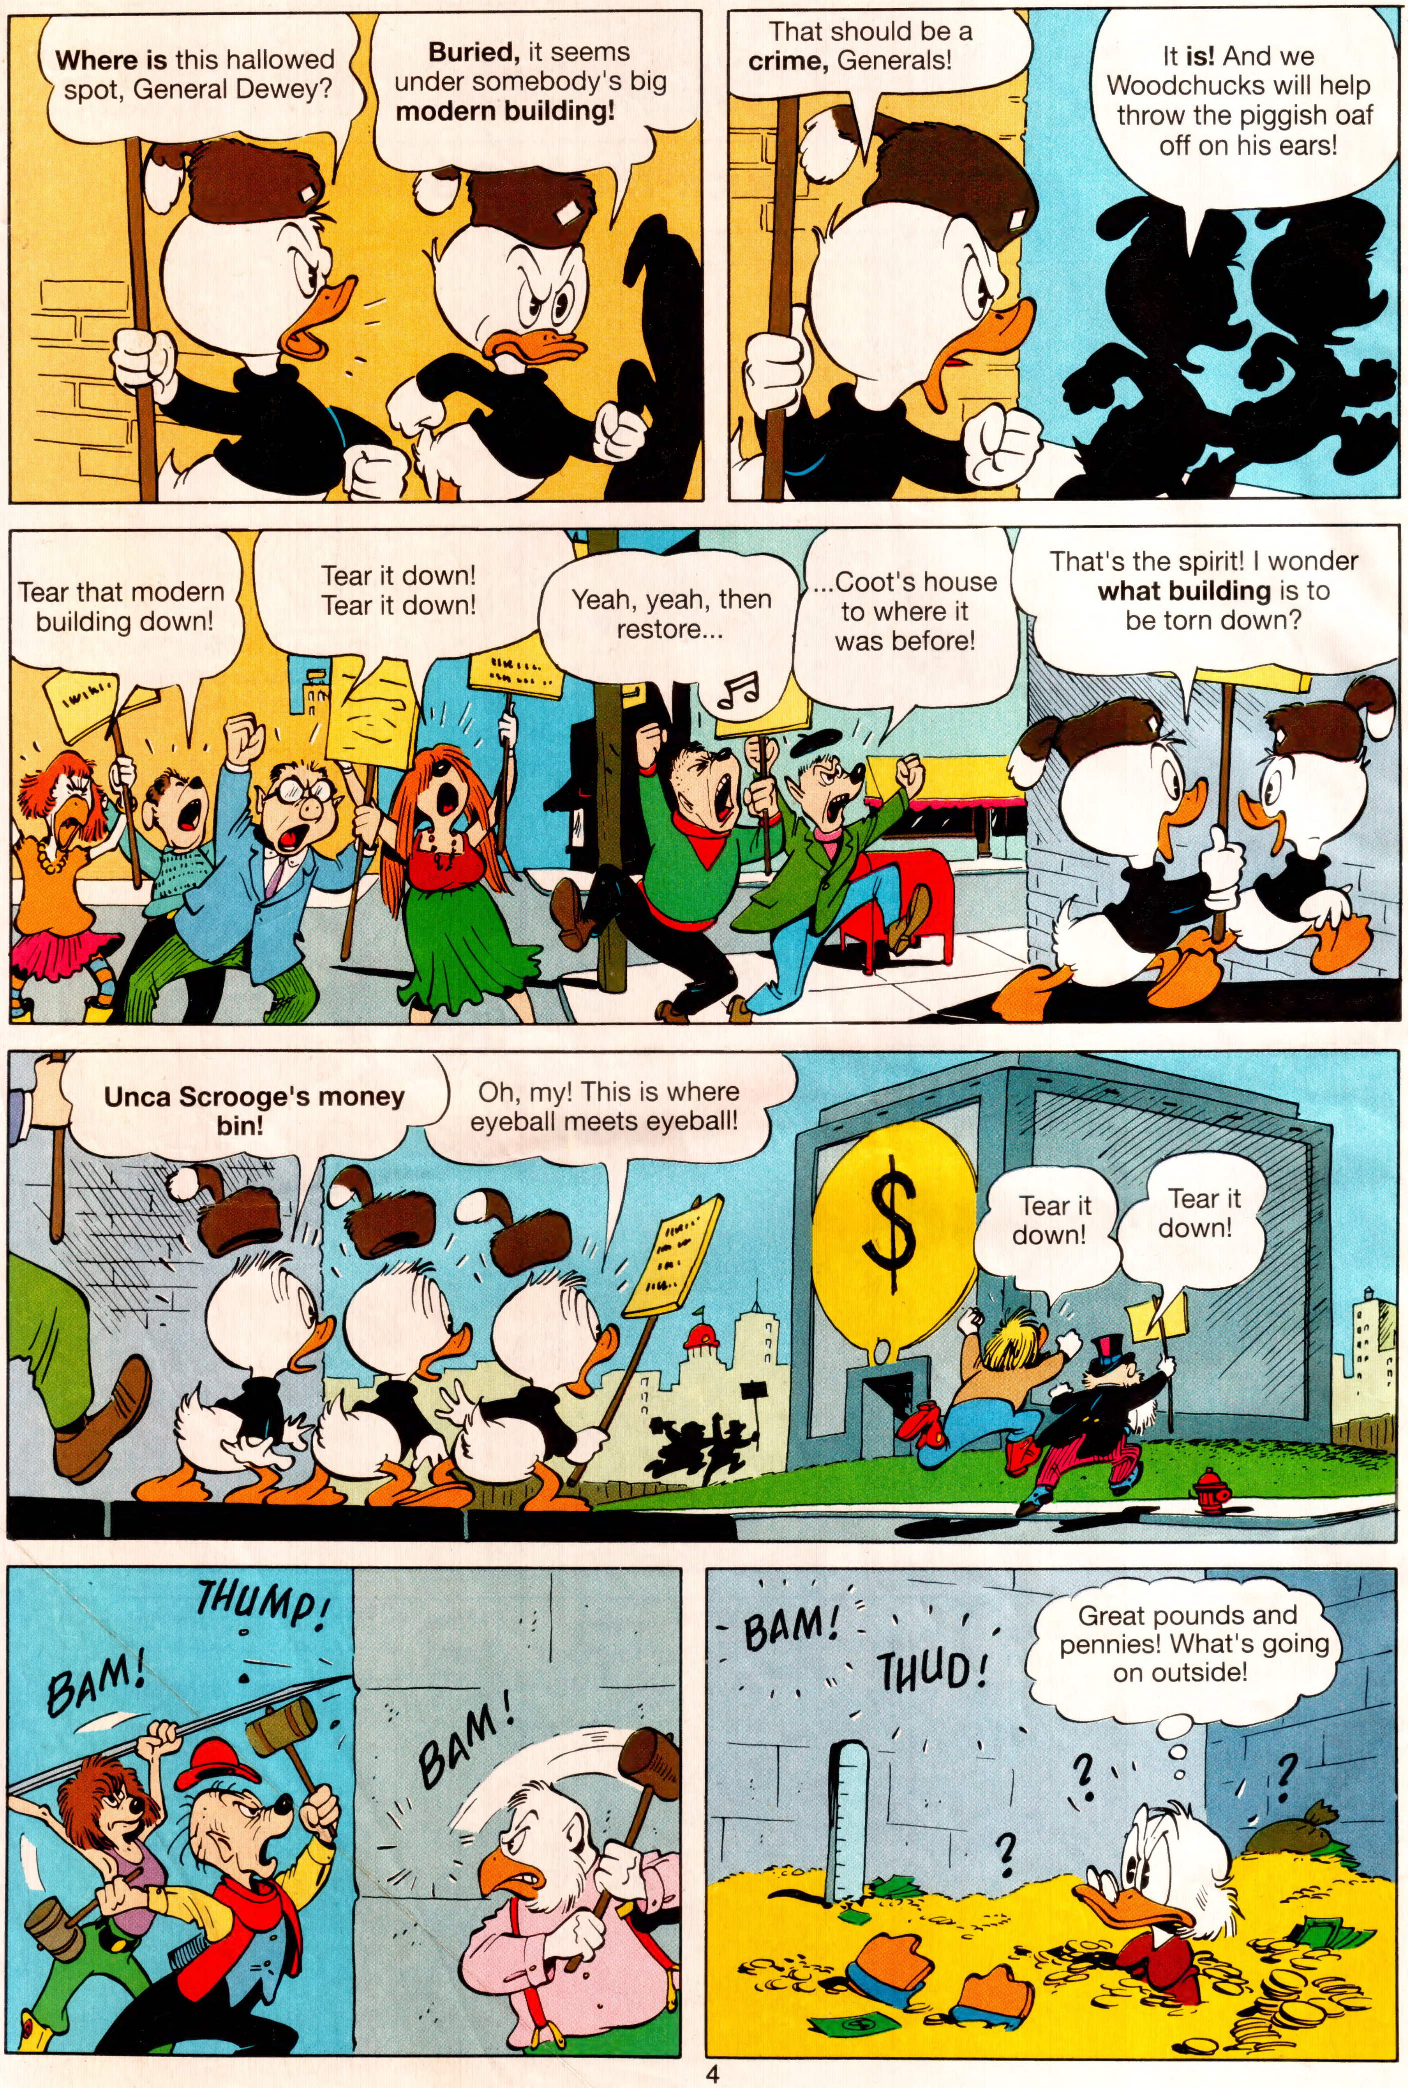
JUNIOR WOODCHUCKS

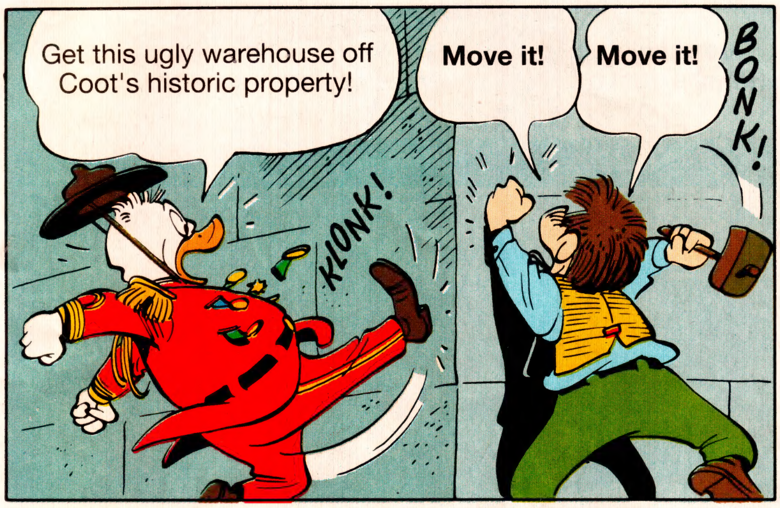
Duck-Made Disaster!



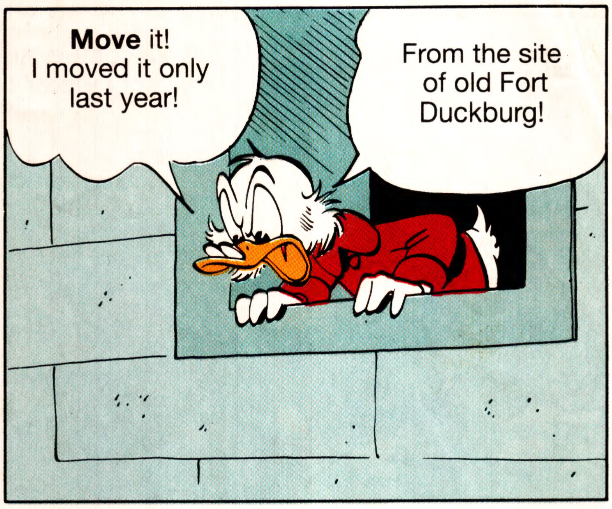
Several months back this was happening in Duckburg - a protest march!
Protest for our **cause!**
Right! Junior Woodchucks will march in the **front ranks!**
By the way, General Huey, what **cause** are we protesting for?
BOO!
NO!
ANTI!
RESTORE THE OLD COOT HOUSE
VANDALISM
H 9201
RESTORE THE OLD COOT HOUSE
Something about restoring an old house, General Louie!
Cornelius Coot's cabin! The **first house** in Duckburg!
Cornelius Coot **founded** Duckburg!
Make his homestead a **shrine!**
Get that historic site **back** for the people!



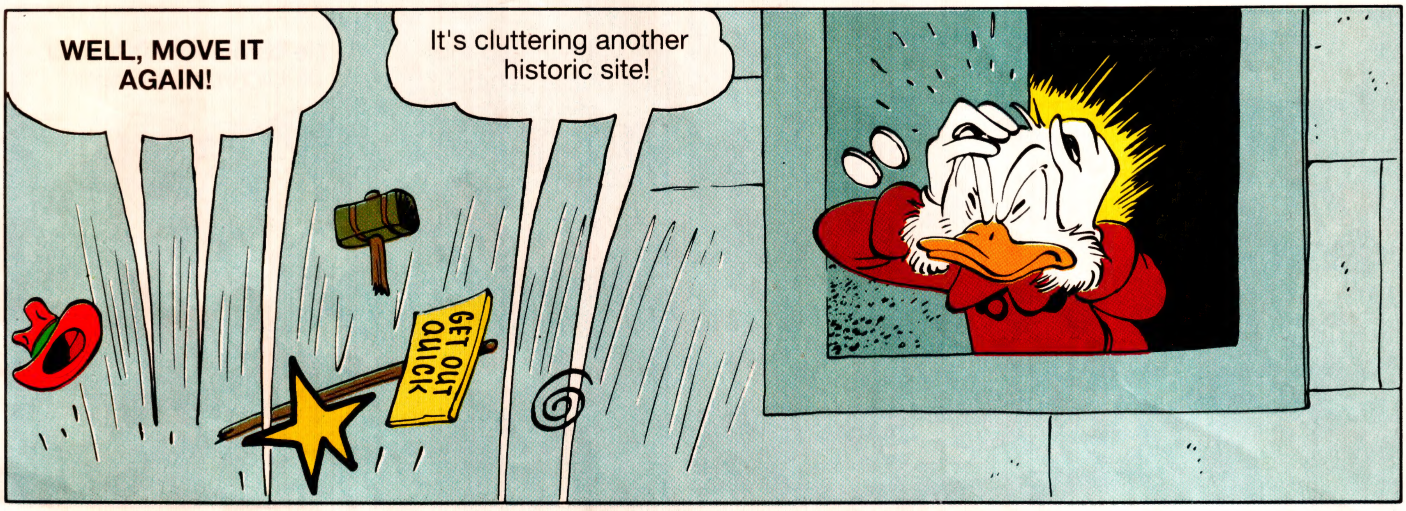
Where is this hallowed spot, General Dewey?
Buried, it seems under somebody's big **modern building!**
That should be a **crime,** Generals!
It **is!** And we Woodchucks will help throw the piggish oaf off on his ears!
Tear that modern building down!
Tear it down! Tear it down!
Yeah, yeah, then restore...
...Coot's house to where it was before!
That's the spirit! I wonder **what building** is to be torn down?
Unca Scrooge's money bin!
Oh, my! This is where eyeball meets eyeball!
$
Tear it down!
Tear it down!
THUMP!
BAM!
BAM!
BAM!
THUD!
Great pounds and pennies! What's going on outside!
?
?
?



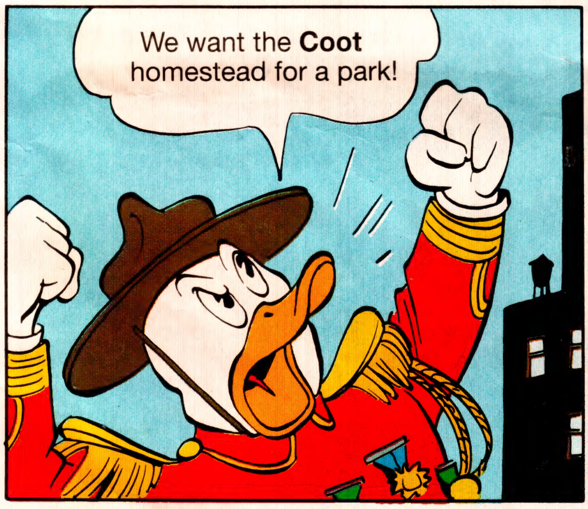
Get this ugly warehouse off Coot's historic property!
Move it!
Move it!
BONK!
KLONK!



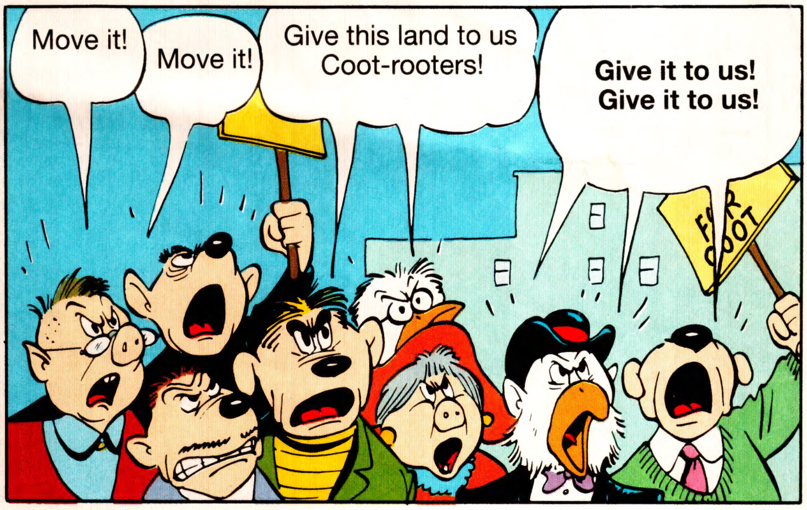
Move it! I moved it only last year!
From the site of old Fort Duckburg!



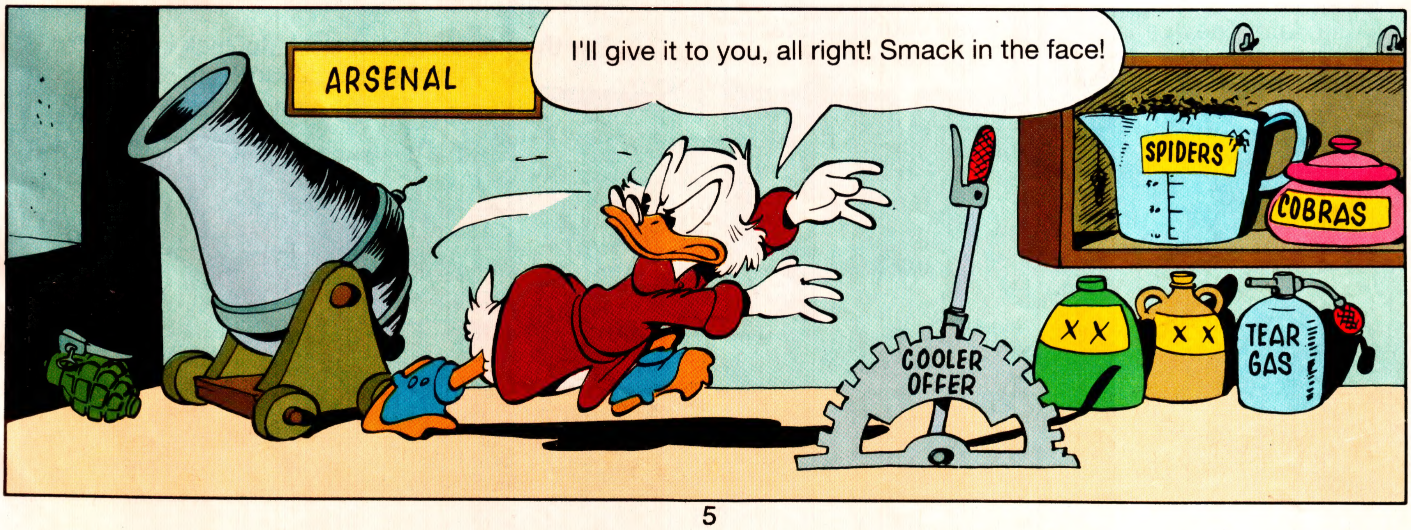
WELL, MOVE IT AGAIN!
It's cluttering another historic site!
GET OUT QUICK



We want the Coot homestead for a park!



Move it!
Move it!
Give this land to us Coot-rooters!
Give it to us! Give it to us!
FOR COOT



ARSENAL
I'll give it to you, all right! Smack in the face!
SPIDERS

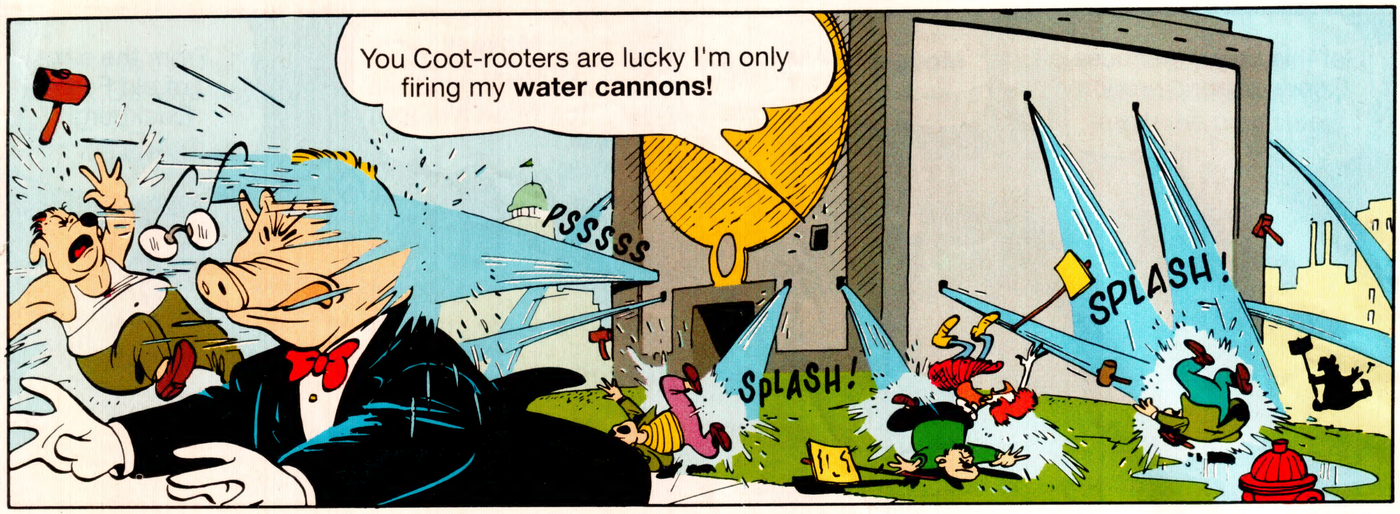
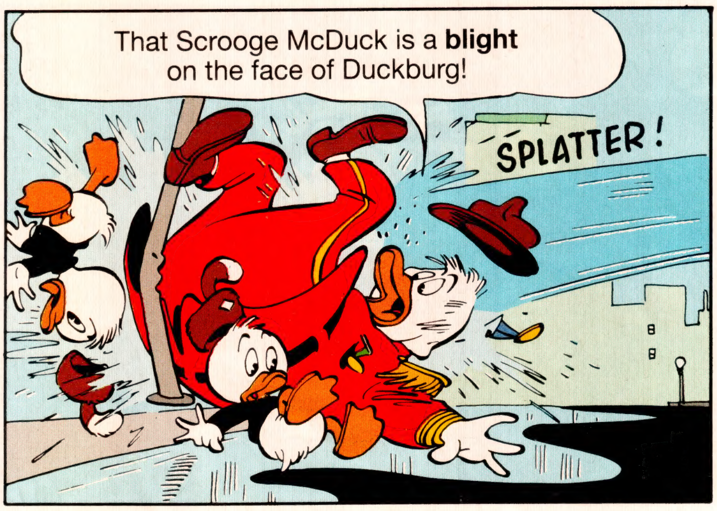
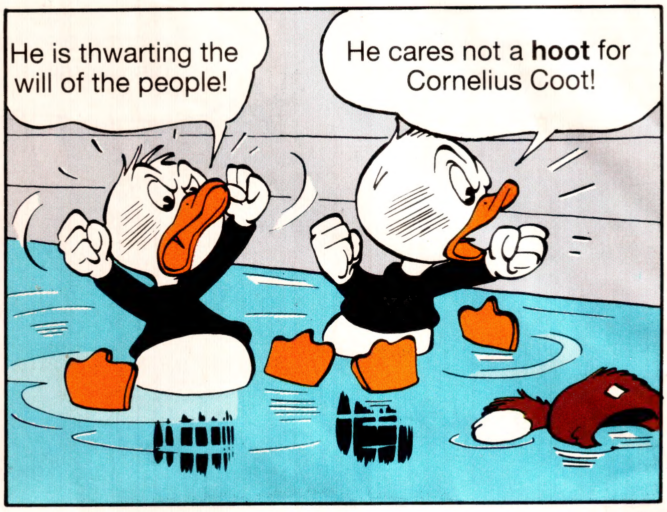
COOLER OFFER



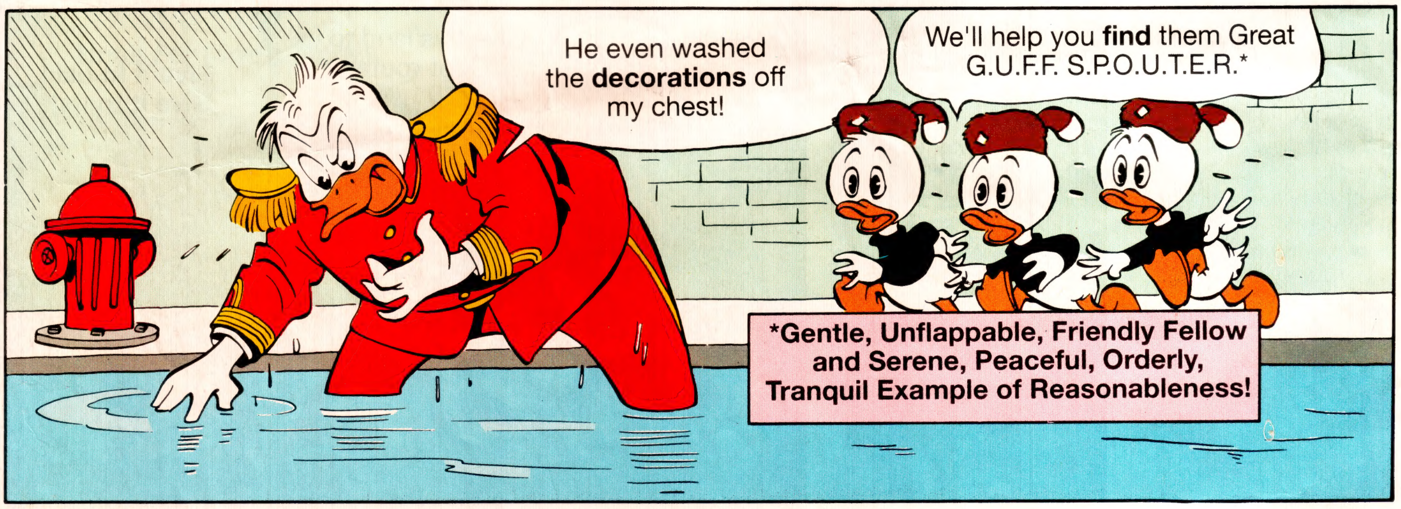
You Coot-rooters are lucky I'm only firing my **water cannons!**
PSSSSS
SPLASH!
SPLASH!



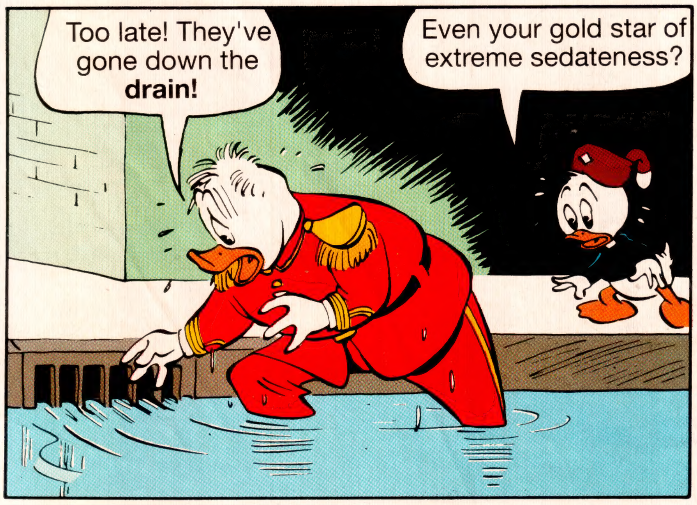
That Scrooge McDuck is a **blight** on the face of Duckburg!
SPLATTER!



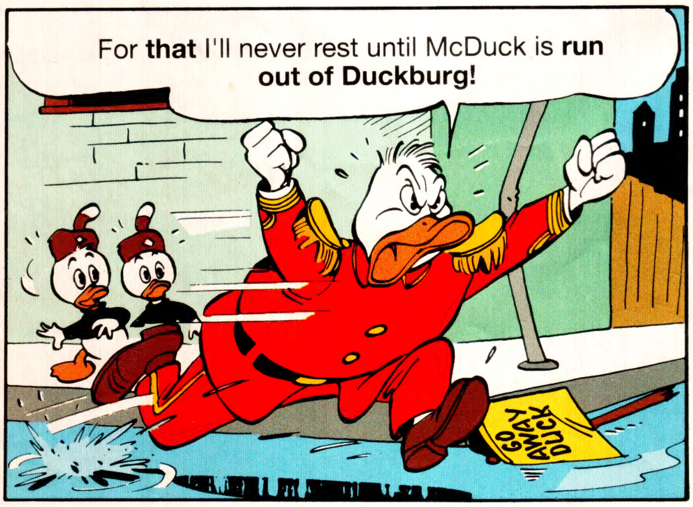
He is thwarting the will of the people!
He cares not a **hoot** for Cornelius Coot!



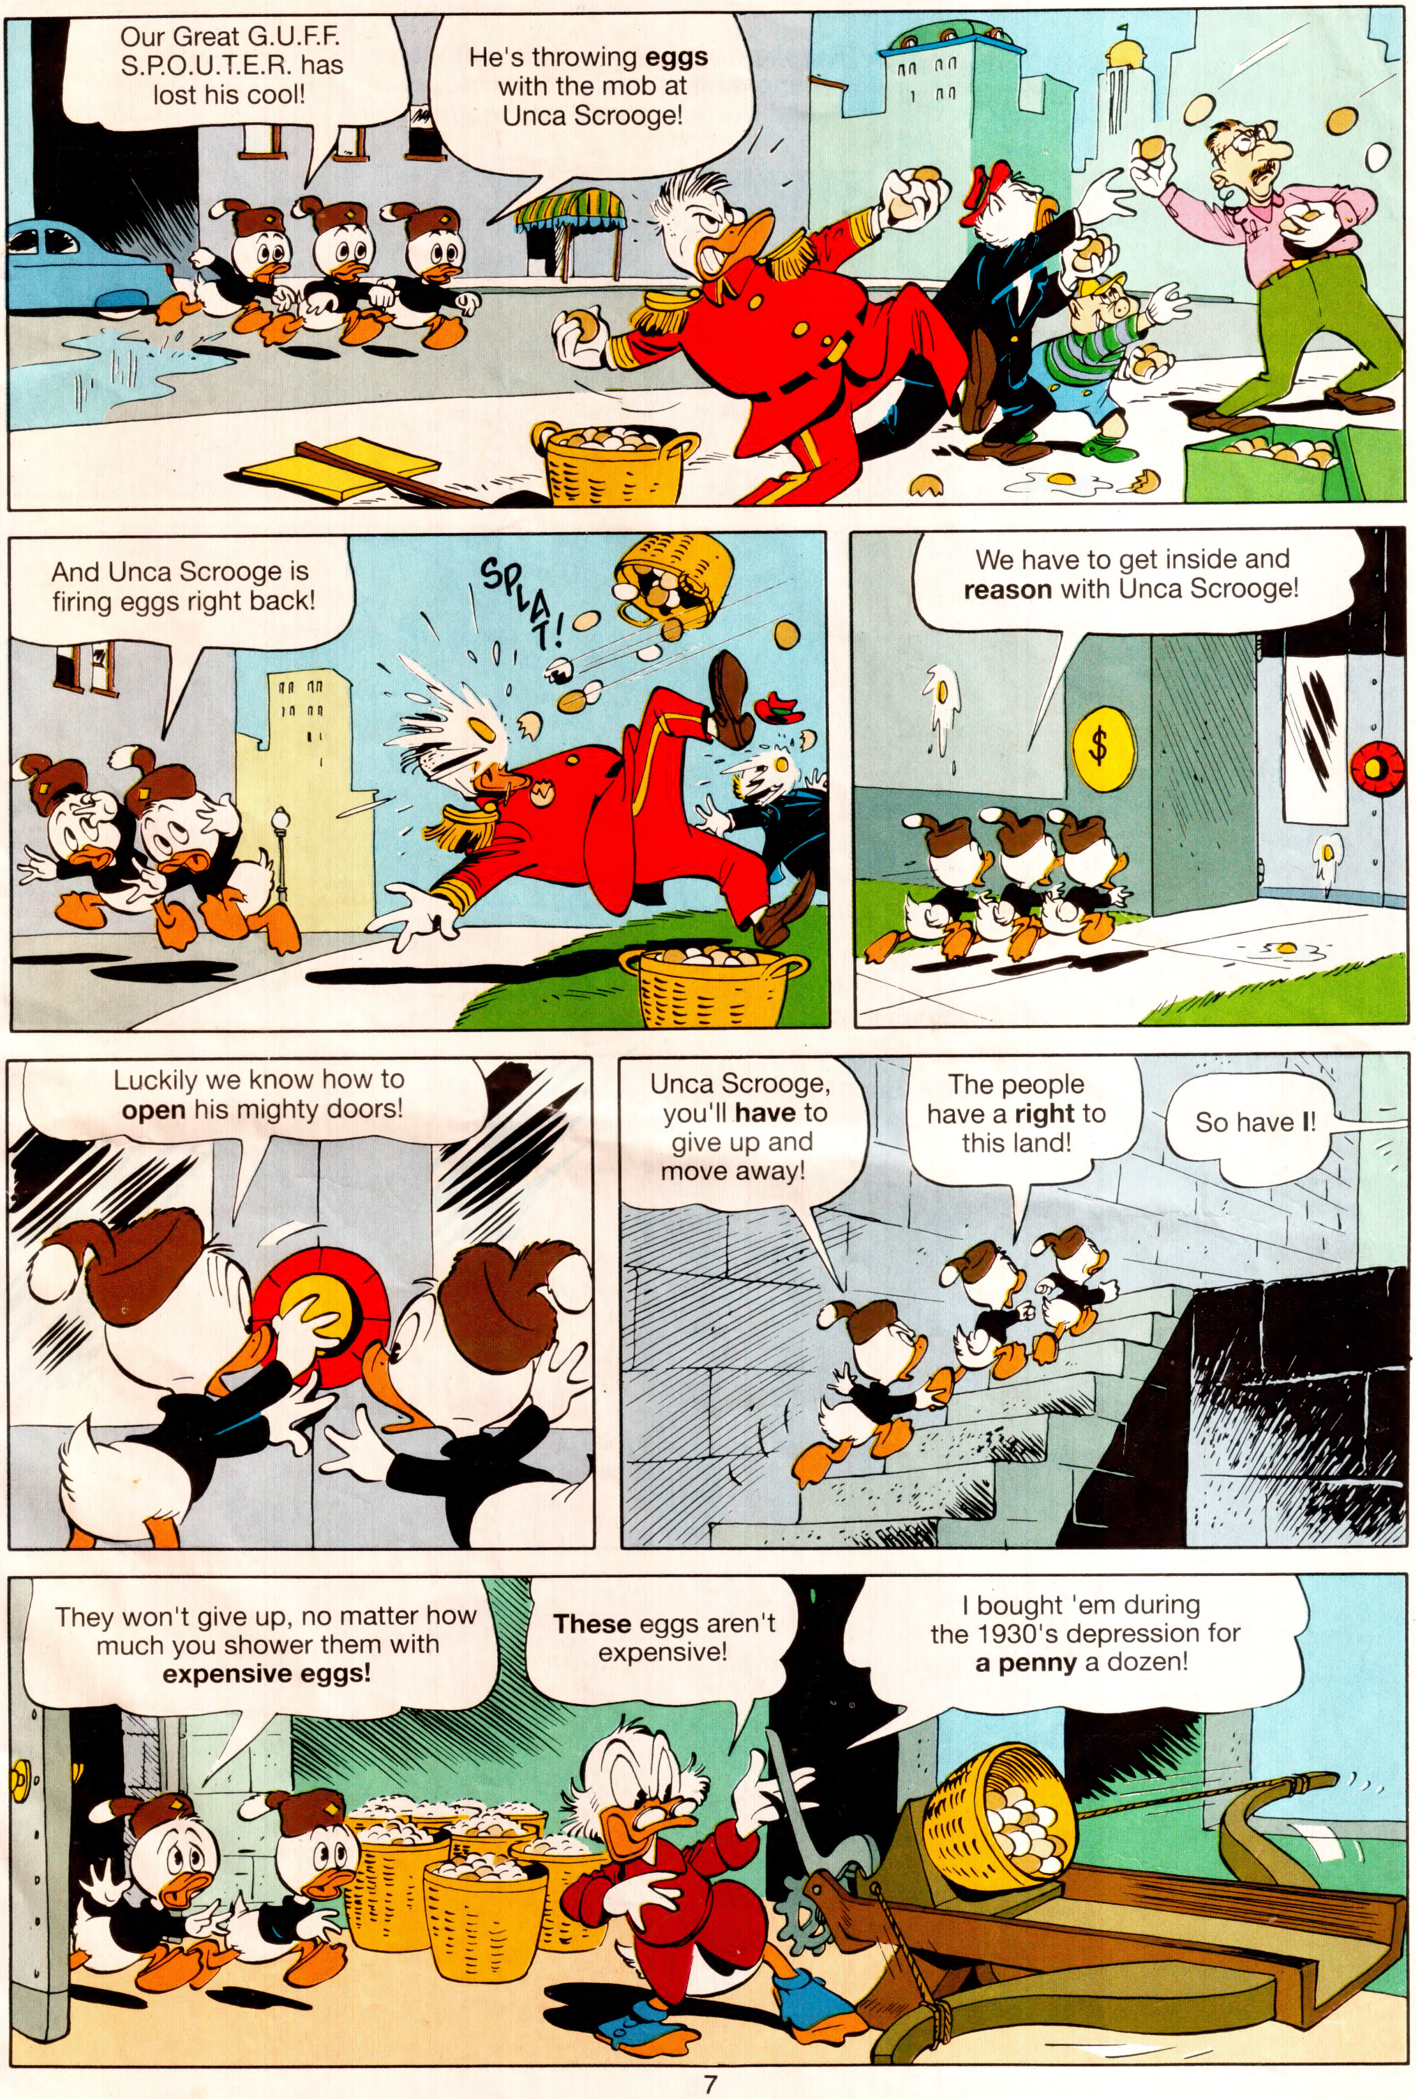
He even washed the **decorations** off my chest!
We'll help you **find** them Great G.U.F.F. S.P.O.U.T.E.R.*
*Gentle, Unflappable, Friendly Fellow and Serene, Peaceful, Orderly, Tranquil Example of Reasonableness!



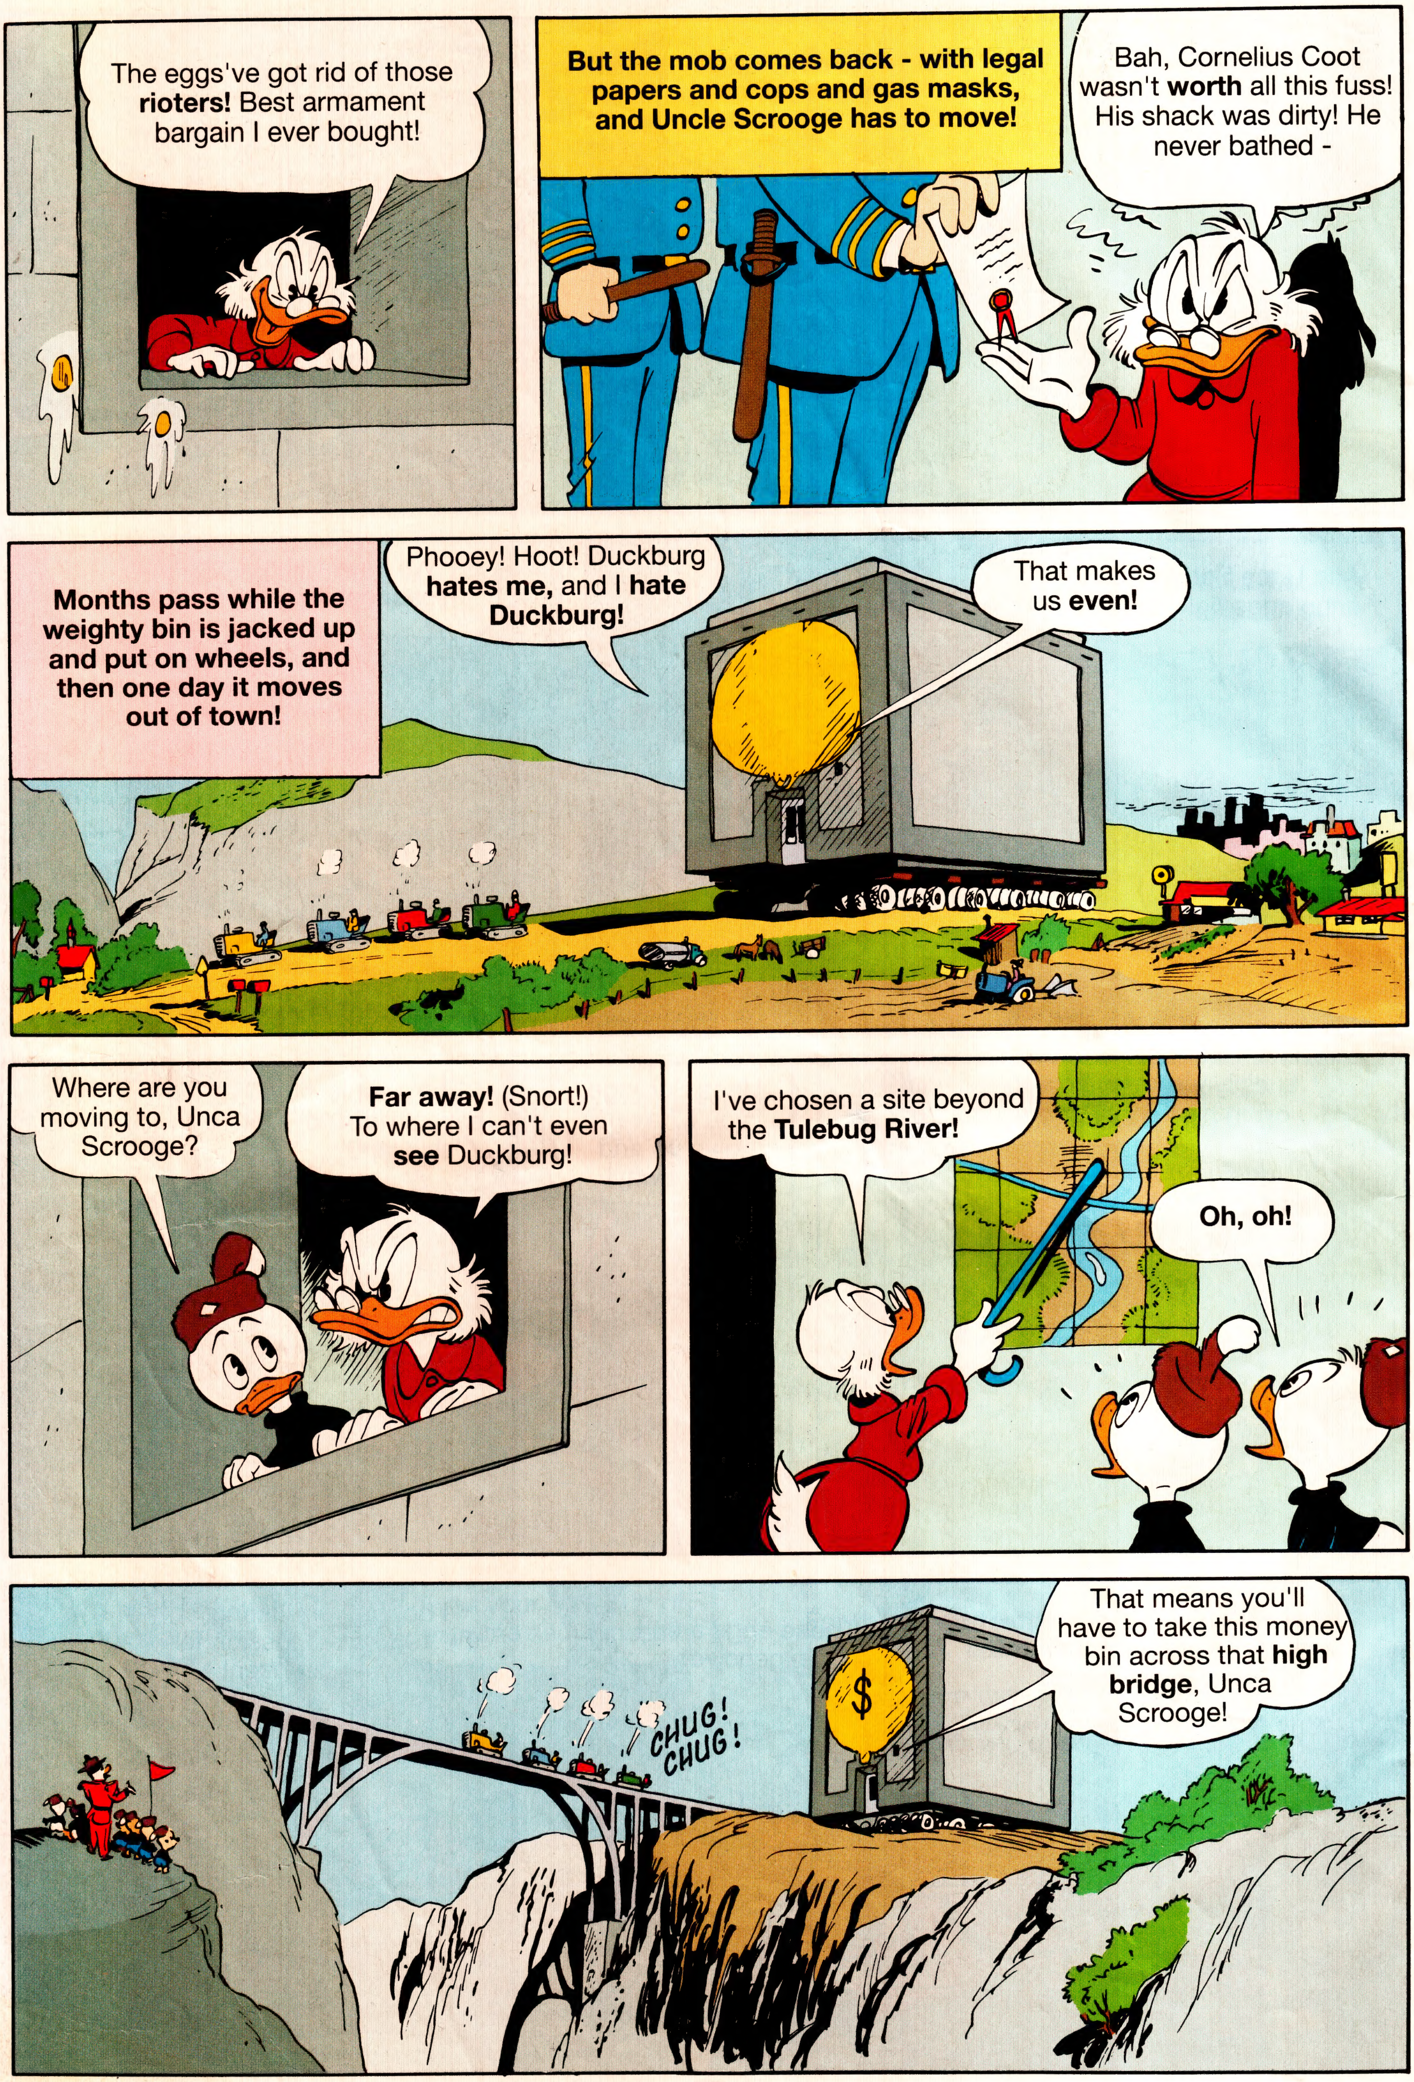
Too late! They've gone down the **drain!**
Even your gold star of extreme sedateness?



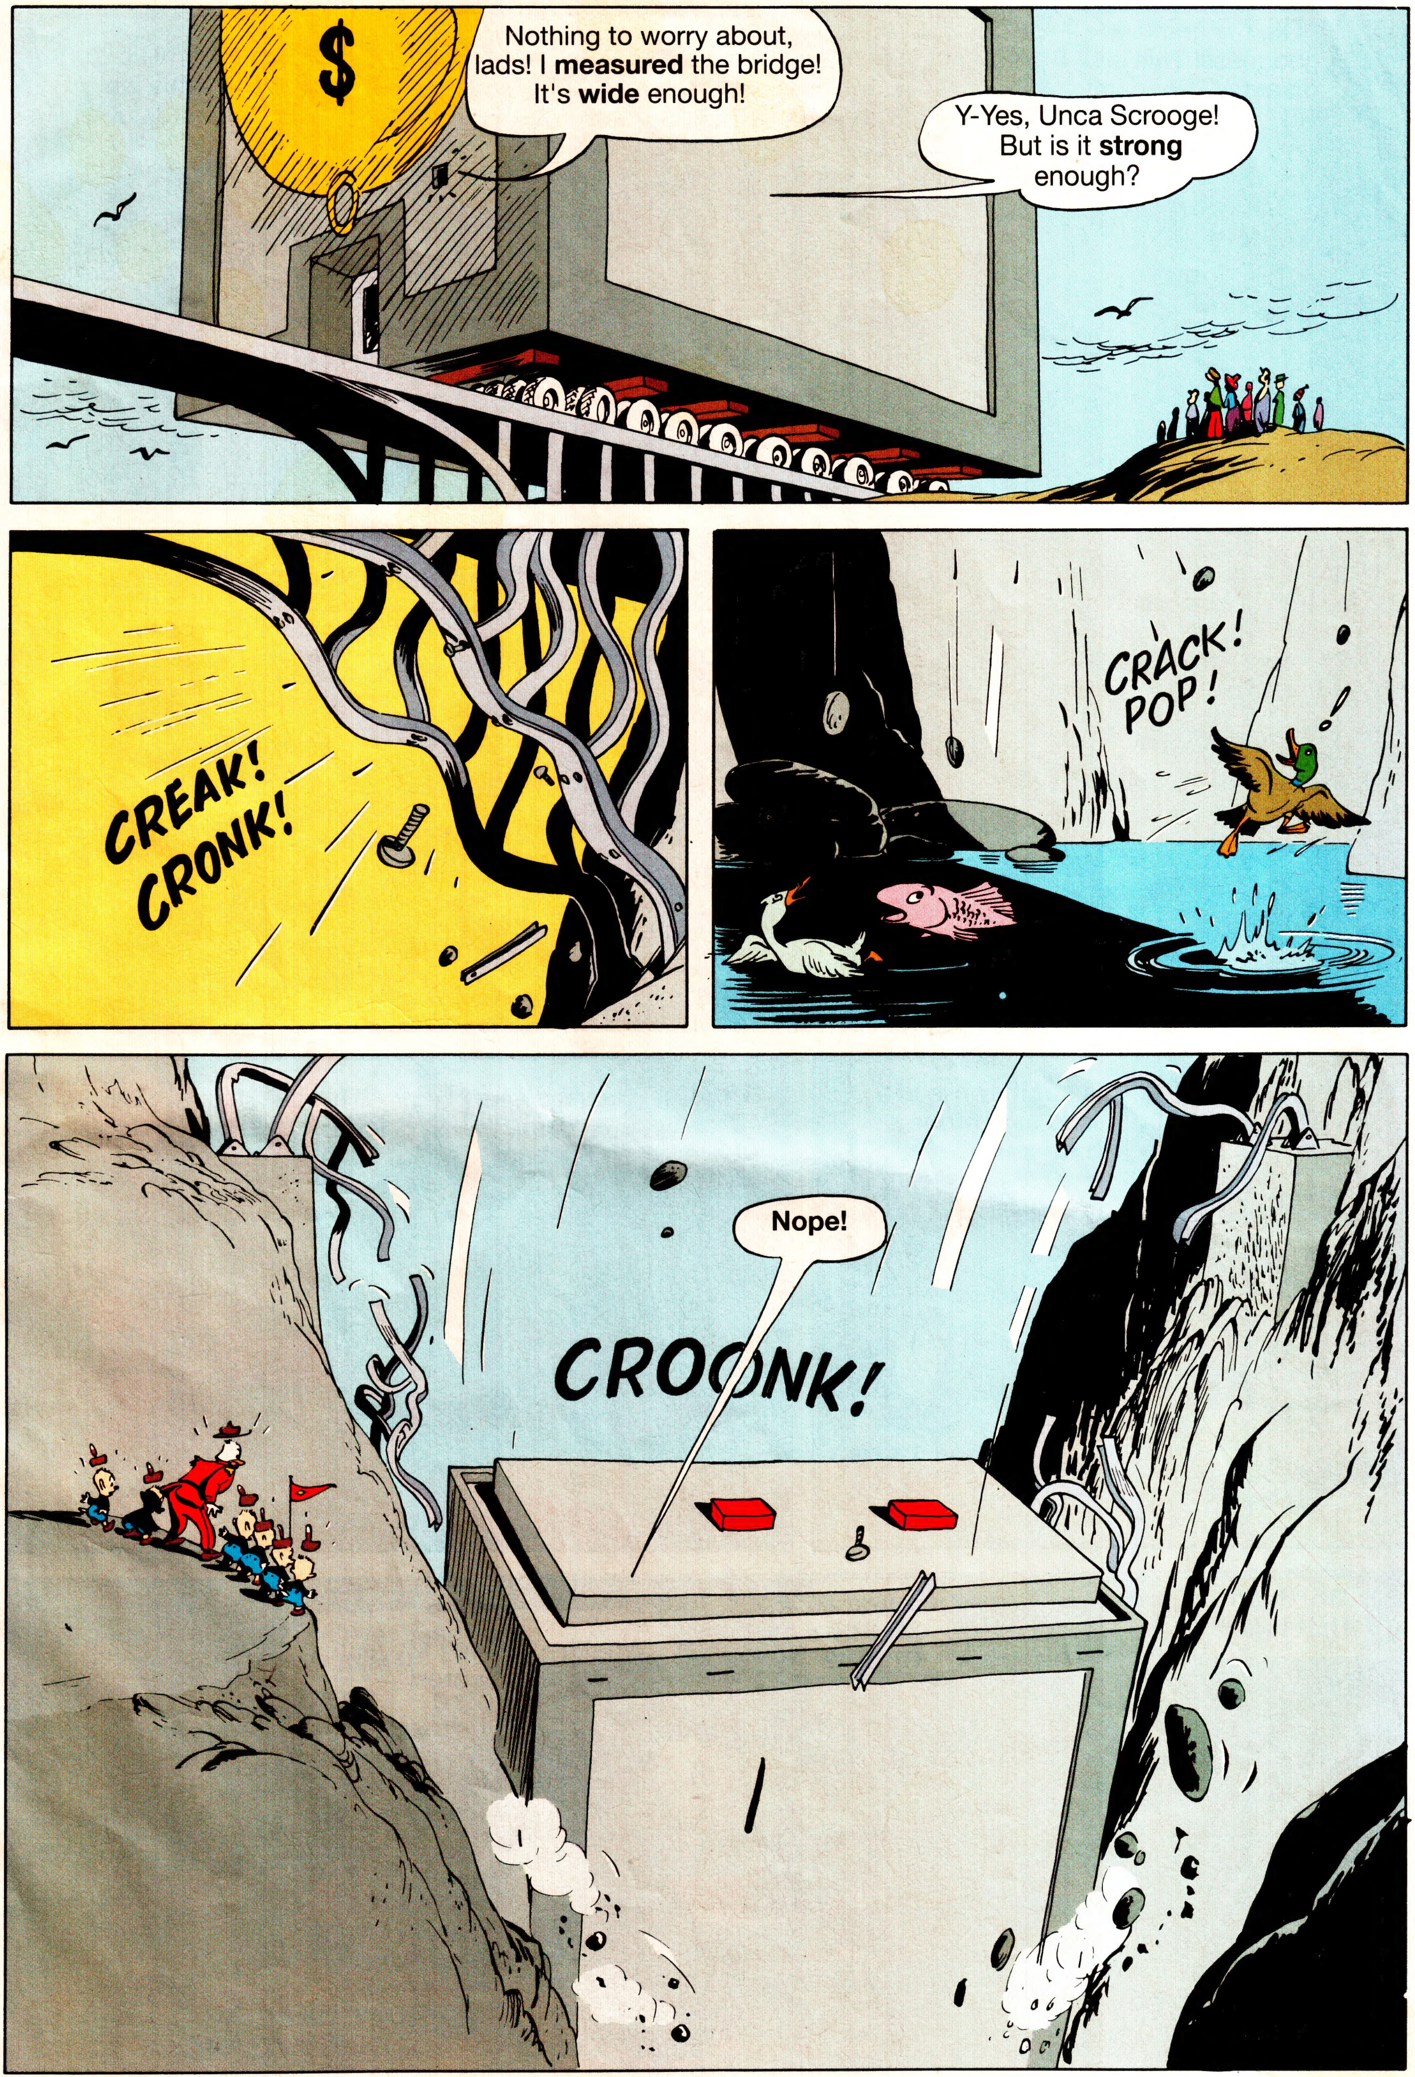
For **that** I'll never rest until McDuck is **run out of Duckburg!**
GO AWAY DUCK



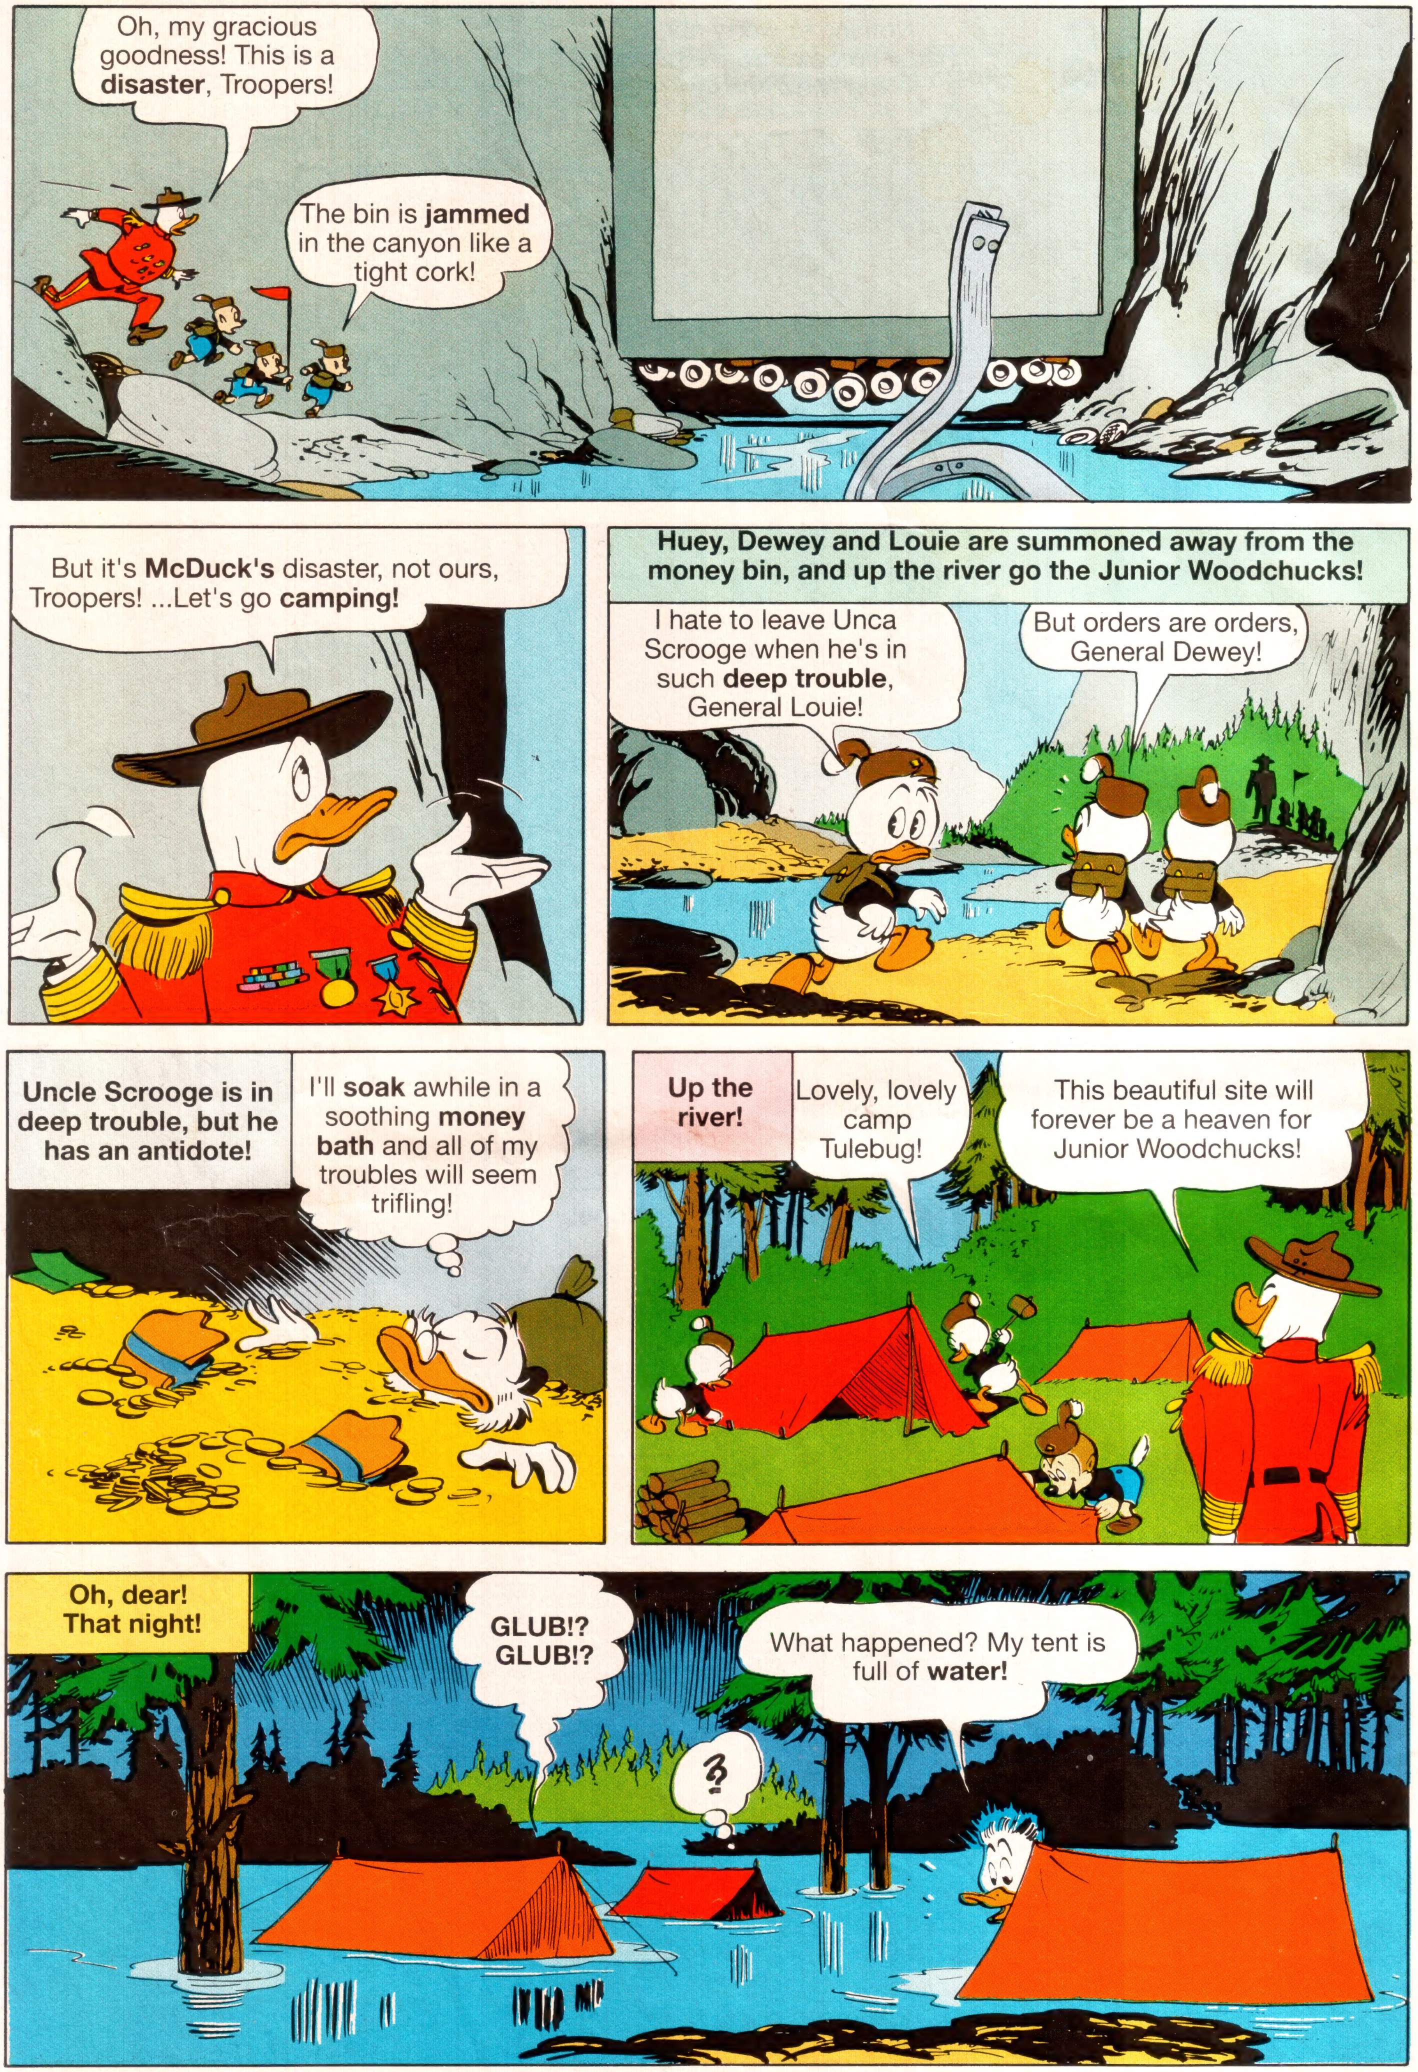
Our Great G.U.F.F. S.P.O.U.T.E.R. has lost his cool!
He's throwing **eggs** with the mob at Unca Scrooge!
And Unca Scrooge is firing eggs right back!
SPLAT!
We have to get inside and **reason** with Unca Scrooge!
Luckily we know how to **open** his mighty doors!
Unca Scrooge, you'll **have** to give up and move away!
The people have a **right** to this land!
So have **I**!
They won't give up, no matter how much you shower them with **expensive eggs!**
These eggs aren't expensive!
I bought 'em during the 1930's depression for **a penny** a dozen!



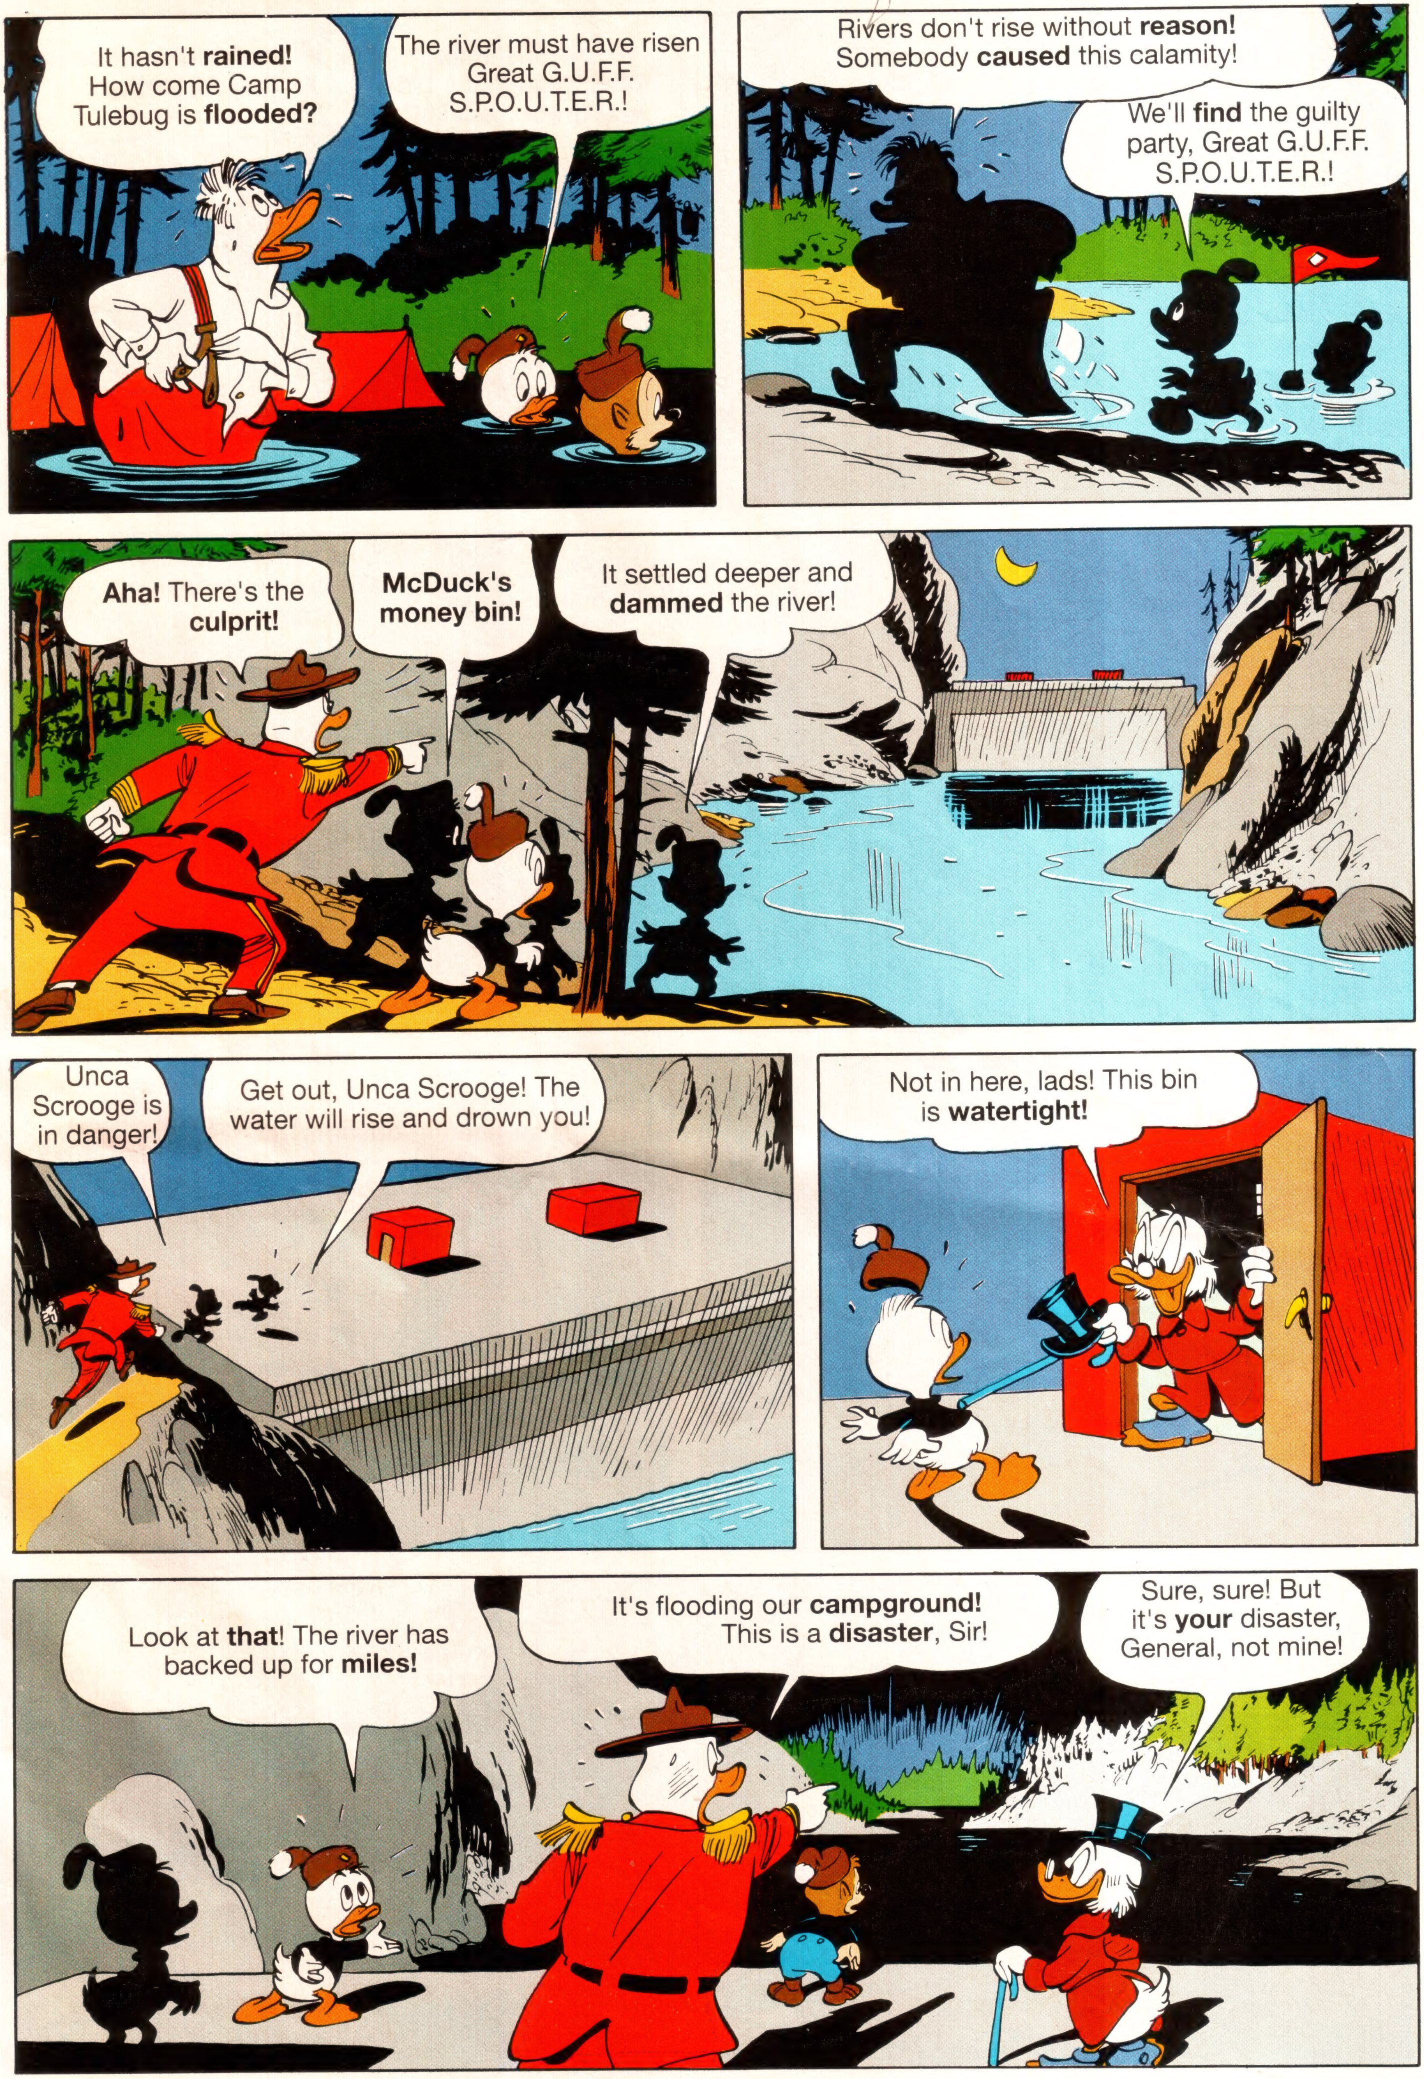
The eggs've got rid of those **rioters!** Best armament bargain I ever bought!
But the mob comes back - with legal papers and cops and gas masks, and Uncle Scrooge has to move!
Bah, Cornelius Coot wasn't **worth** all this fuss! His shack was dirty! He never bathed -
Months pass while the weighty bin is jacked up and put on wheels, and then one day it moves out of town!
Phooey! Hoot! Duckburg **hates me,** and I **hate Duckburg!**
That makes us **even!**
Where are you moving to, Unca Scrooge?
Far away! (Snort!) To where I can't even **see** Duckburg!
I've chosen a site beyond the **Tulebug River!**
Oh, oh!
That means you'll have to take this money bin across that **high bridge,** Unca Scrooge!
CHUG! CHUG!
$



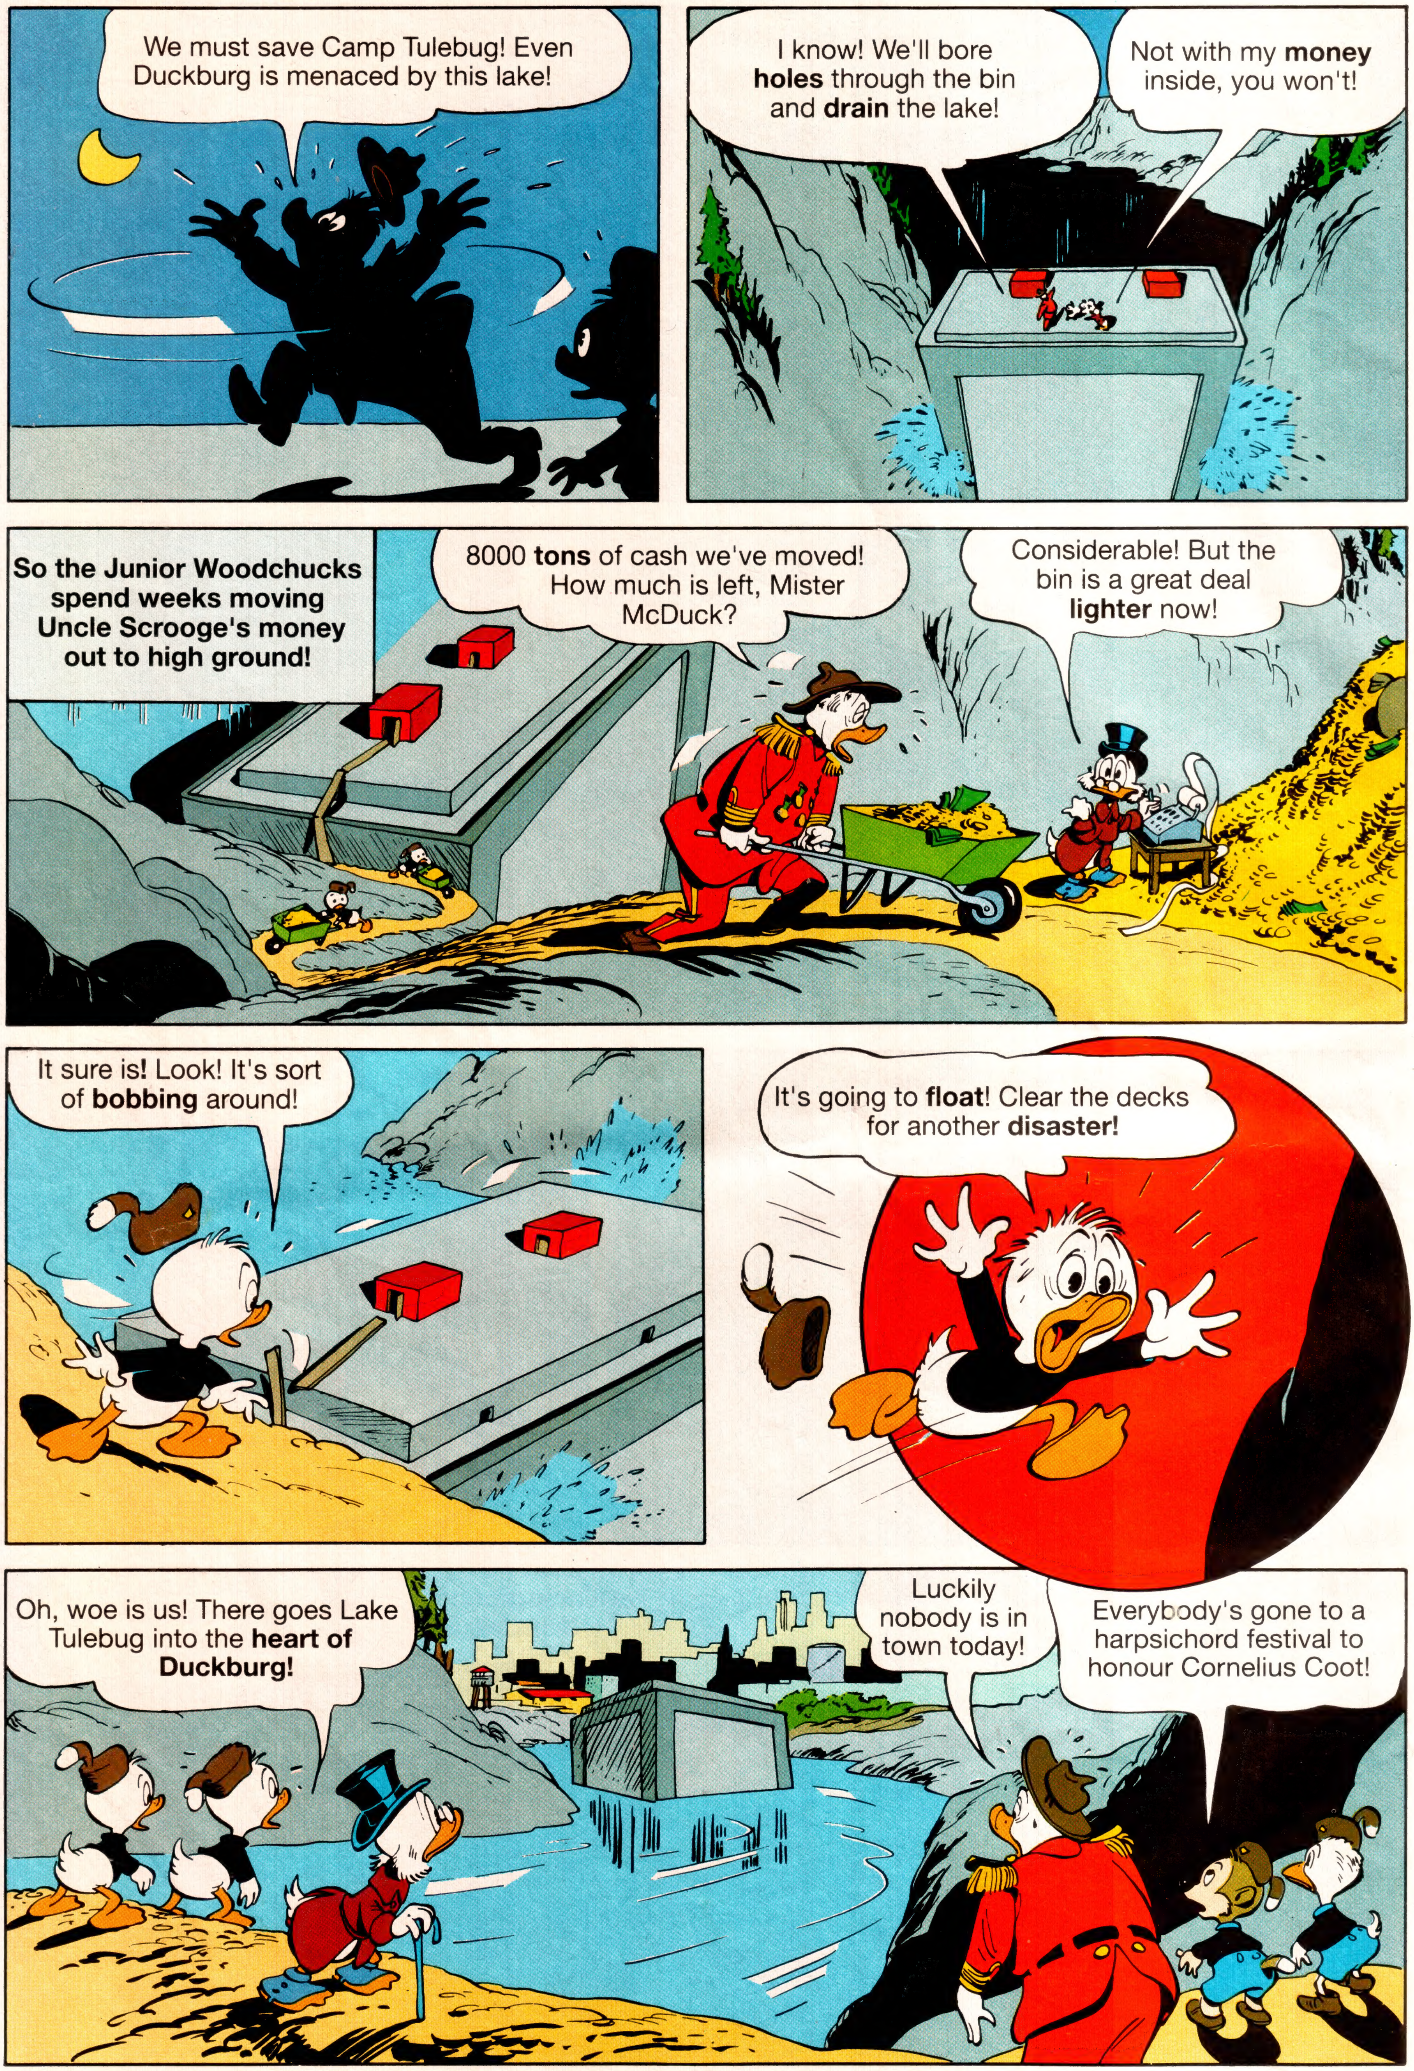
Nothing to worry about, lads! I **measured** the bridge! It's **wide** enough!
$
Y-Yes, Unca Scrooge! But is it **strong** enough?
CREAK! CRONK!
CRACK! POP!
Nope!
CROONK!



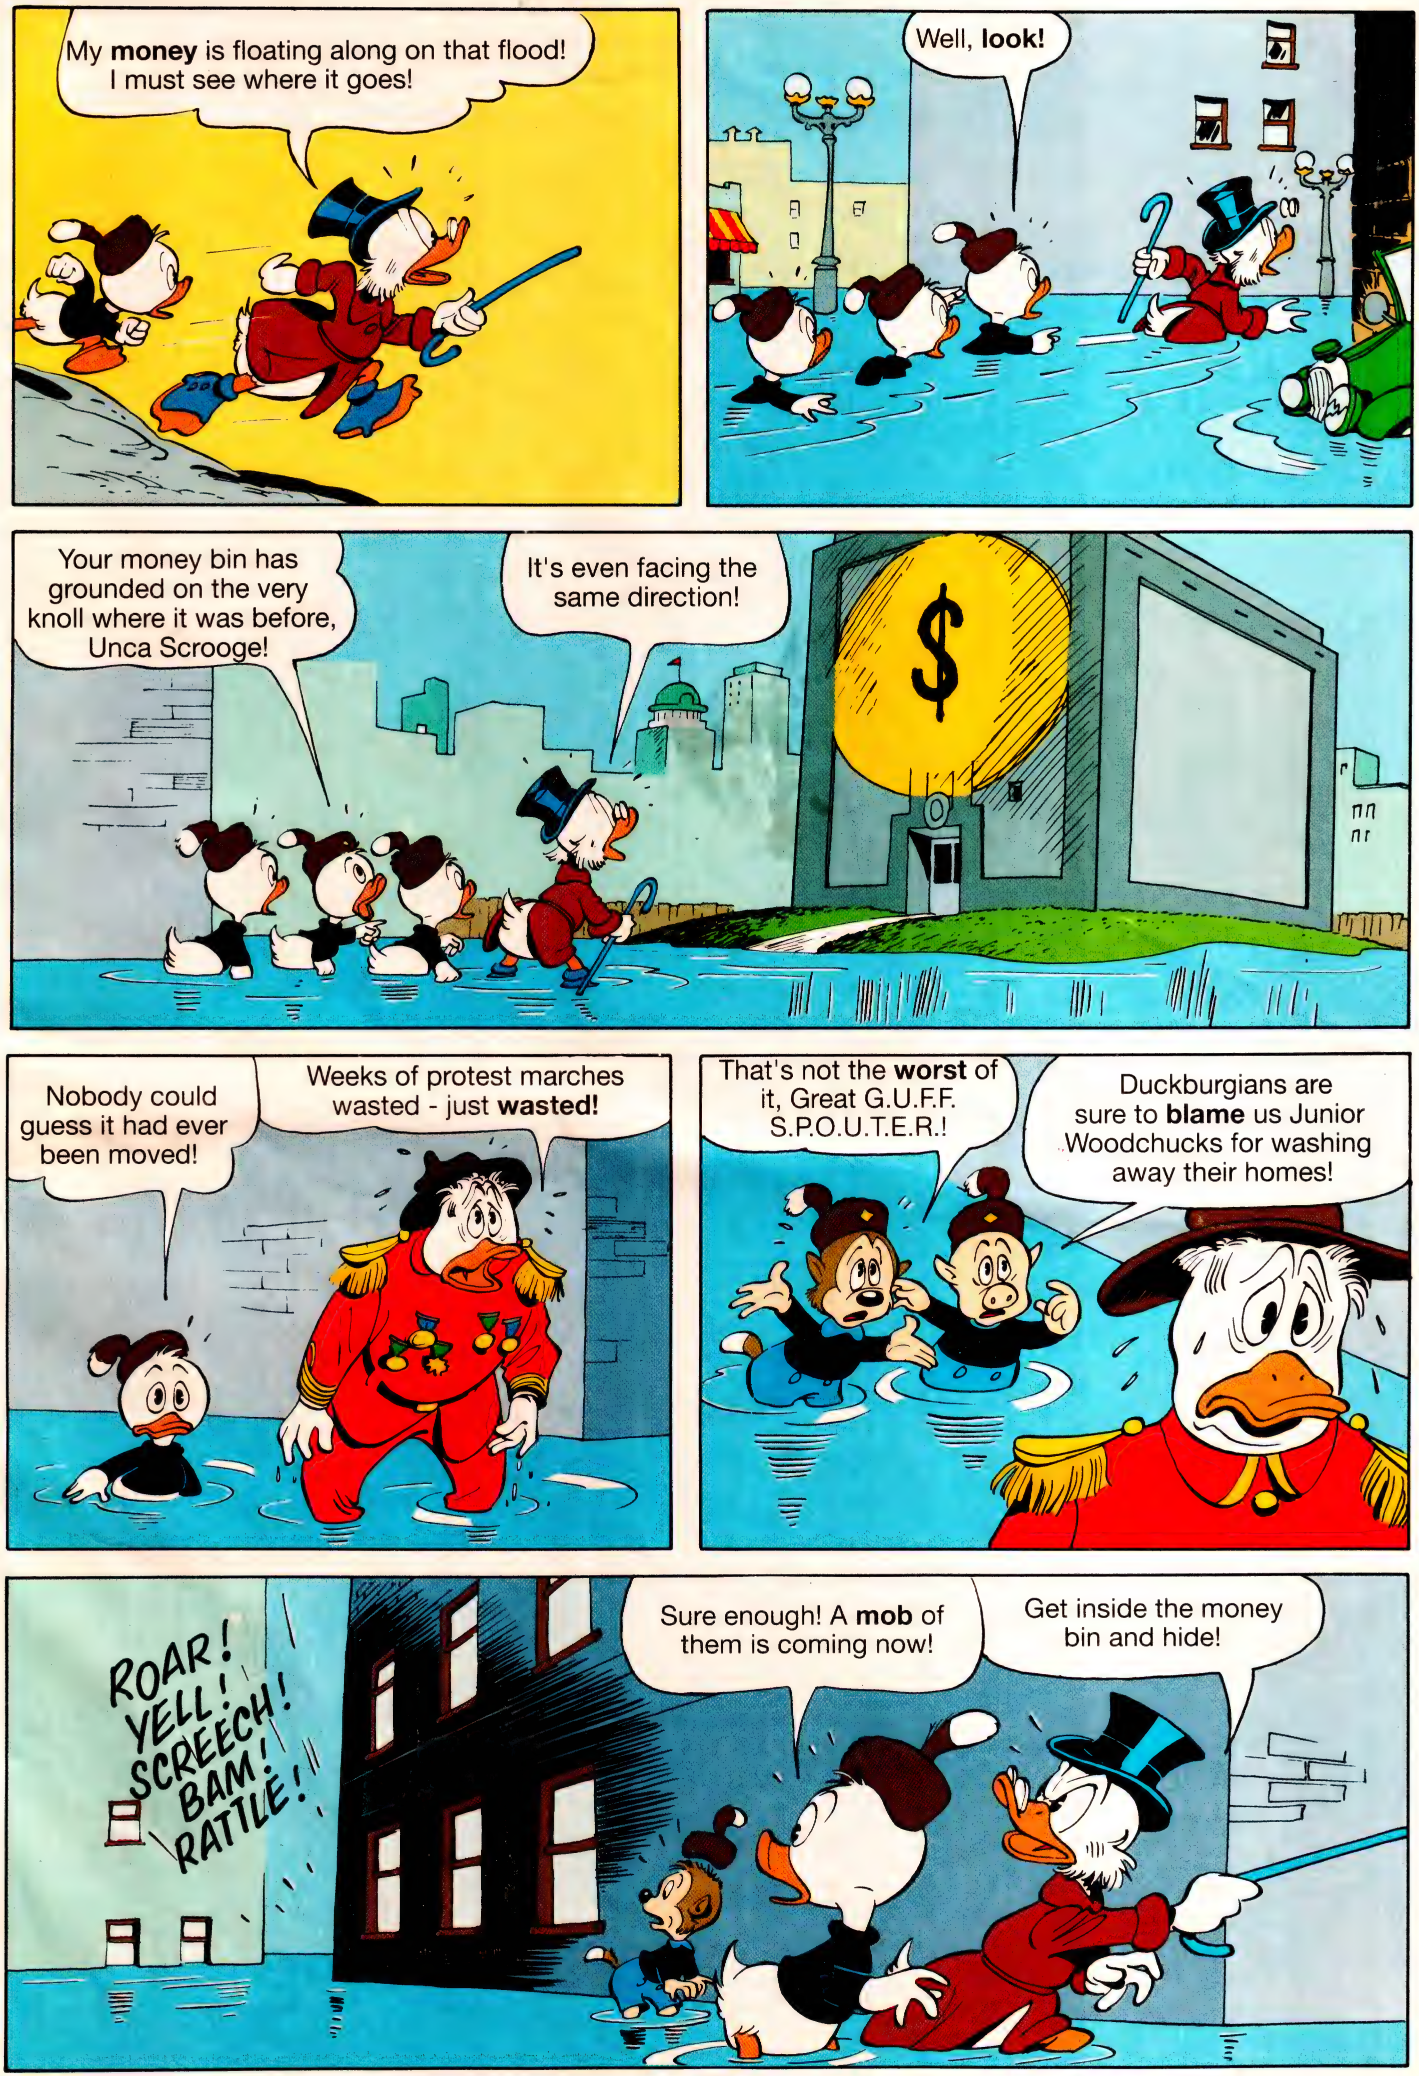
Oh, my gracious goodness! This is a **disaster**, Troopers!
The bin is **jammed** in the canyon like a tight cork!
But it's **McDuck's** disaster, not ours, Troopers! ...Let's go **camping!**
Huey, Dewey and Louie are summoned away from the money bin, and up the river go the Junior Woodchucks!
I hate to leave Unca Scrooge when he's in such **deep trouble**, General Louie!
But orders are orders, General Dewey!
Uncle Scrooge is in deep trouble, but he has an antidote!
I'll **soak** awhile in a soothing **money bath** and all of my troubles will seem trifling!
Up the river!
Lovely, lovely camp Tulebug!
This beautiful site will forever be a heaven for Junior Woodchucks!
Oh, dear! That night!
GLUB!? GLUB!?
?
What happened? My tent is full of **water!**



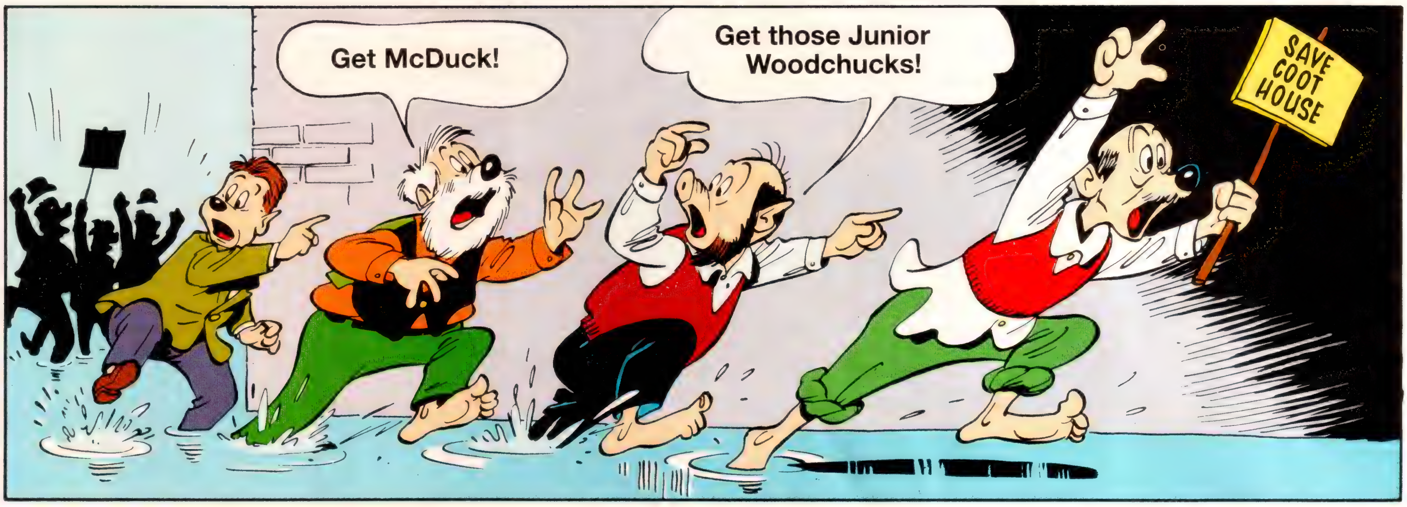
It hasn't **rained!** How come Camp Tulebug is **flooded?**
The river must have risen Great G.U.F.F. S.P.O.U.T.E.R.!
Rivers don't rise without **reason!** Somebody **caused** this calamity!
We'll **find** the guilty party, Great G.U.F.F. S.P.O.U.T.E.R.!
Aha! There's the **culprit!**
McDuck's money bin!
It settled deeper and **dammed** the river!
Unca Scrooge is in danger!
Get out, Unca Scrooge! The water will rise and drown you!
Not in here, lads! This bin is **watertight!**
Look at **that**! The river has backed up for **miles!**
It's flooding our **campground!** This is a **disaster**, Sir!
Sure, sure! But it's **your** disaster, General, not mine!



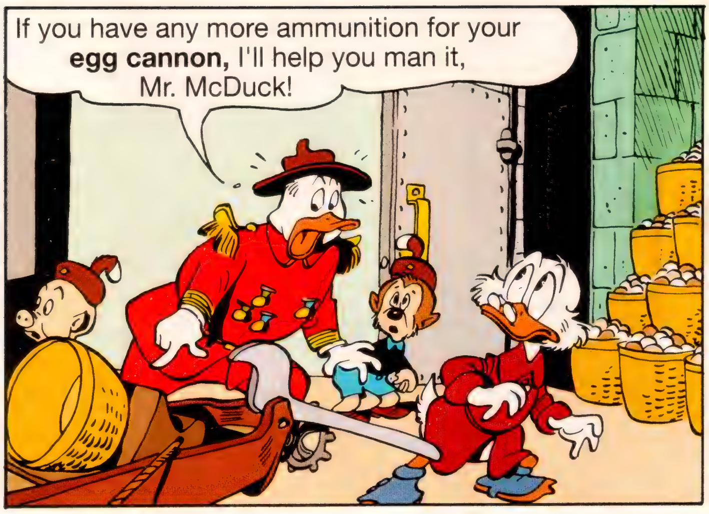
We must save Camp Tulebug! Even Duckburg is menaced by this lake!
I know! We'll bore **holes** through the bin and **drain** the lake!
Not with my **money** inside, you won't!
So the Junior Woodchucks spend weeks moving Uncle Scrooge's money out to high ground!
8000 **tons** of cash we've moved! How much is left, Mister McDuck?
Considerable! But the bin is a great deal **lighter** now!
It sure is**!** Look! It's sort of **bobbing** around!
It's going to **float**! Clear the decks for another **disaster!**
Oh, woe is us! There goes Lake Tulebug into the **heart of Duckburg!**
Luckily nobody is in town today!
Everybody's gone to a harpsichord festival to honour Cornelius Coot!



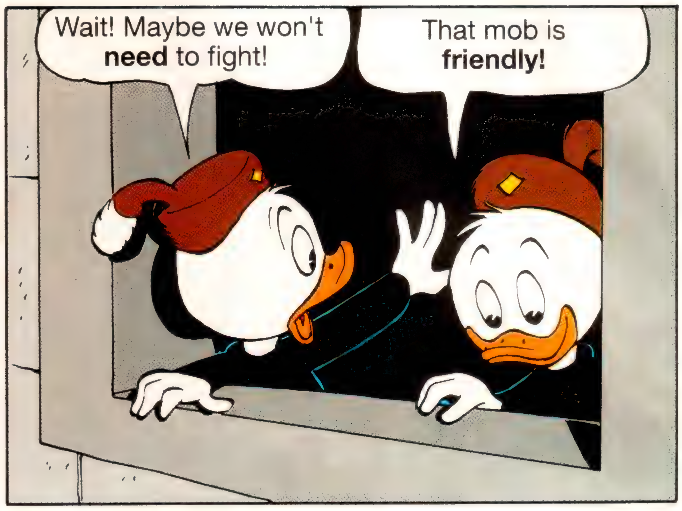
My **money** is floating along on that flood! I must see where it goes!
Well, **look!**
Your money bin has grounded on the very knoll where it was before, Unca Scrooge!
It's even facing the same direction!
Nobody could guess it had ever been moved!
Weeks of protest marches wasted - just **wasted!**
That's not the **worst** of it, Great G.U.F.F. S.P.O.U.T.E.R.!
Duckburgians are sure to **blame** us Junior Woodchucks for washing away their homes!
ROAR! YELL! SCREECH! BAM! RATTLE!
Sure enough! A **mob** of them is coming now!
Get inside the money bin and hide!



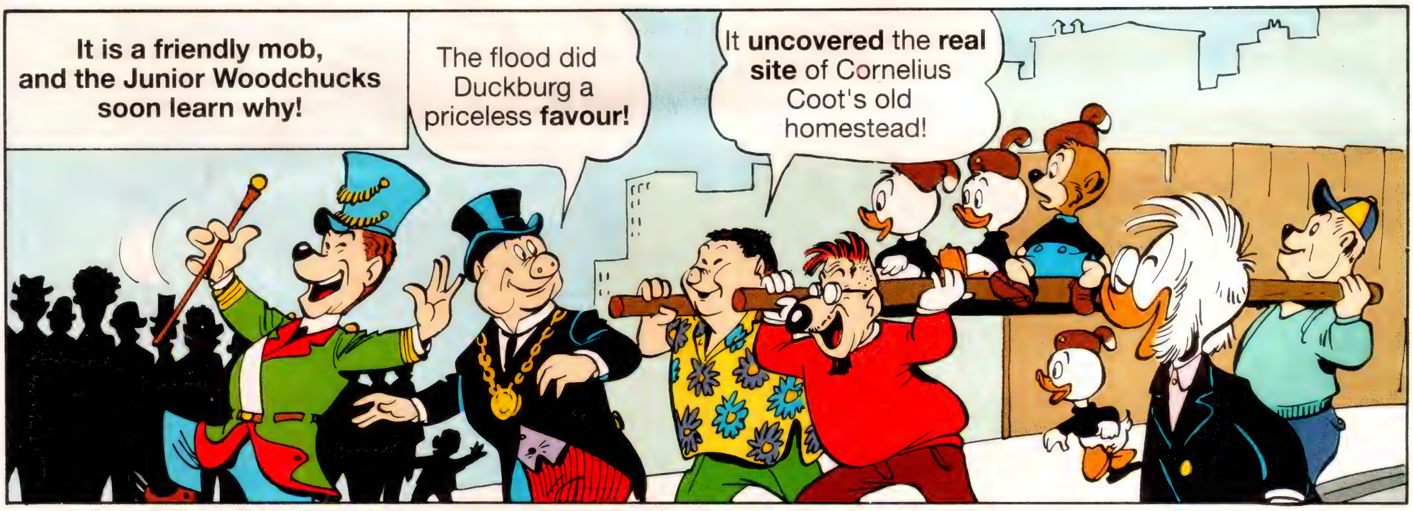
Get McDuck!
Get those Junior Woodchucks!
SAVE COOT HOUSE



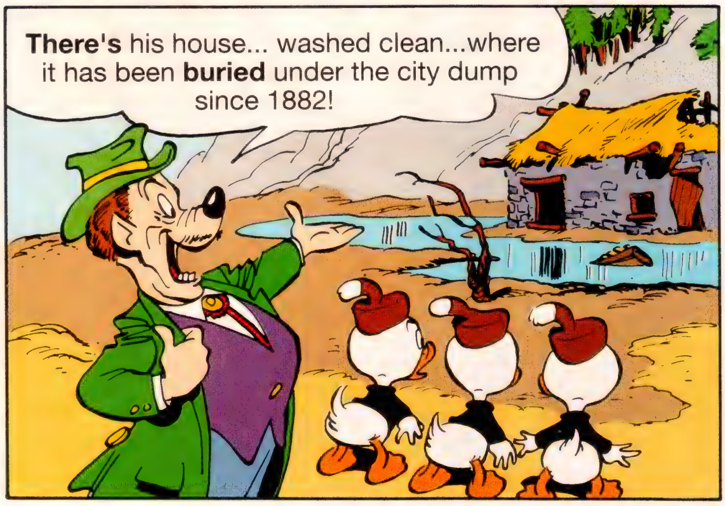
If you have any more ammunition for your **egg cannon,** I'll help you man it, Mr. McDuck!



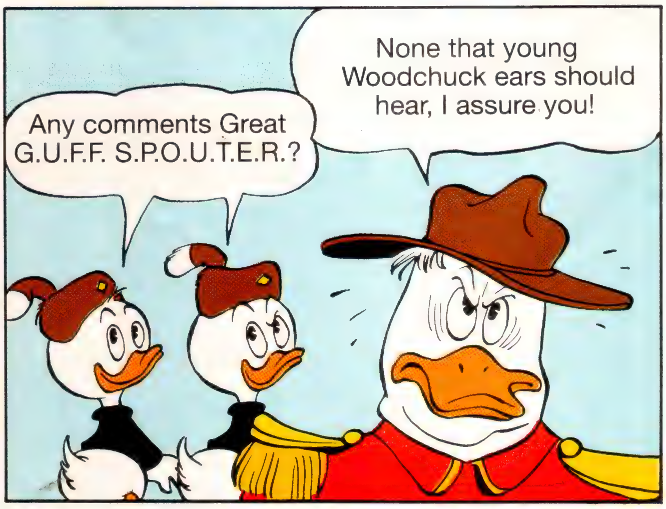
Wait! Maybe we won't **need** to fight!
That mob is **friendly!**



It is a friendly mob, and the Junior Woodchucks soon learn why!
The flood did Duckburg a priceless **favour!**
It **uncovered** the **real site** of Cornelius Coot's old homestead!



There's his house... washed clean...where it has been **buried** under the city dump since 1882!



Any comments Great G.U.F.F. S.P.O.U.T.E.R.?
None that young Woodchuck ears should hear, I assure you!

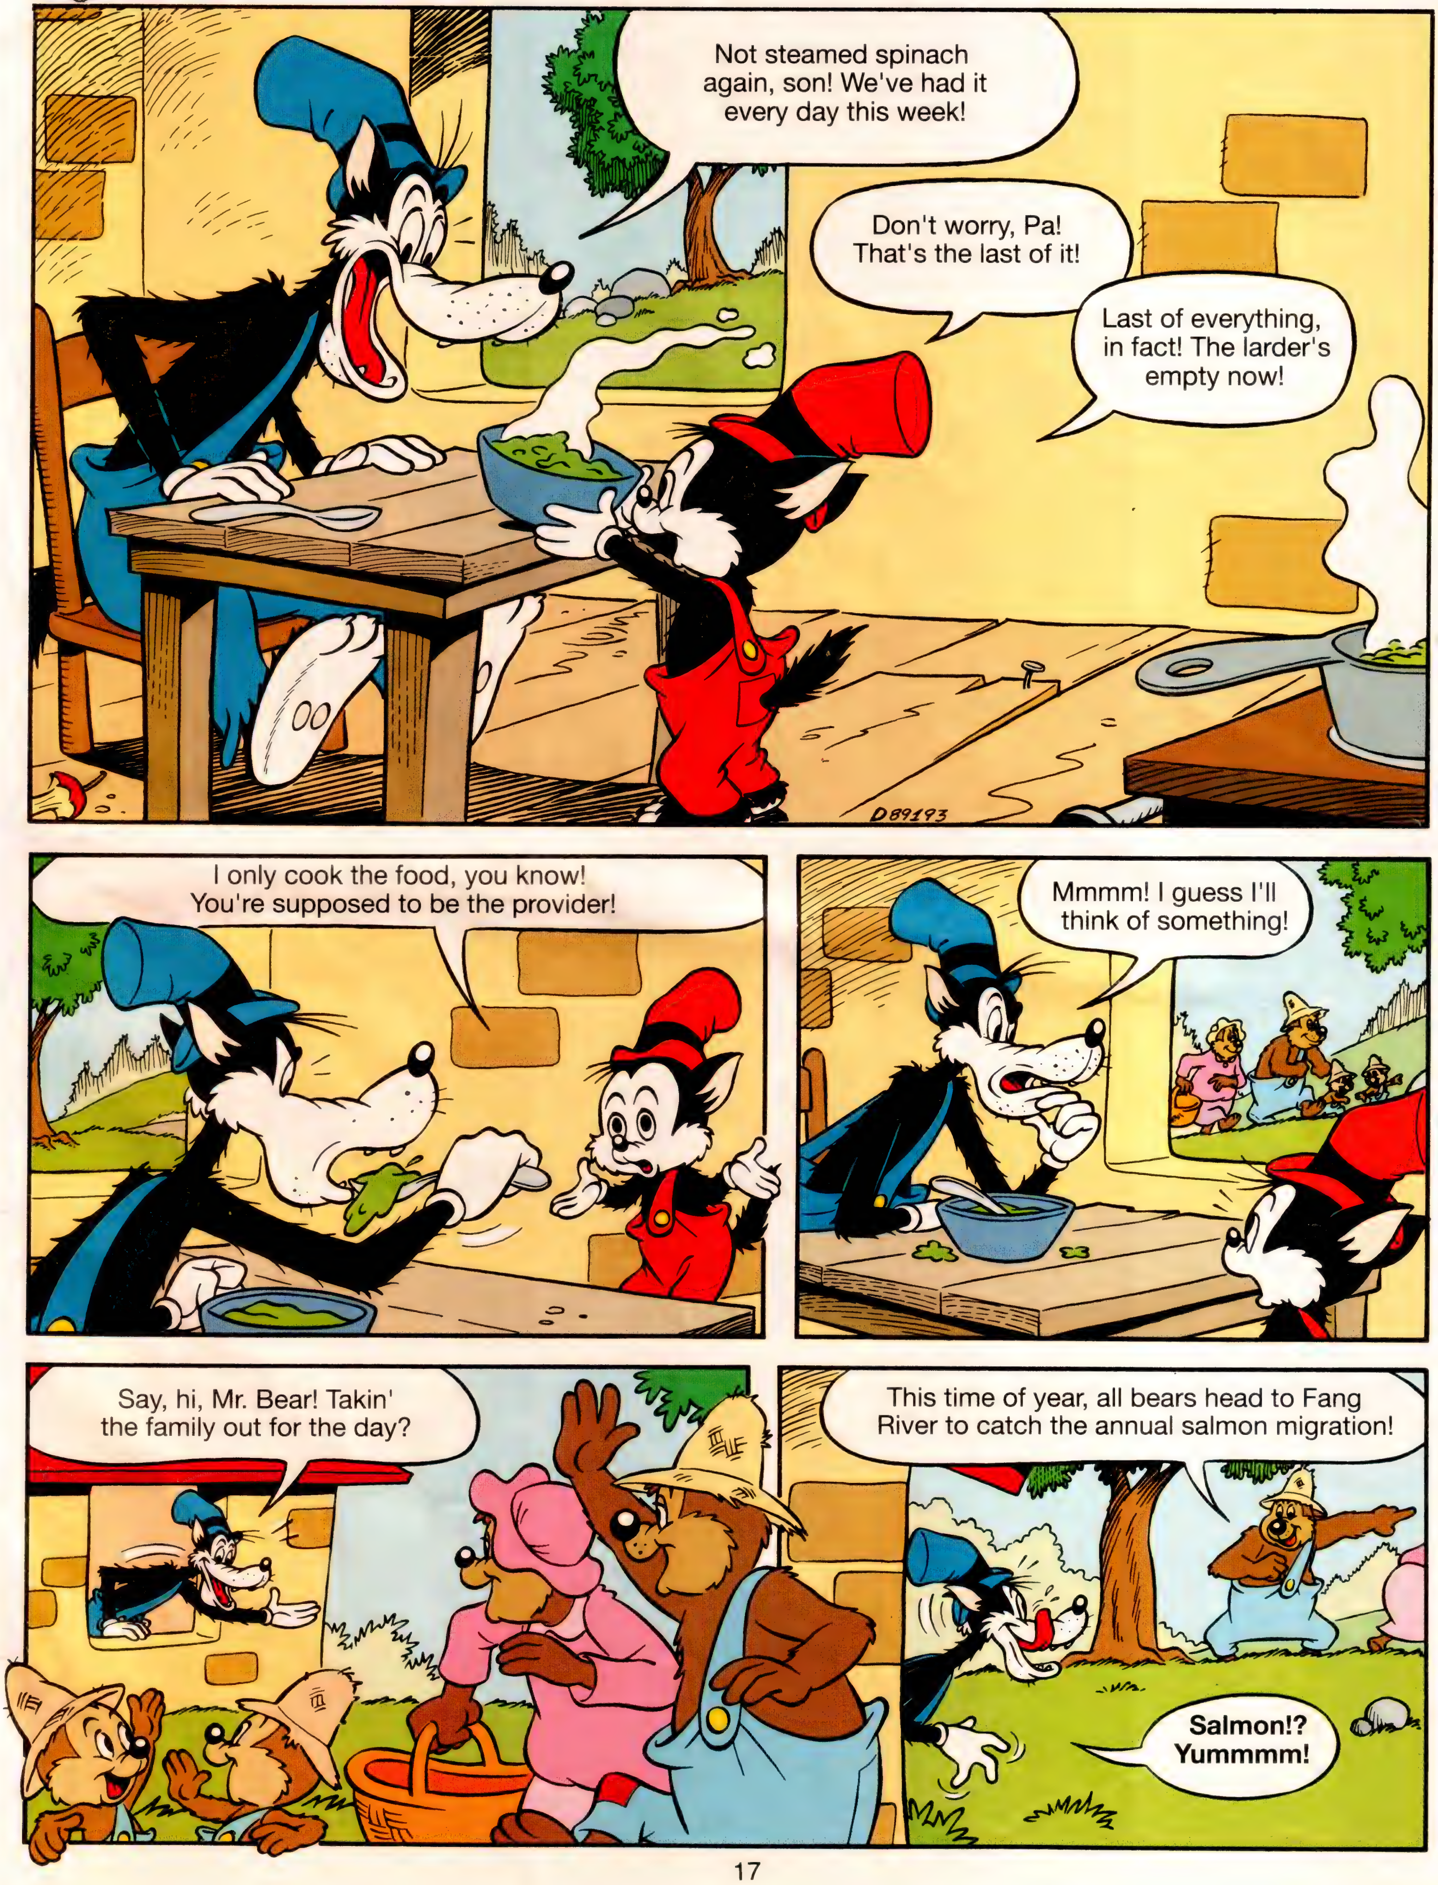
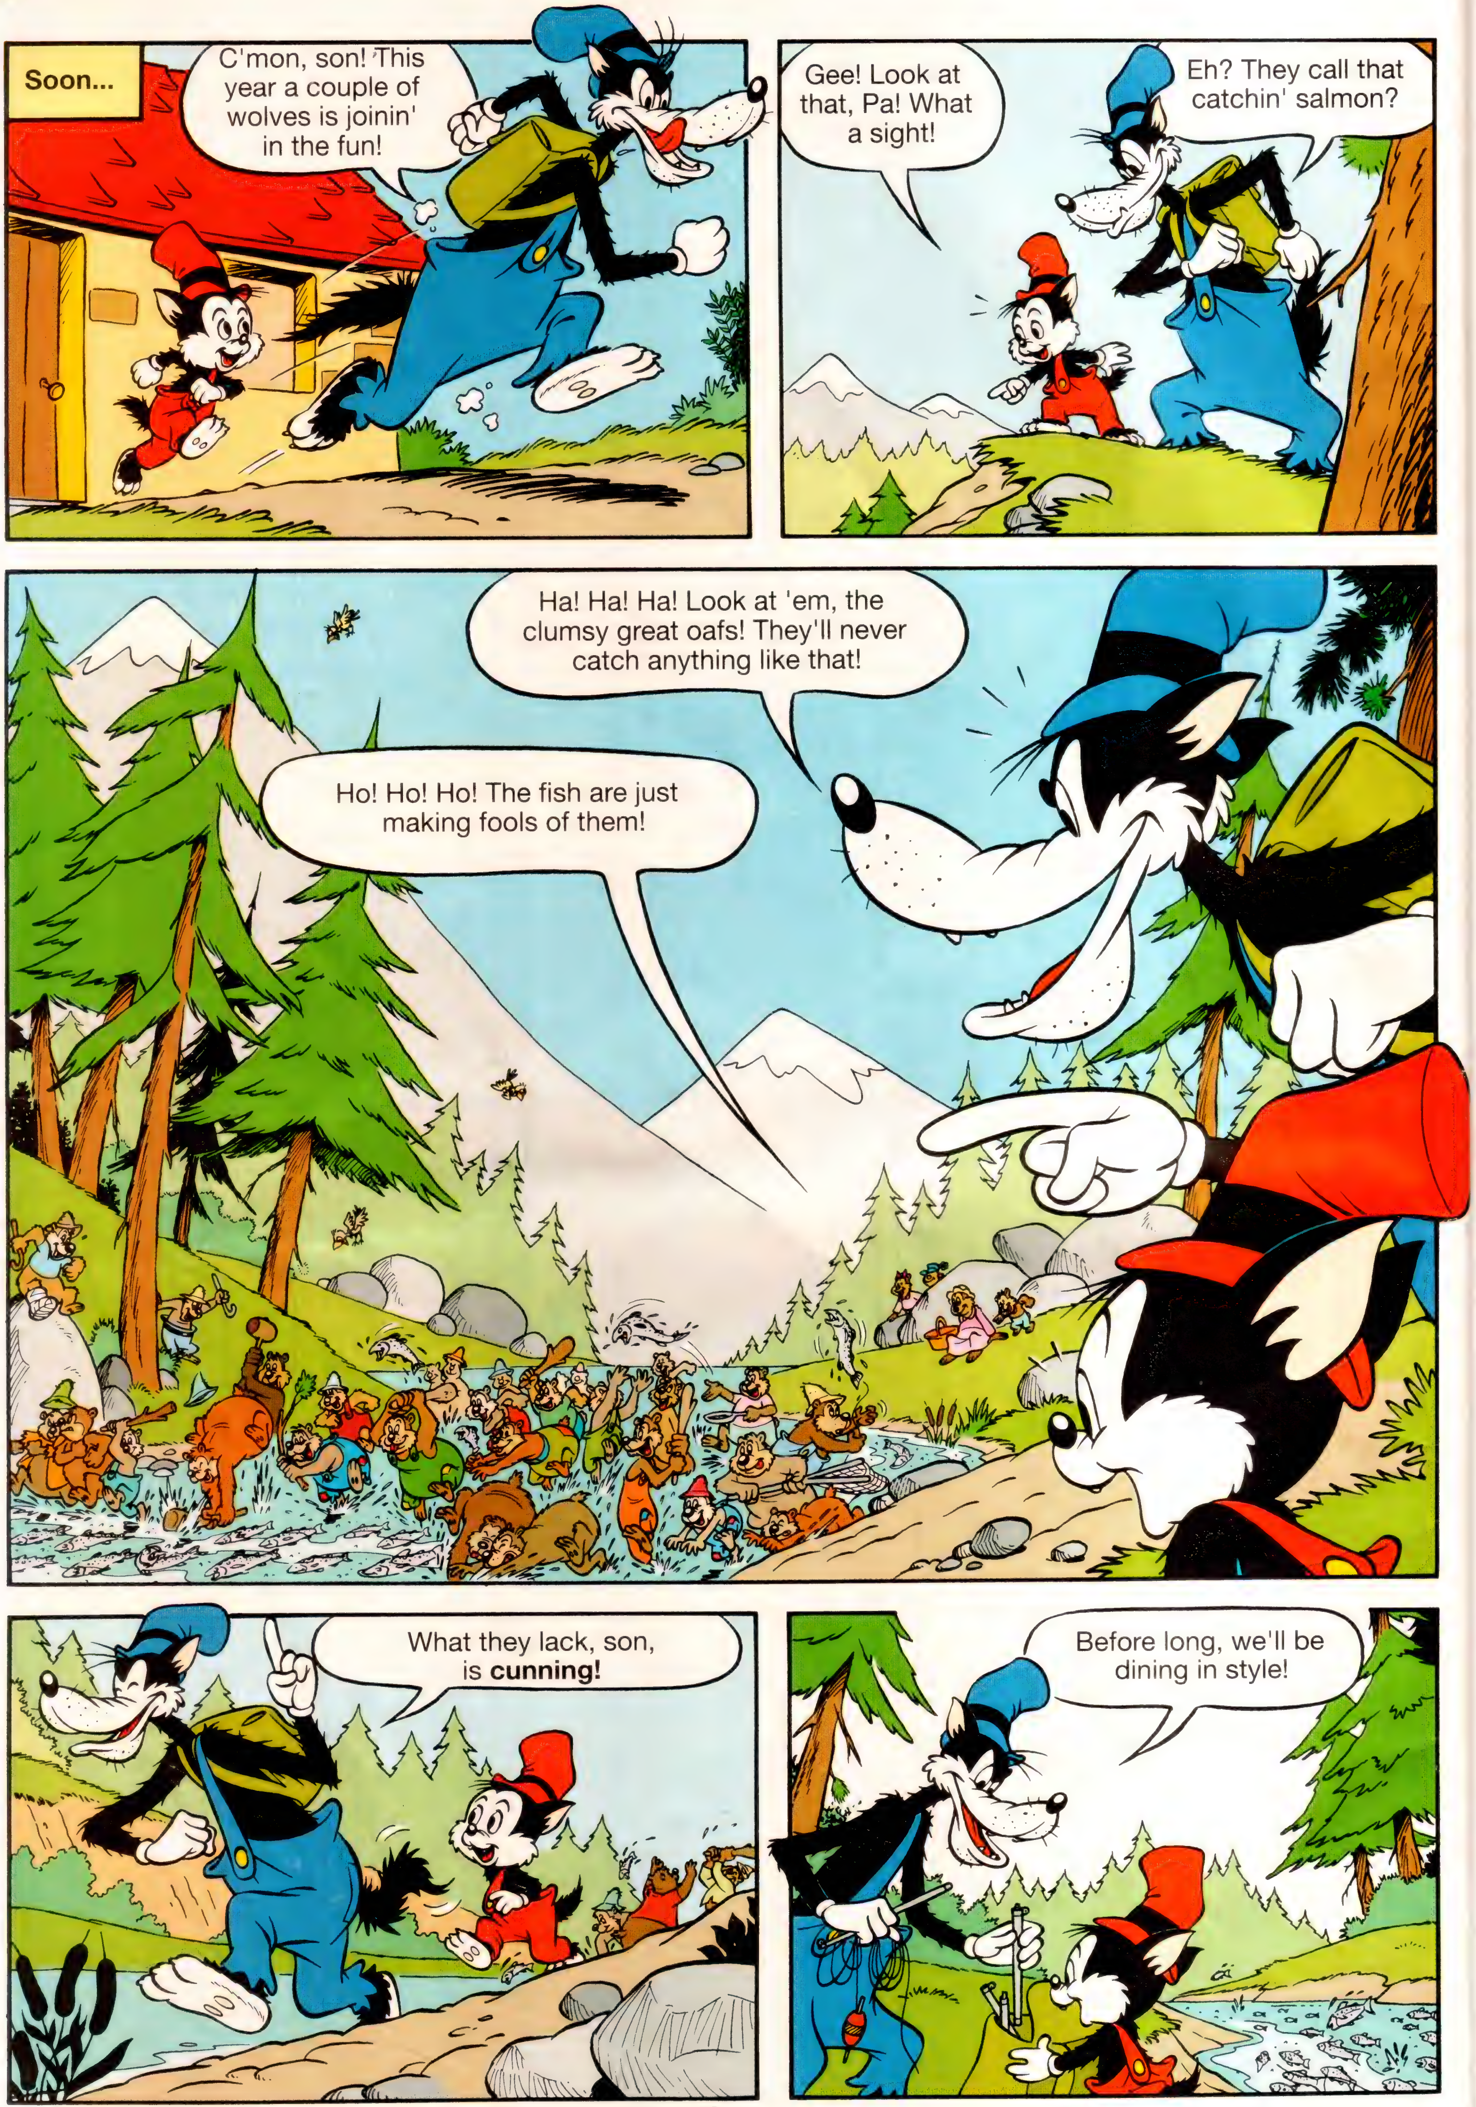
BIG BAD WOLF

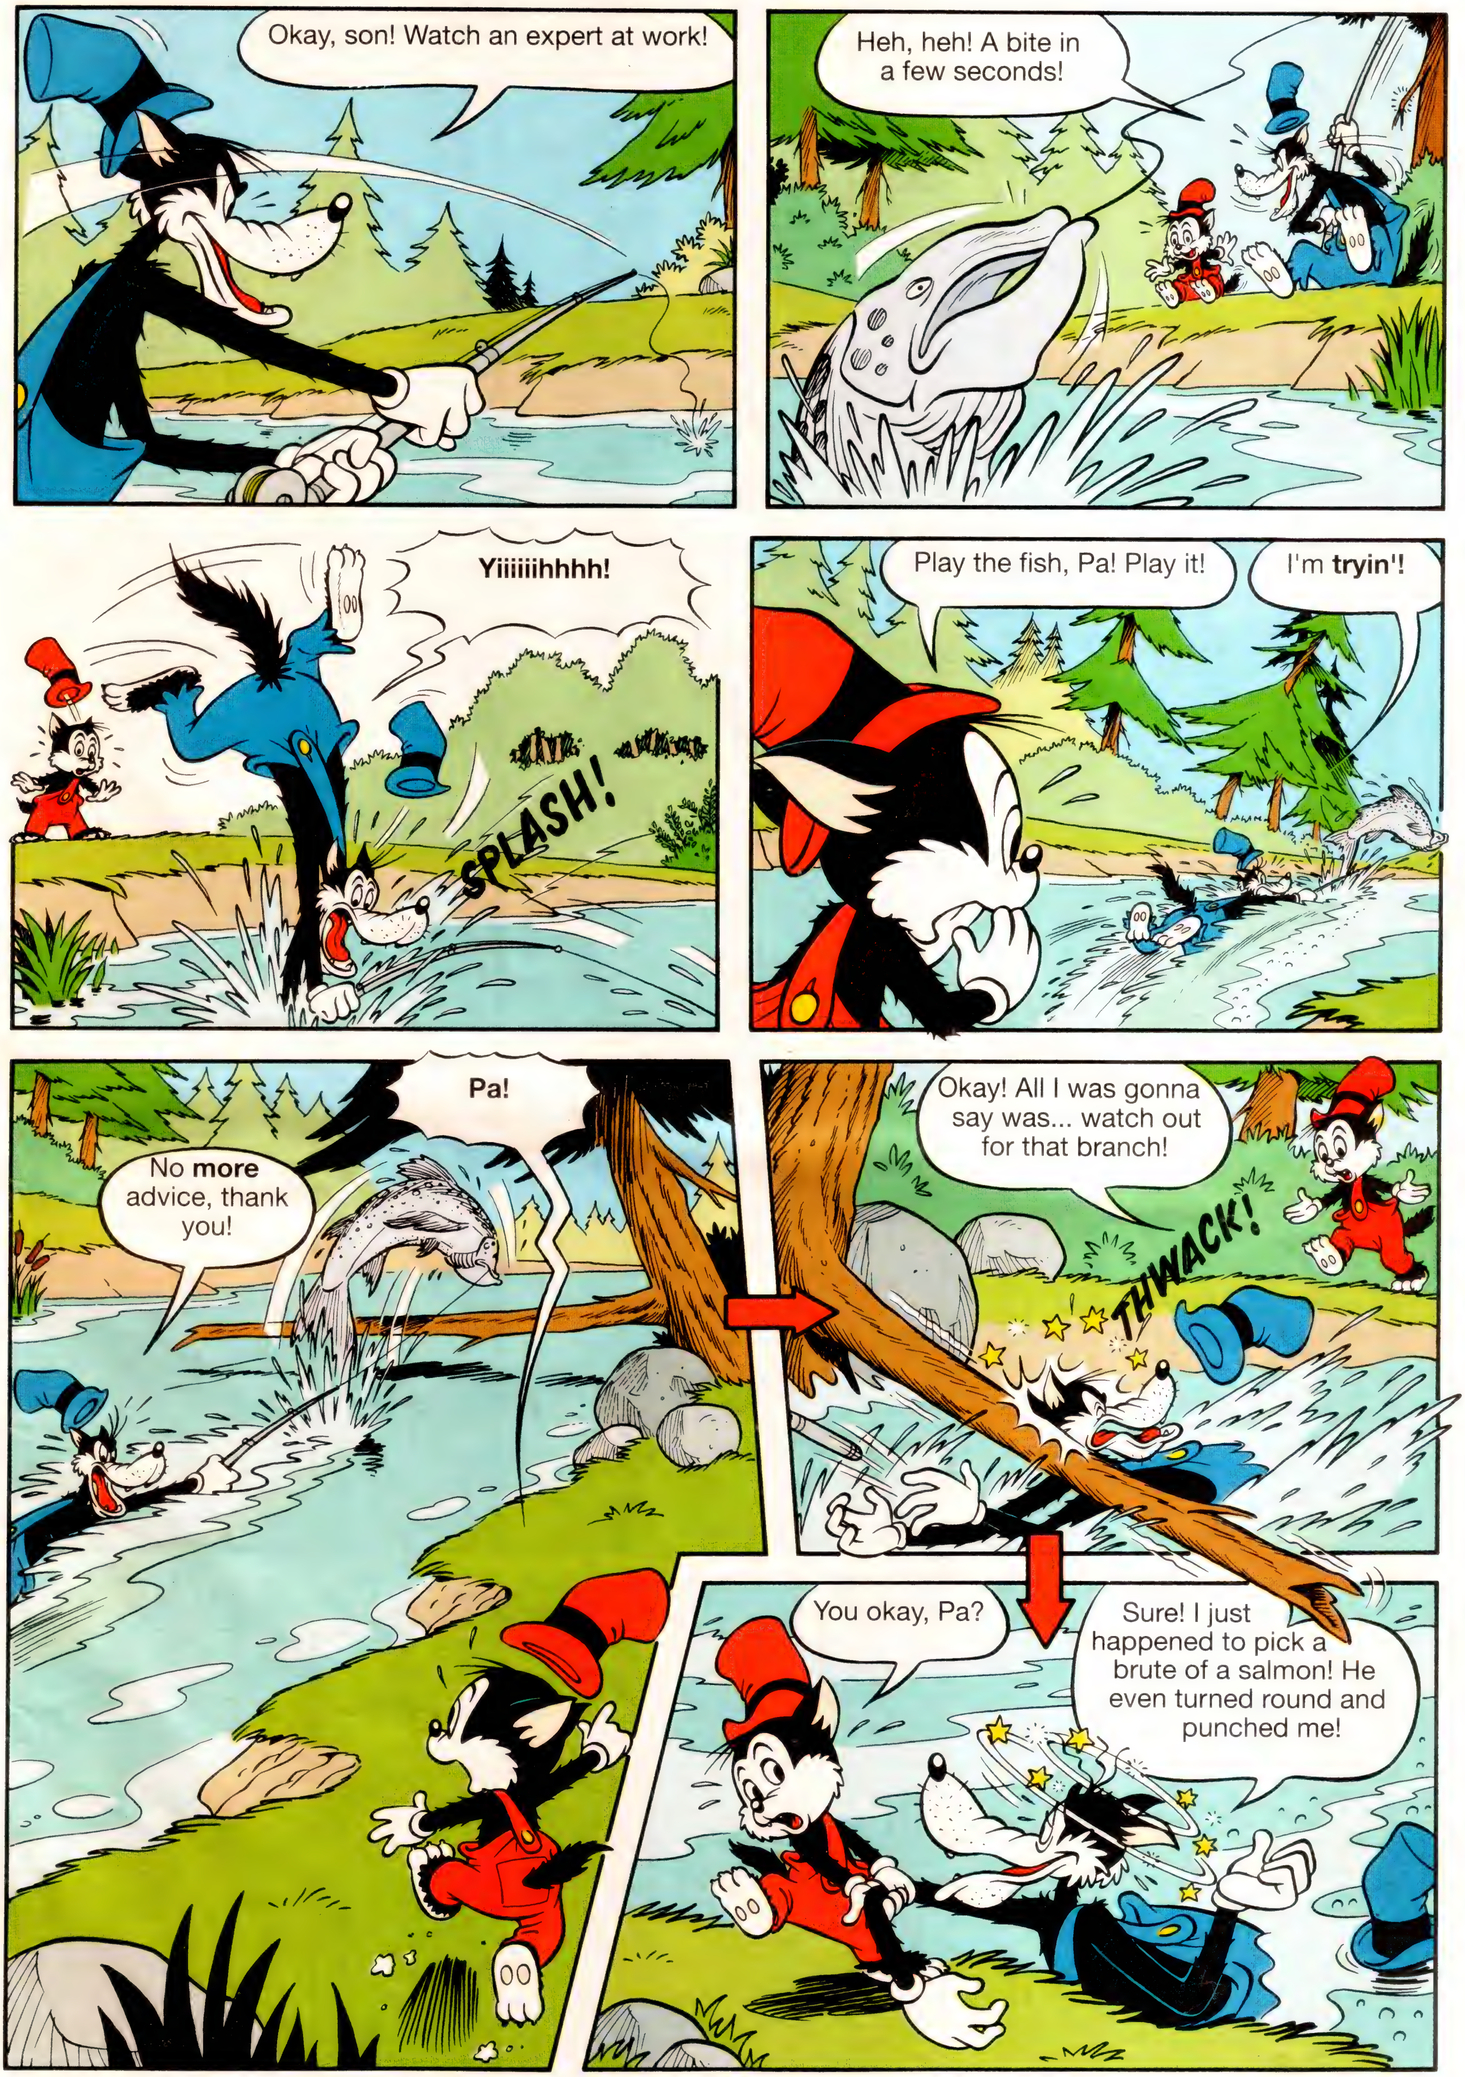
All In A Day's Fishing!



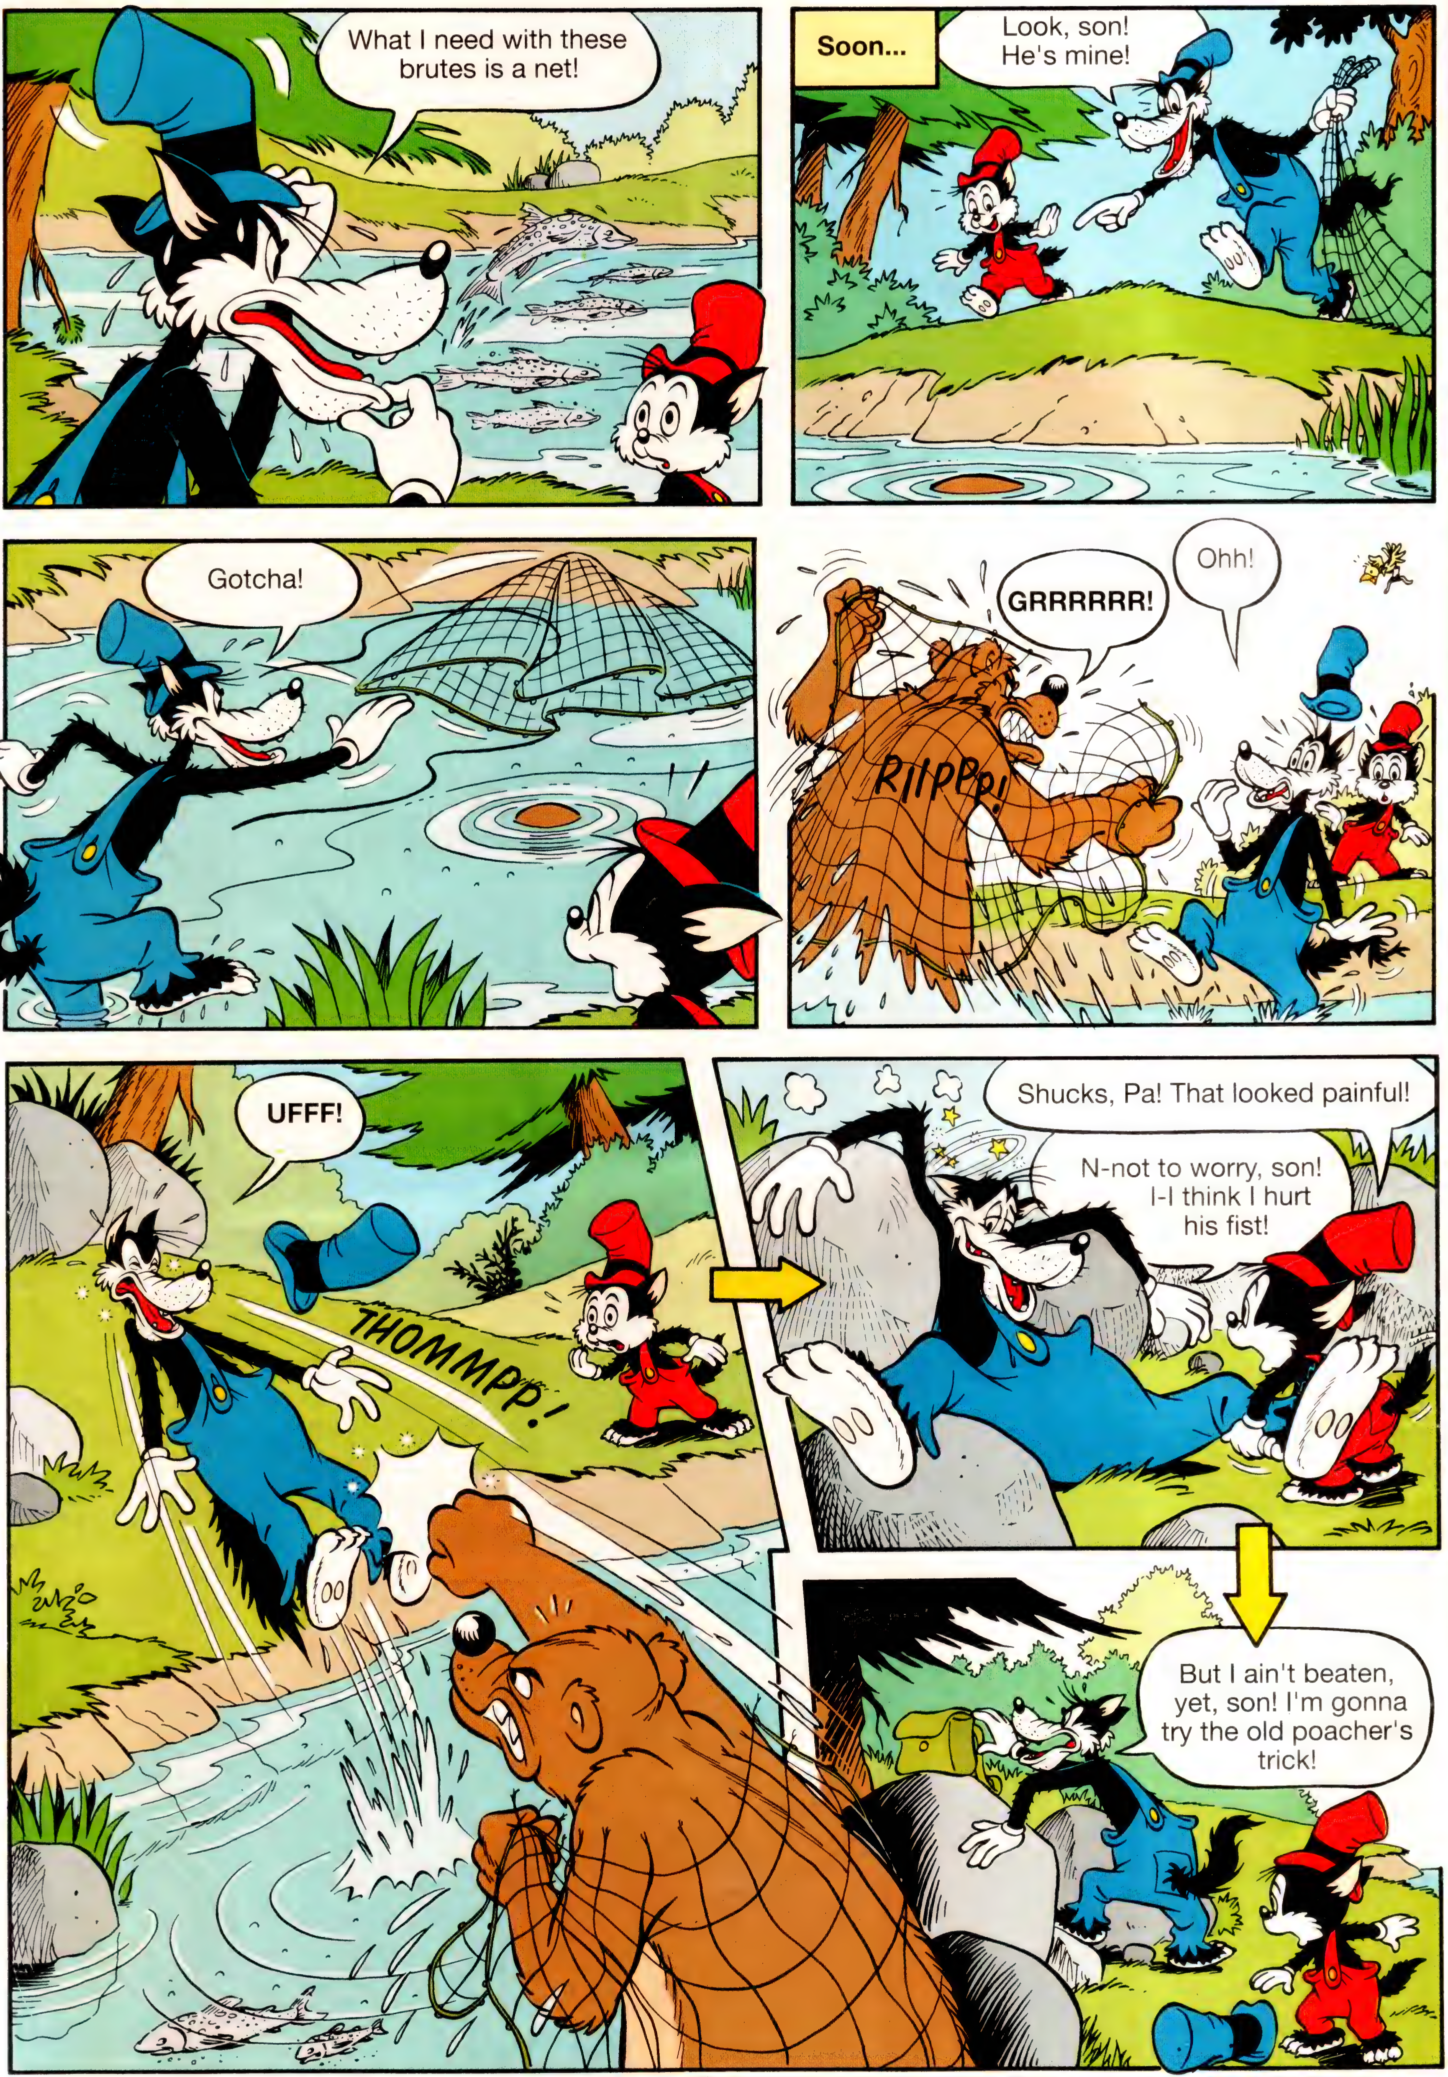
Not steamed spinach again, son! We've had it every day this week!
Don't worry, Pa! That's the last of it!
Last of everything, in fact! The larder's empty now!
D89193
I only cook the food, you know! You're supposed to be the provider!
Mmmm! I guess I'll think of something!
Say, hi, Mr. Bear! Takin' the family out for the day?
This time of year, all bears head to Fang River to catch the annual salmon migration!
Salmon!? Yummmm!



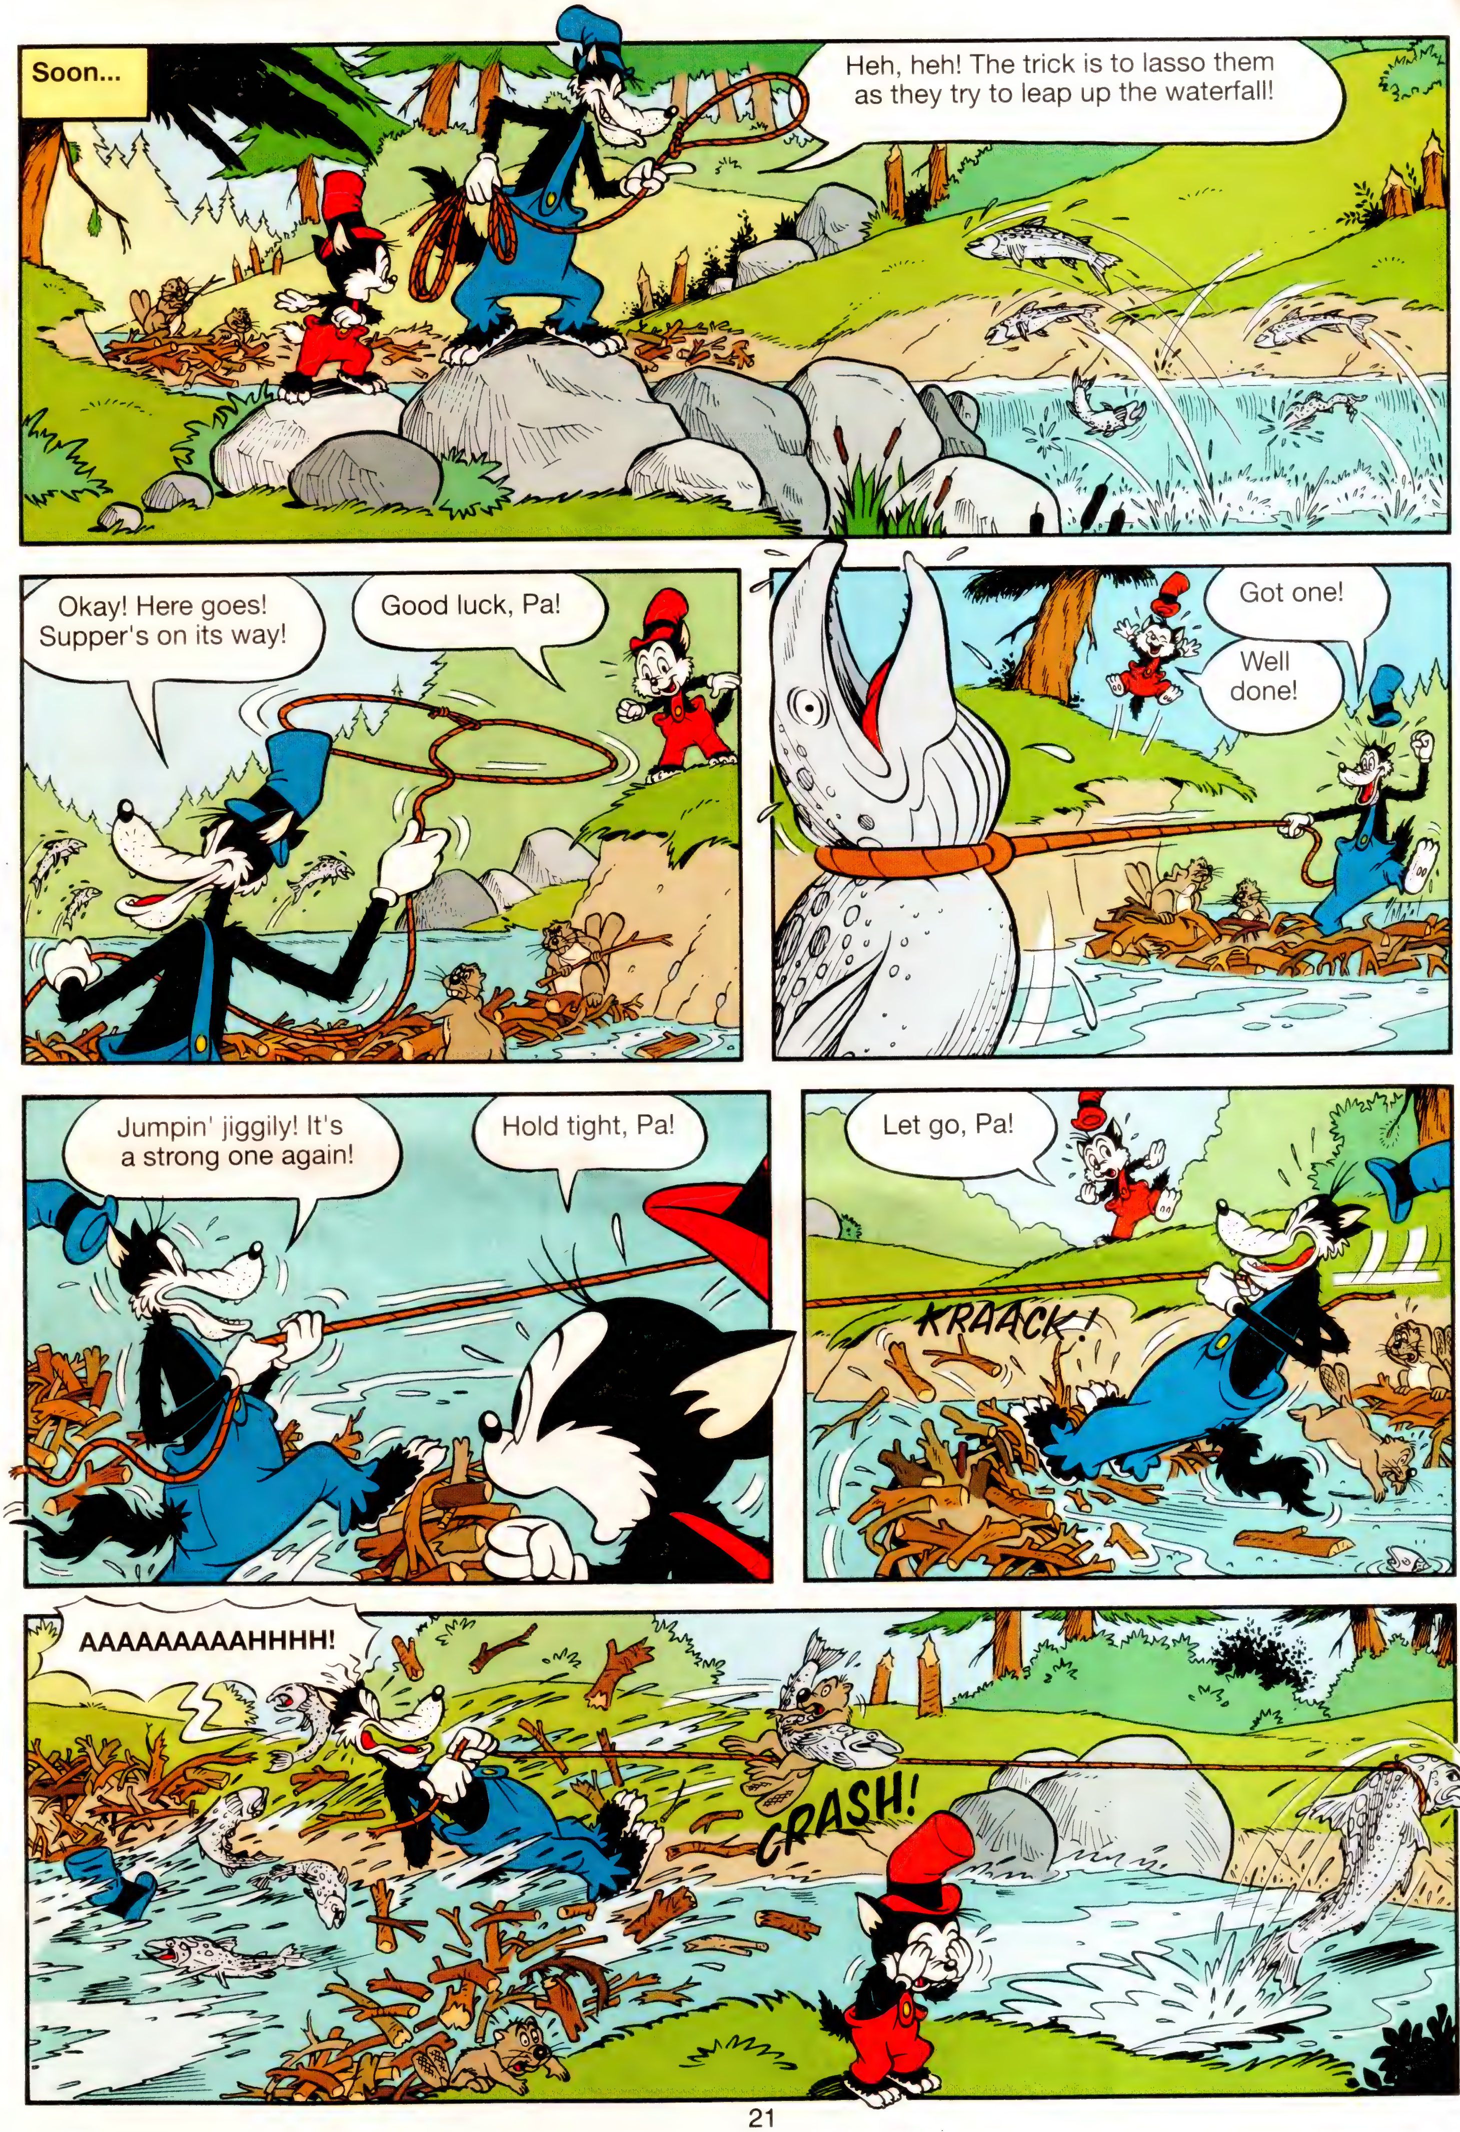
Soon...
C'mon, son! This year a couple of wolves is joinin' in the fun!
Gee! Look at that, Pa! What a sight!
Eh? They call that catchin' salmon?
Ha! Ha! Ha! Look at 'em, the clumsy great oafs! They'll never catch anything like that!
Ho! Ho! Ho! The fish are just making fools of them!
What they lack, son, is **cunning!**
Before long, we'll be dining in style!



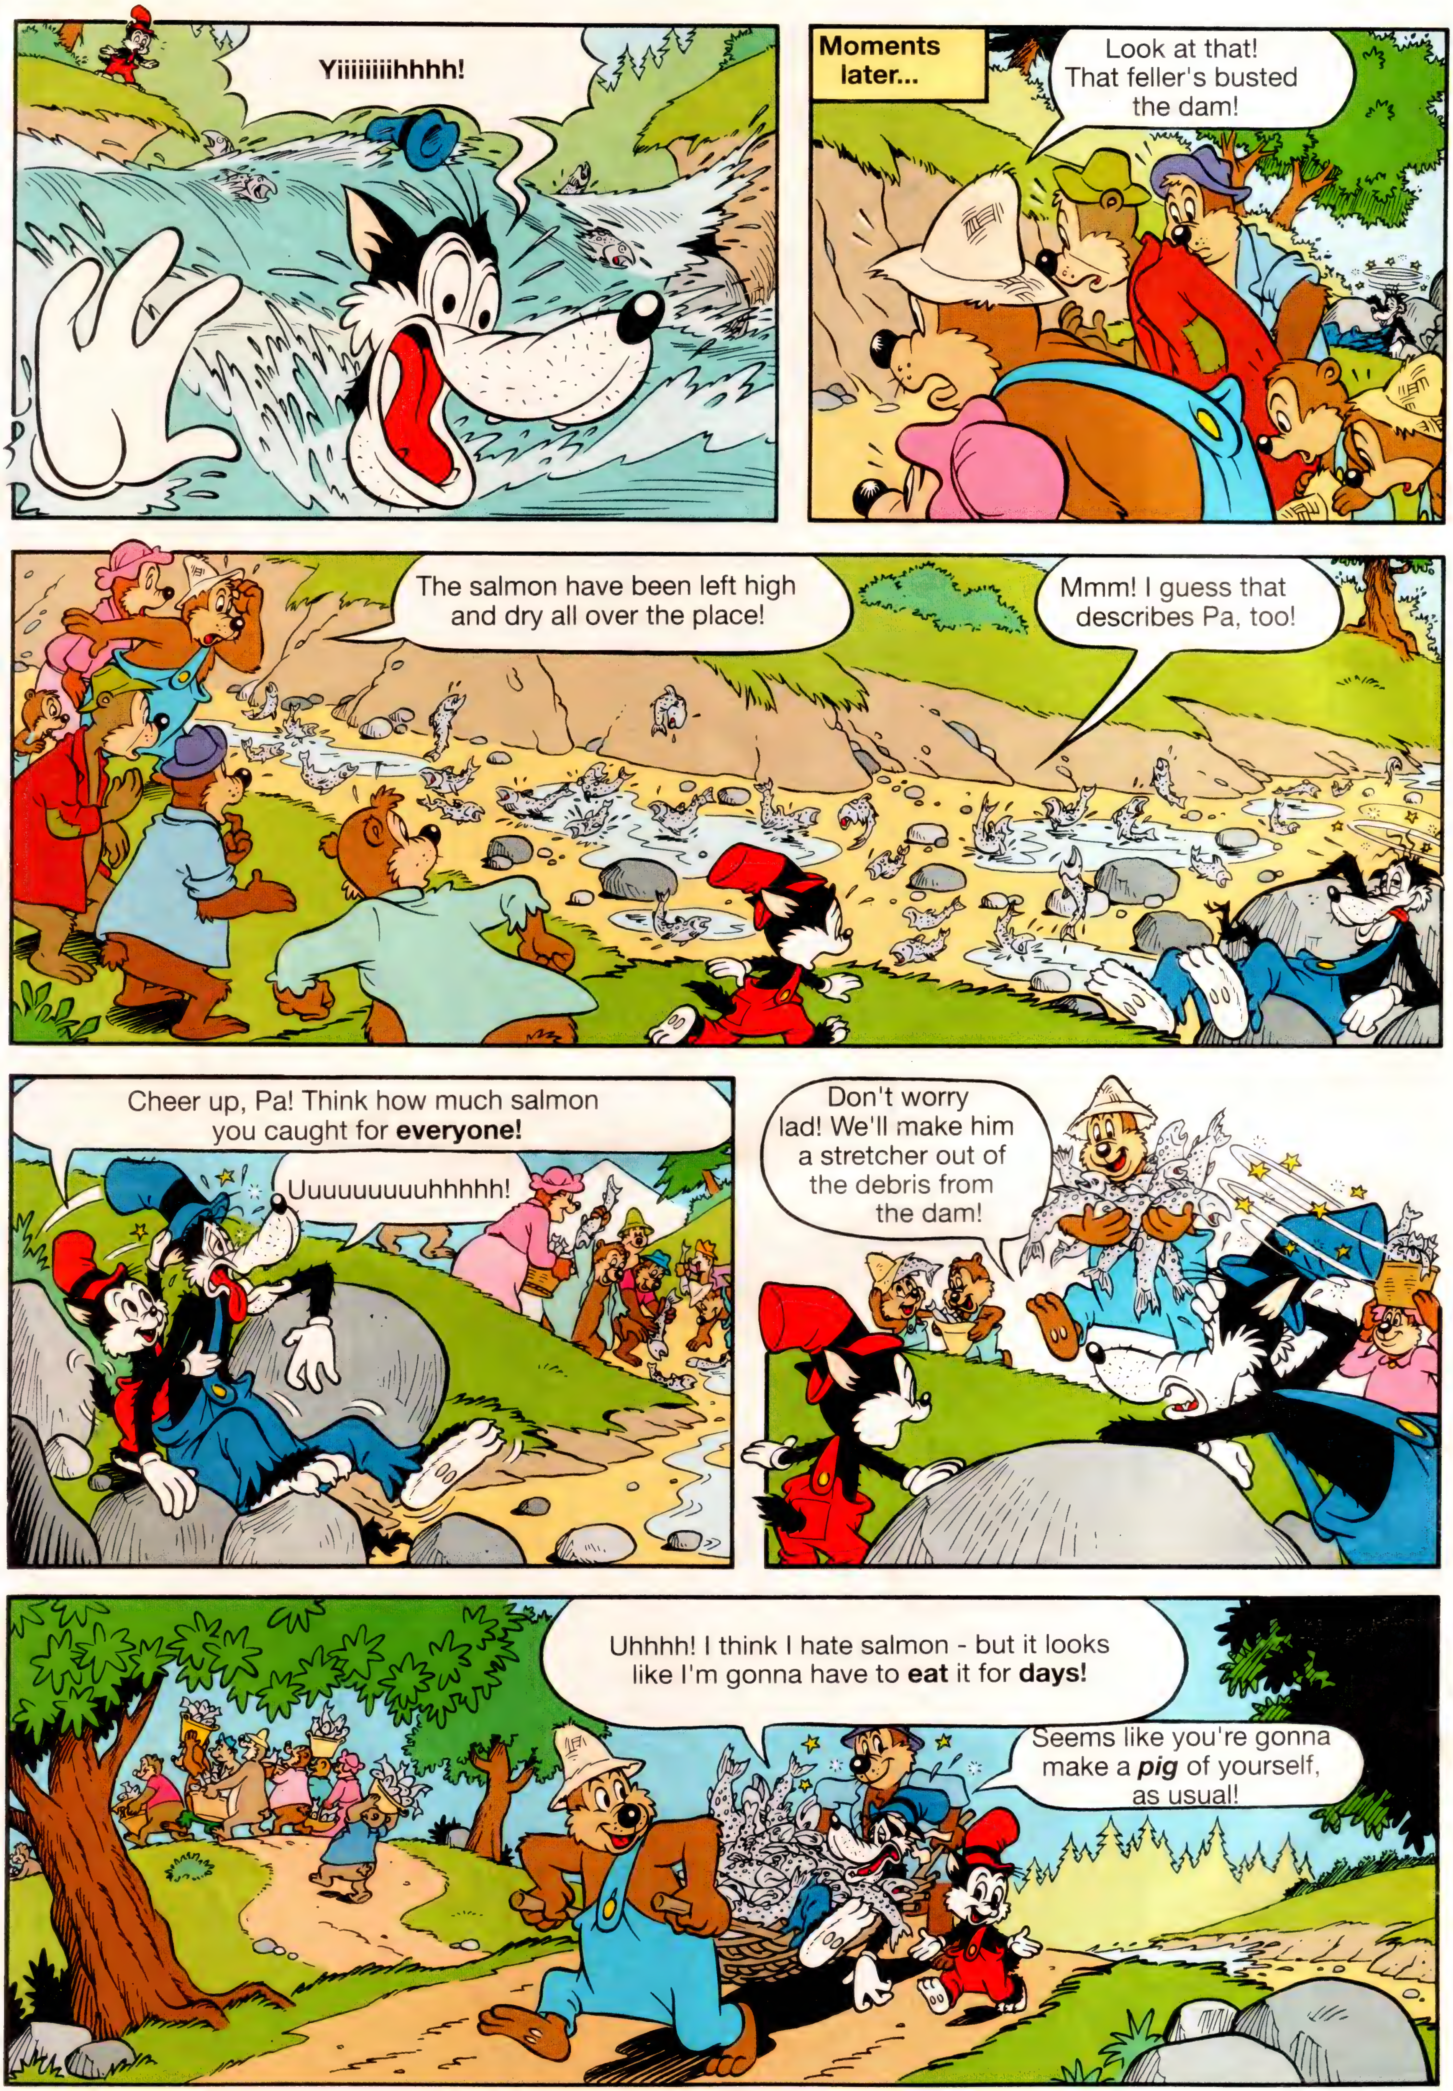
Okay, son! Watch an expert at work!
Heh, heh! A bite in a few seconds!
Yiiiiihhhh!
SPLASH!
Play the fish, Pa! Play it!
I'm **tryin'**!
Pa!
No **more** advice, thank you!
Okay! All I was gonna say was... watch out for that branch!
THWACK!
You okay, Pa?
Sure! I just happened to pick a brute of a salmon! He even turned round and punched me!



What I need with these brutes is a net!
Soon...
Look, son! He's mine!
Gotcha!
GRRRRRR!
Ohh!
RIIPPP!
UFFF!
THOMMPP!
Shucks, Pa! That looked painful!
N-not to worry, son! I-I think I hurt his fist!
But I ain't beaten, yet, son! I'm gonna try the old poacher's trick!



Soon...
Heh, heh! The trick is to lasso them as they try to leap up the waterfall!
Okay! Here goes! Supper's on its way!
Good luck, Pa!
Got one!
Well done!
Jumpin' jiggily! It's a strong one again!
Hold tight, Pa!
Let go, Pa!
KRAACK!
AAAAAAAAAHHHH!
CRASH!



Yiiiiiiihhhh!
Moments later...
Look at that! That feller's busted the dam!
The salmon have been left high and dry all over the place!
Mmm! I guess that describes Pa, too!
Cheer up, Pa! Think how much salmon you caught for **everyone!**
Uuuuuuuuuhhhhh!
Don't worry lad! We'll make him a stretcher out of the debris from the dam!
Uhhhh! I think I hate salmon - but it looks like I'm gonna have to **eat** it for **days!**
Seems like you're gonna make a ***pig*** of yourself, as usual!

TEST YOURSELF

ARE YOU GOOD WITH YOUR HANDS?

Are you a fixer, a fudger, or just butter-fingered? This week's quiz will find out all about you!

1 A practical problem comes up - something needs fixing. What do you tend to say?

- Just give me the tools and consider the job done. ●●●
- It's a bore. Can't you get someone else to do it? ●●

2 When you go out and buy someone a present...

- ...I try to get the shop to gift wrap it. ●
- ...I buy some colourful wrapping paper and make it look really nice. ●●●

3 The Christmas tree needs decorating or the Easter eggs need painting to make them look good. How do you rate?

- I'm not much good at that. ●
- It's fun. I like doing that sort of thing. ●●●

4 If you were to learn a new musical instrument, would you practise a lot?

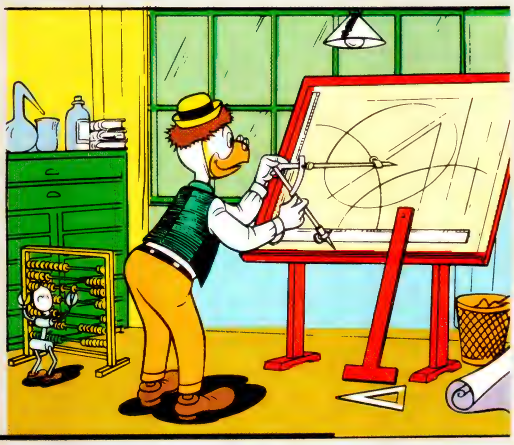
- Yes - I'd like to be really ace! ●●
- No. I'm not that keen, thanks. ●

5 A lamp on your bike is broken. How do you react?

- I'll soon get that going again. ●●●
- I leave it to a grown-up to fix it for me. ●

6 Gyro Gearloose wants a workshop assistant. Would you apply for the job?

- I sure would! ●●
- No fear! ●



Now add up the number of red circles you scored for each answer, and check out your rating below.

7 to 9 points

Whatever you do, keep away from the tool box! Do-it-yourself is strictly not for you! You're the sort who hires a workman just to bang a nail in the wall! "Everyone to their own job" is your motto - and a lot of people would agree with you!

10 - 12 points.

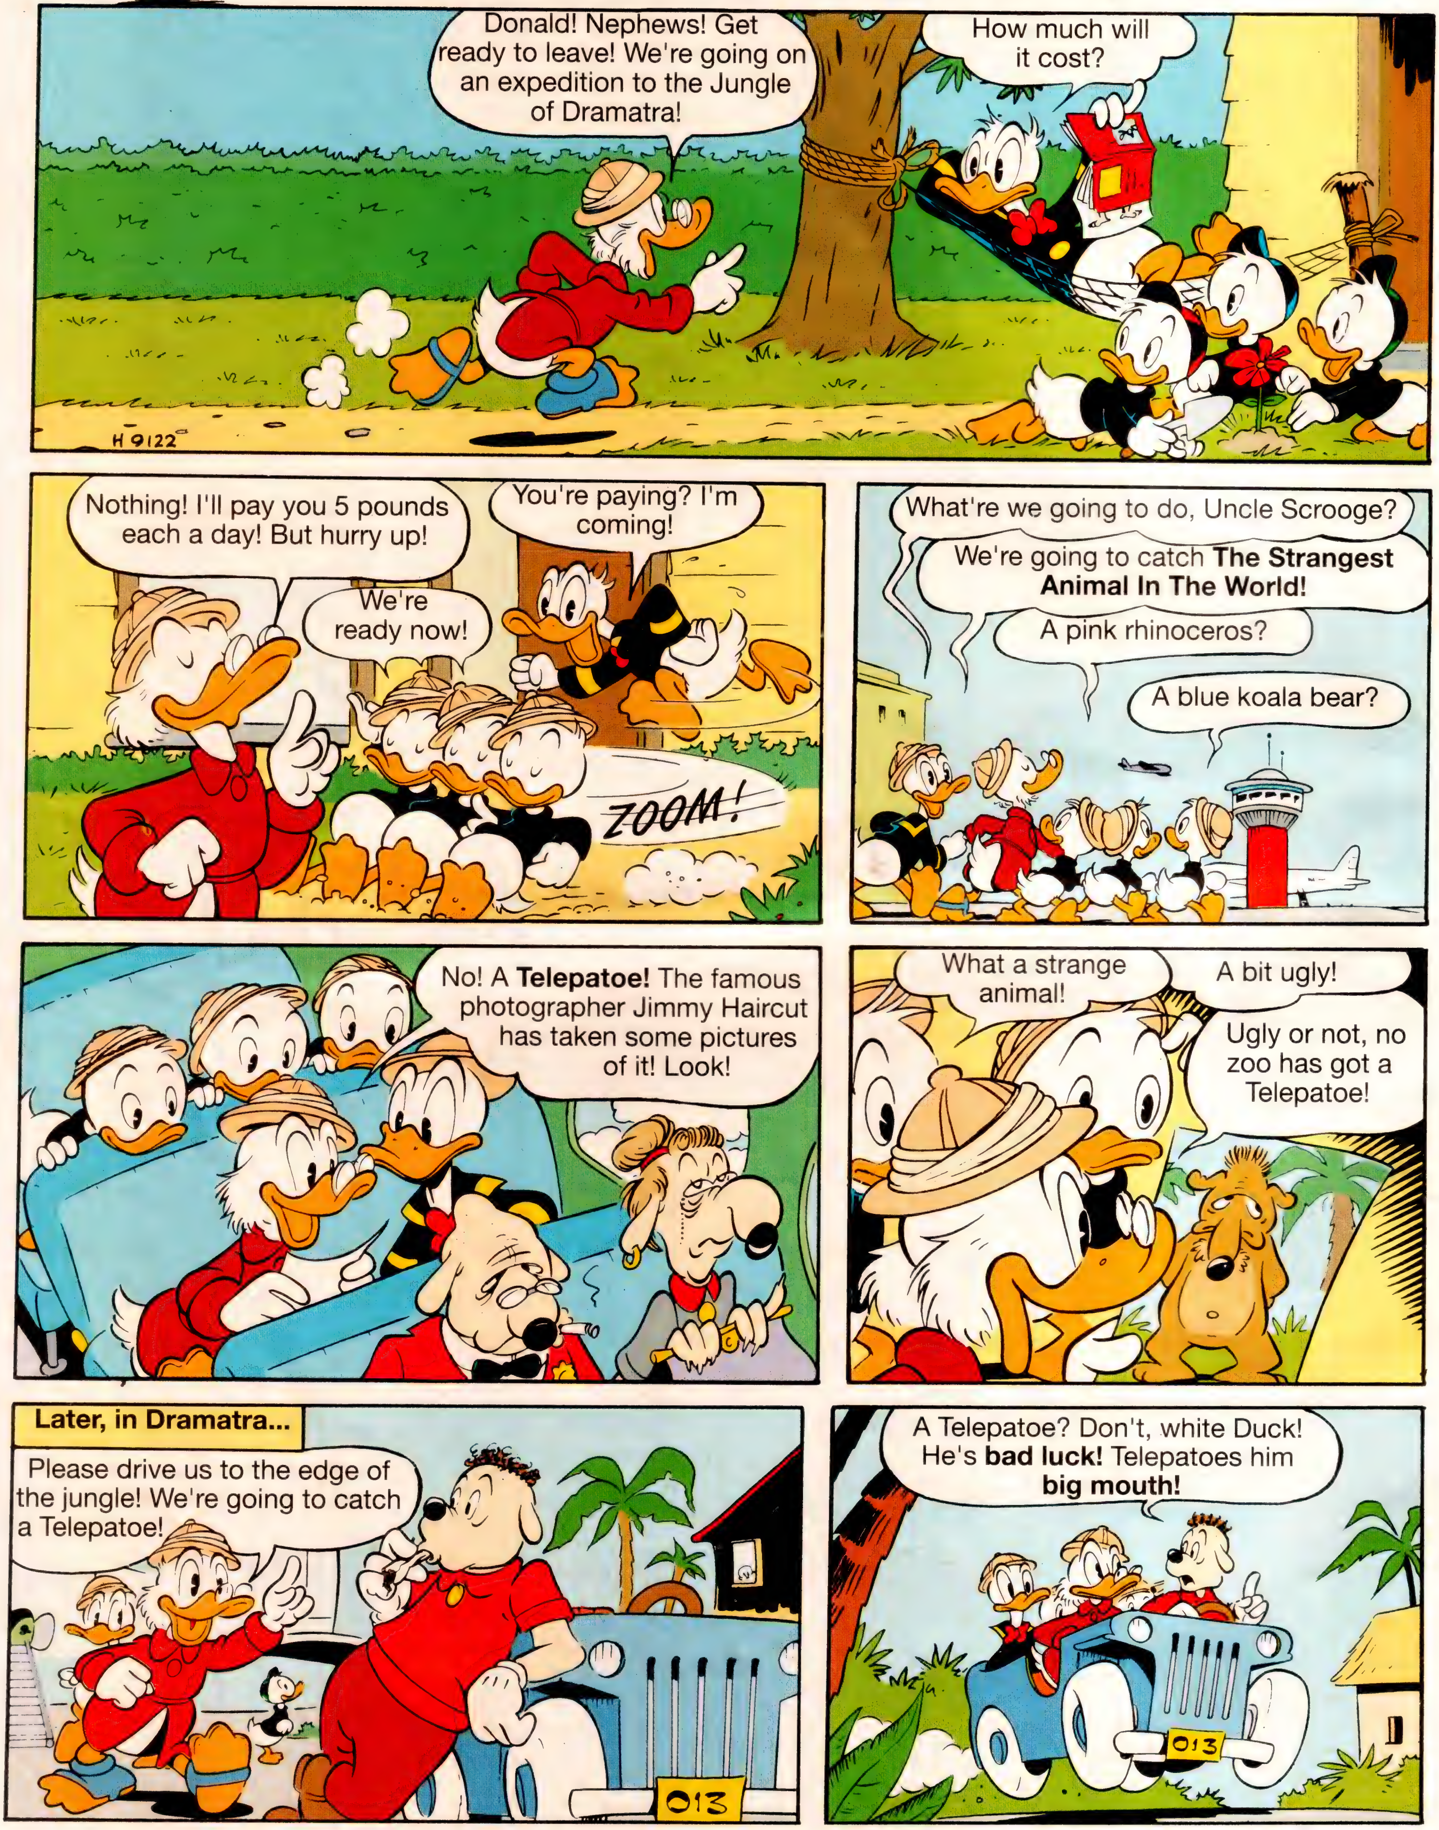
You're good at some practical things - others you're not so good at. You probably know your way around the tool box, but you don't want to spend the rest of your life doing practical things. Still, a little knowledge is a useful thing!

13 - 16 points.

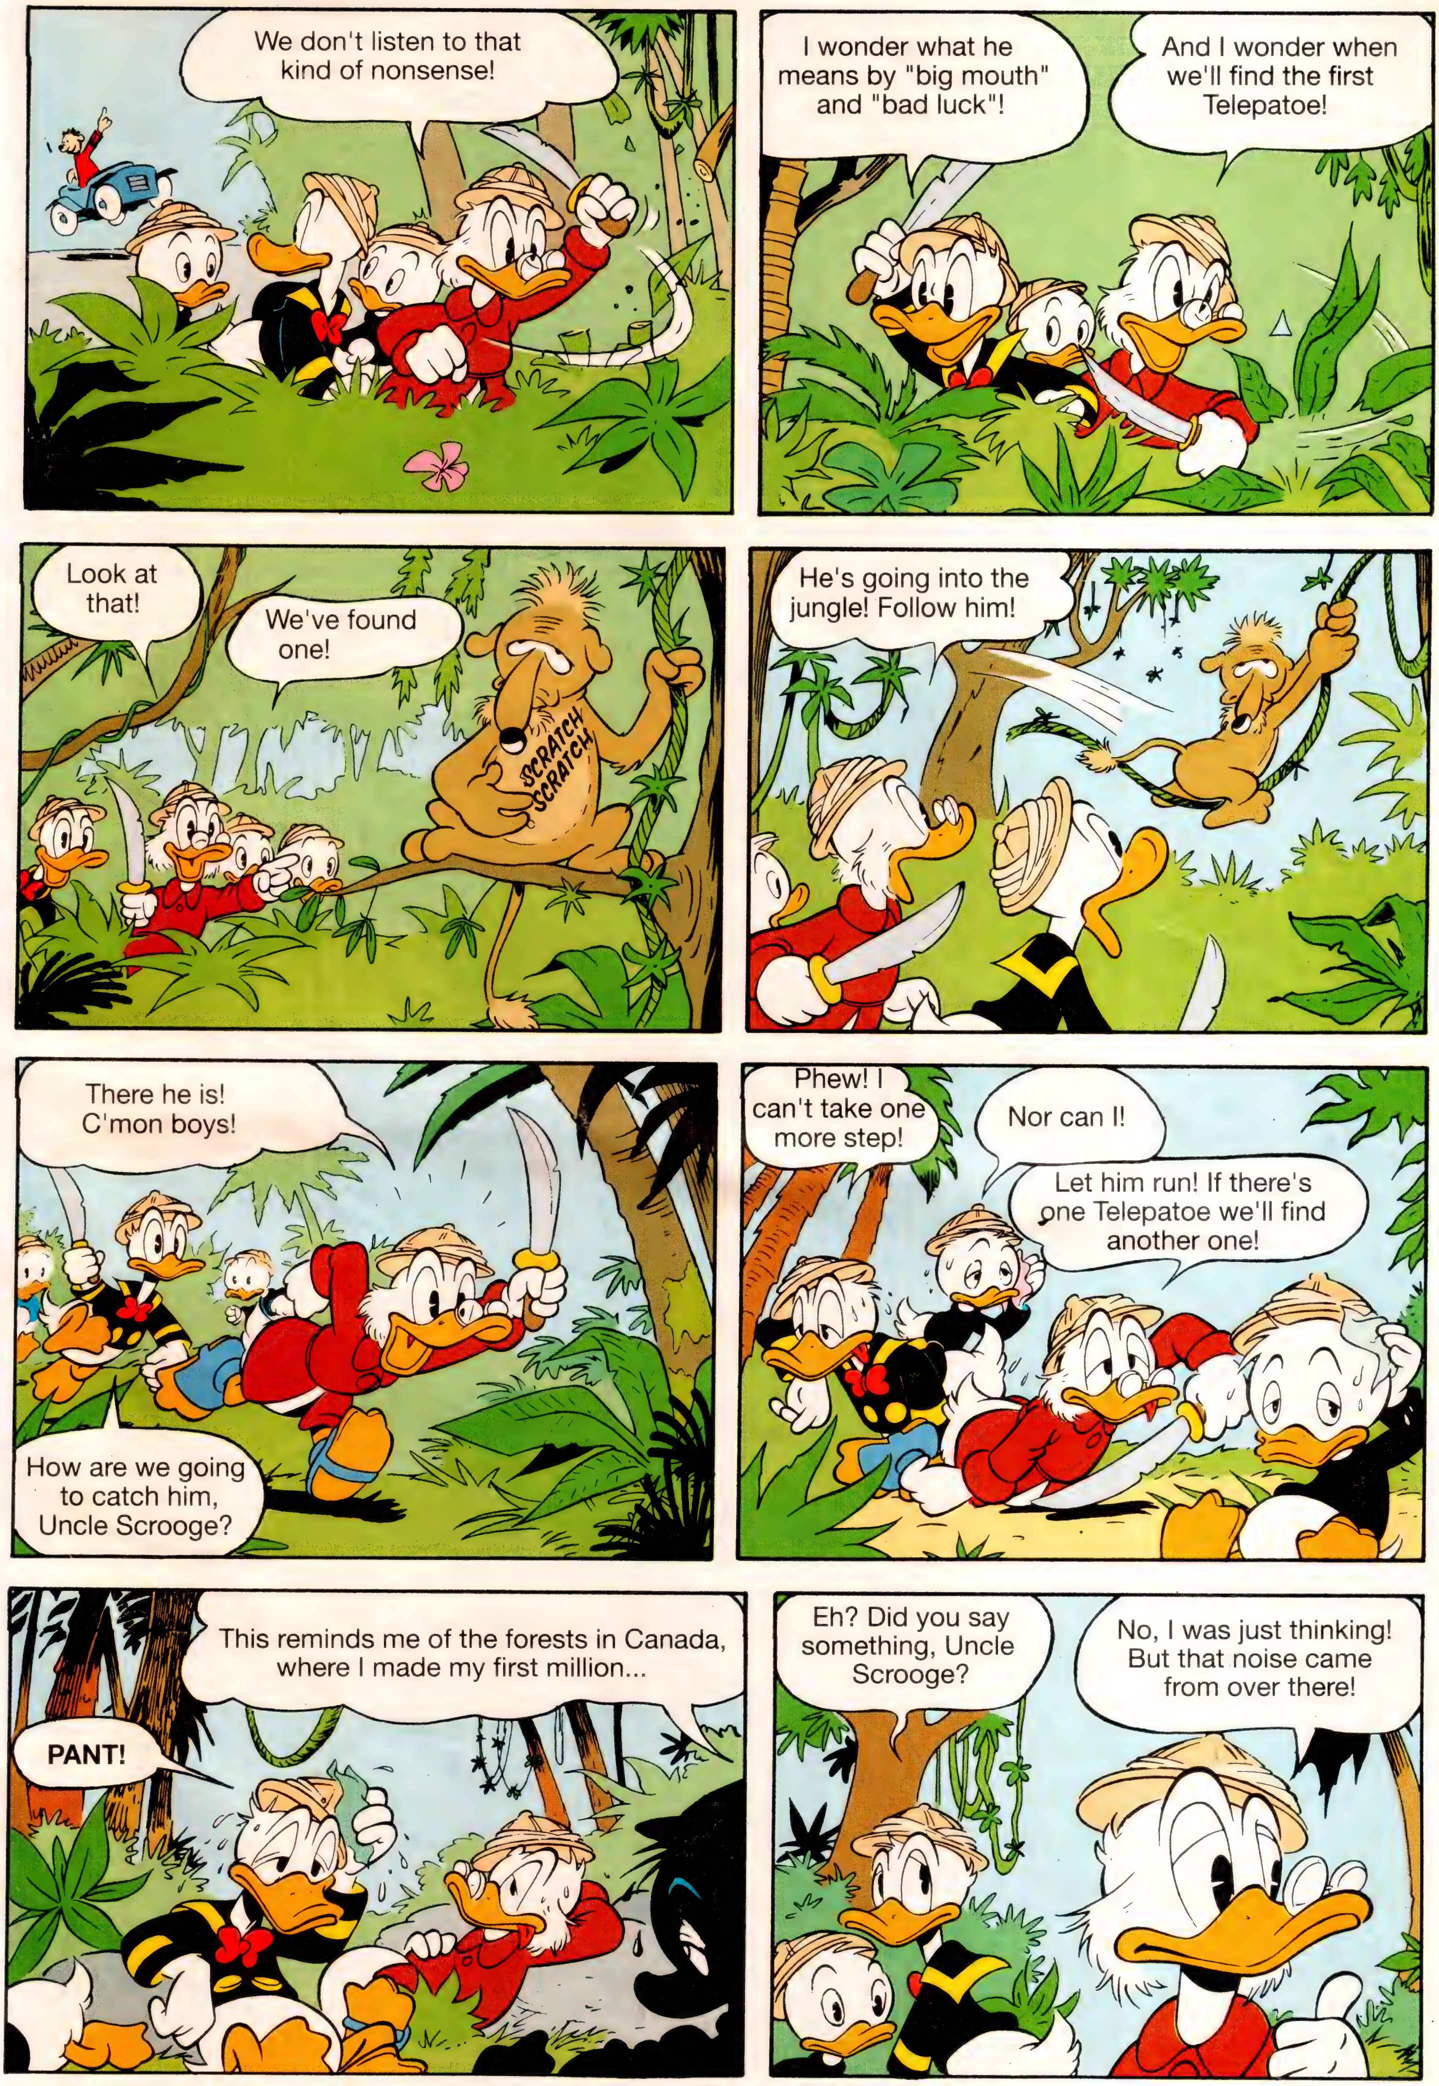
No need to send for Jim, 'cause you'll fix it! You're the kind of handy person everyone likes to have around in an emergency, the kind who keeps old nuts and bolts in case they come in useful! Don't go away, we'll send you something to mend!

DONALD DUCK

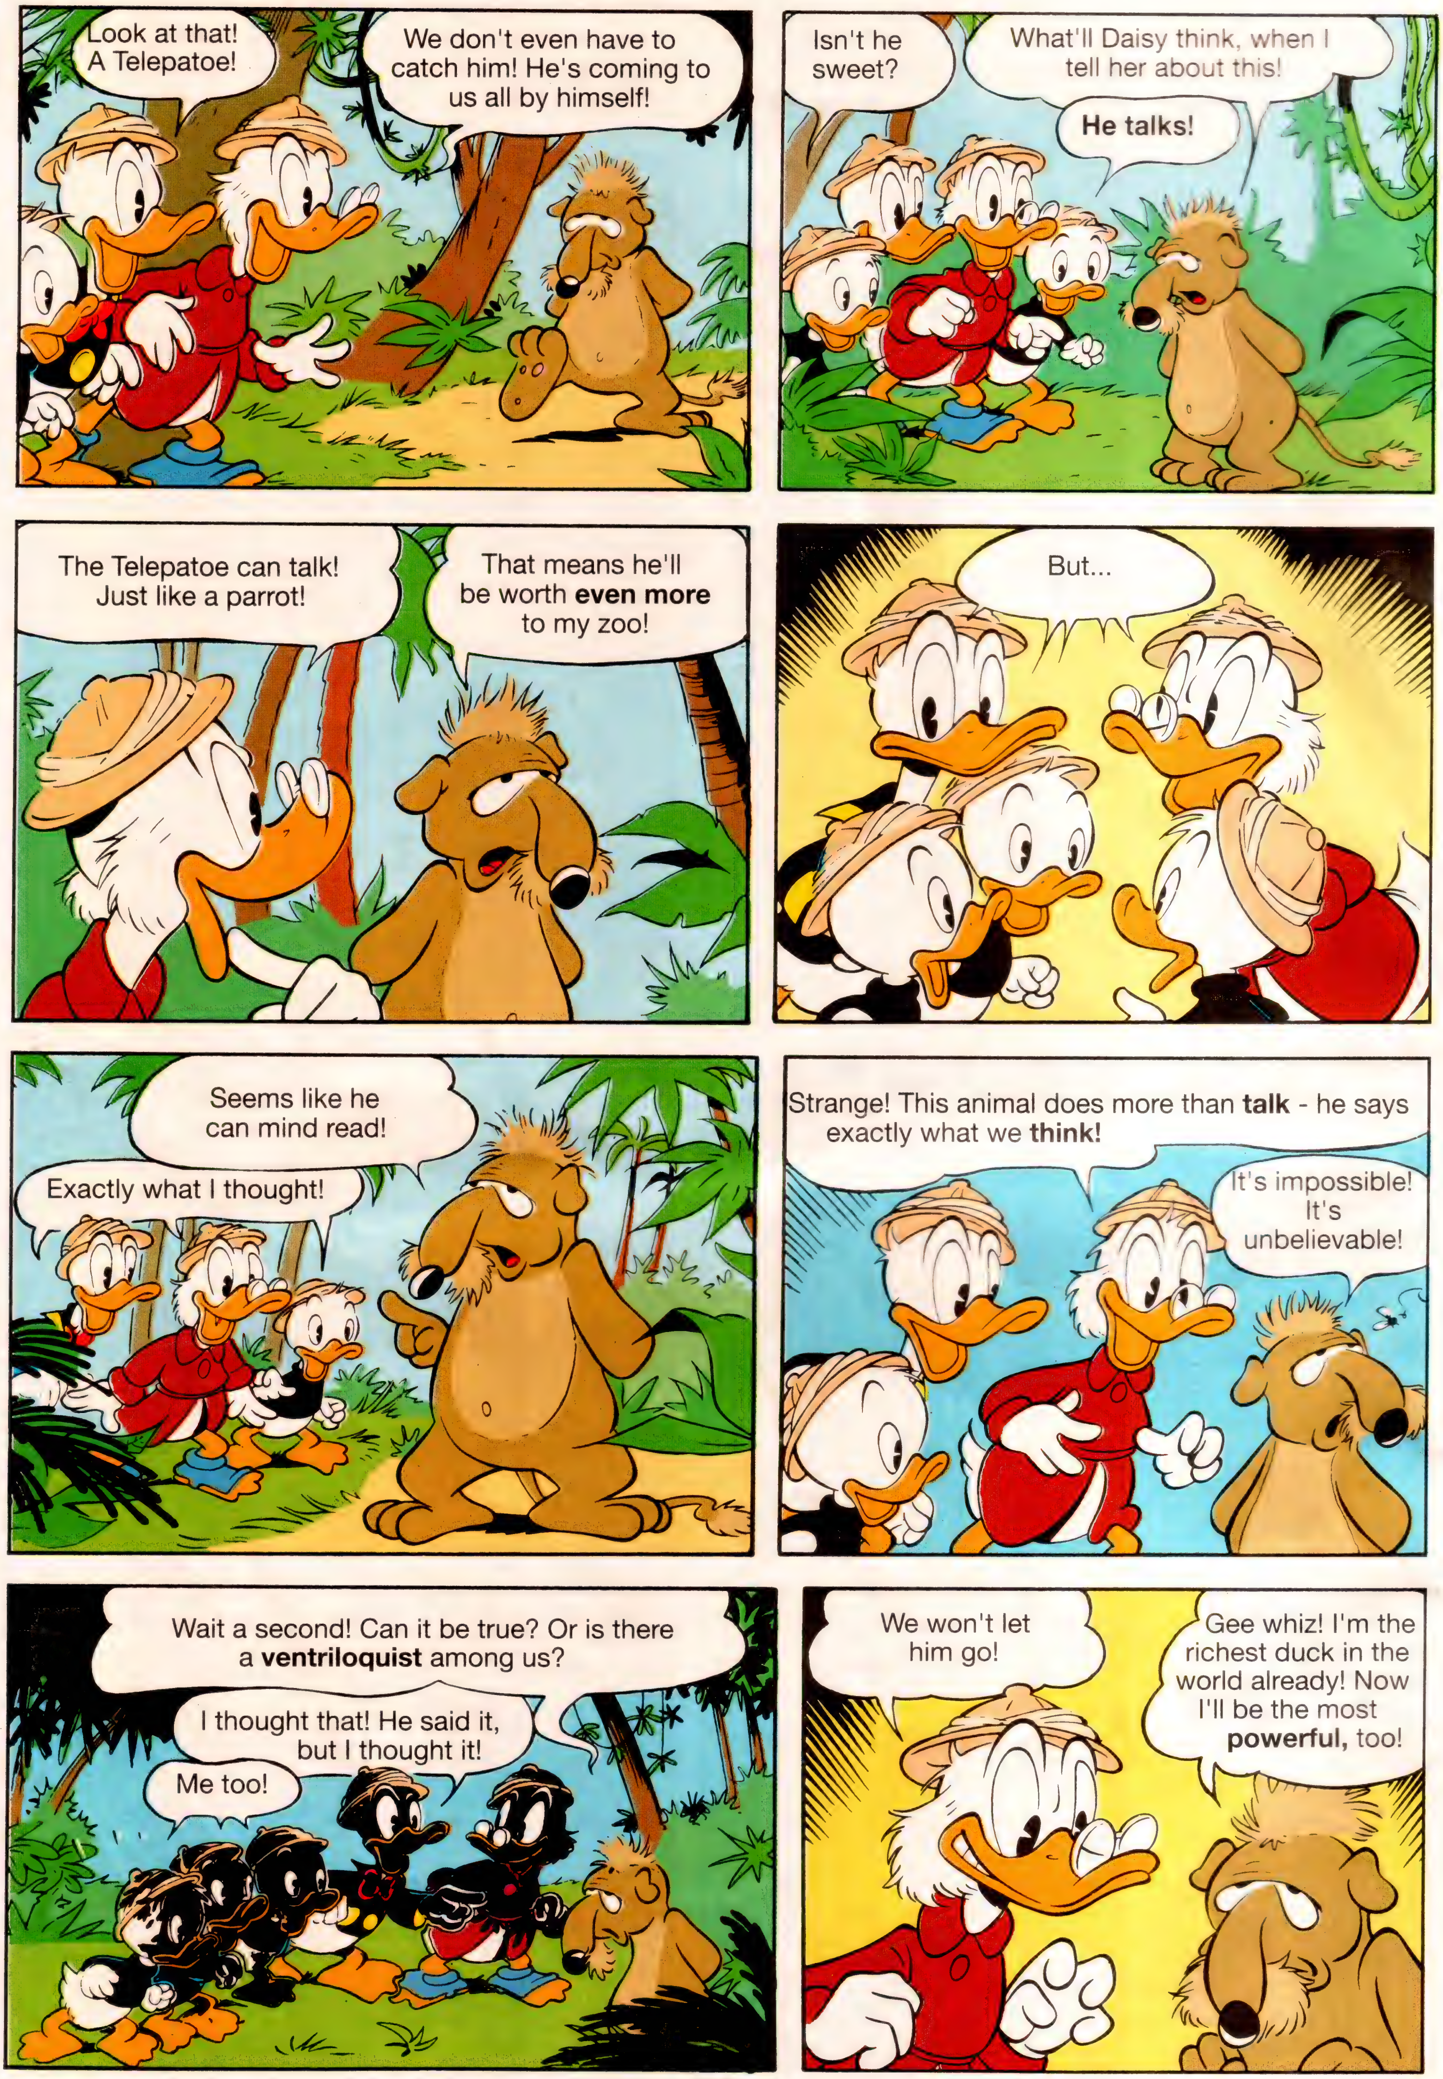
The Truth From A Telepatoe



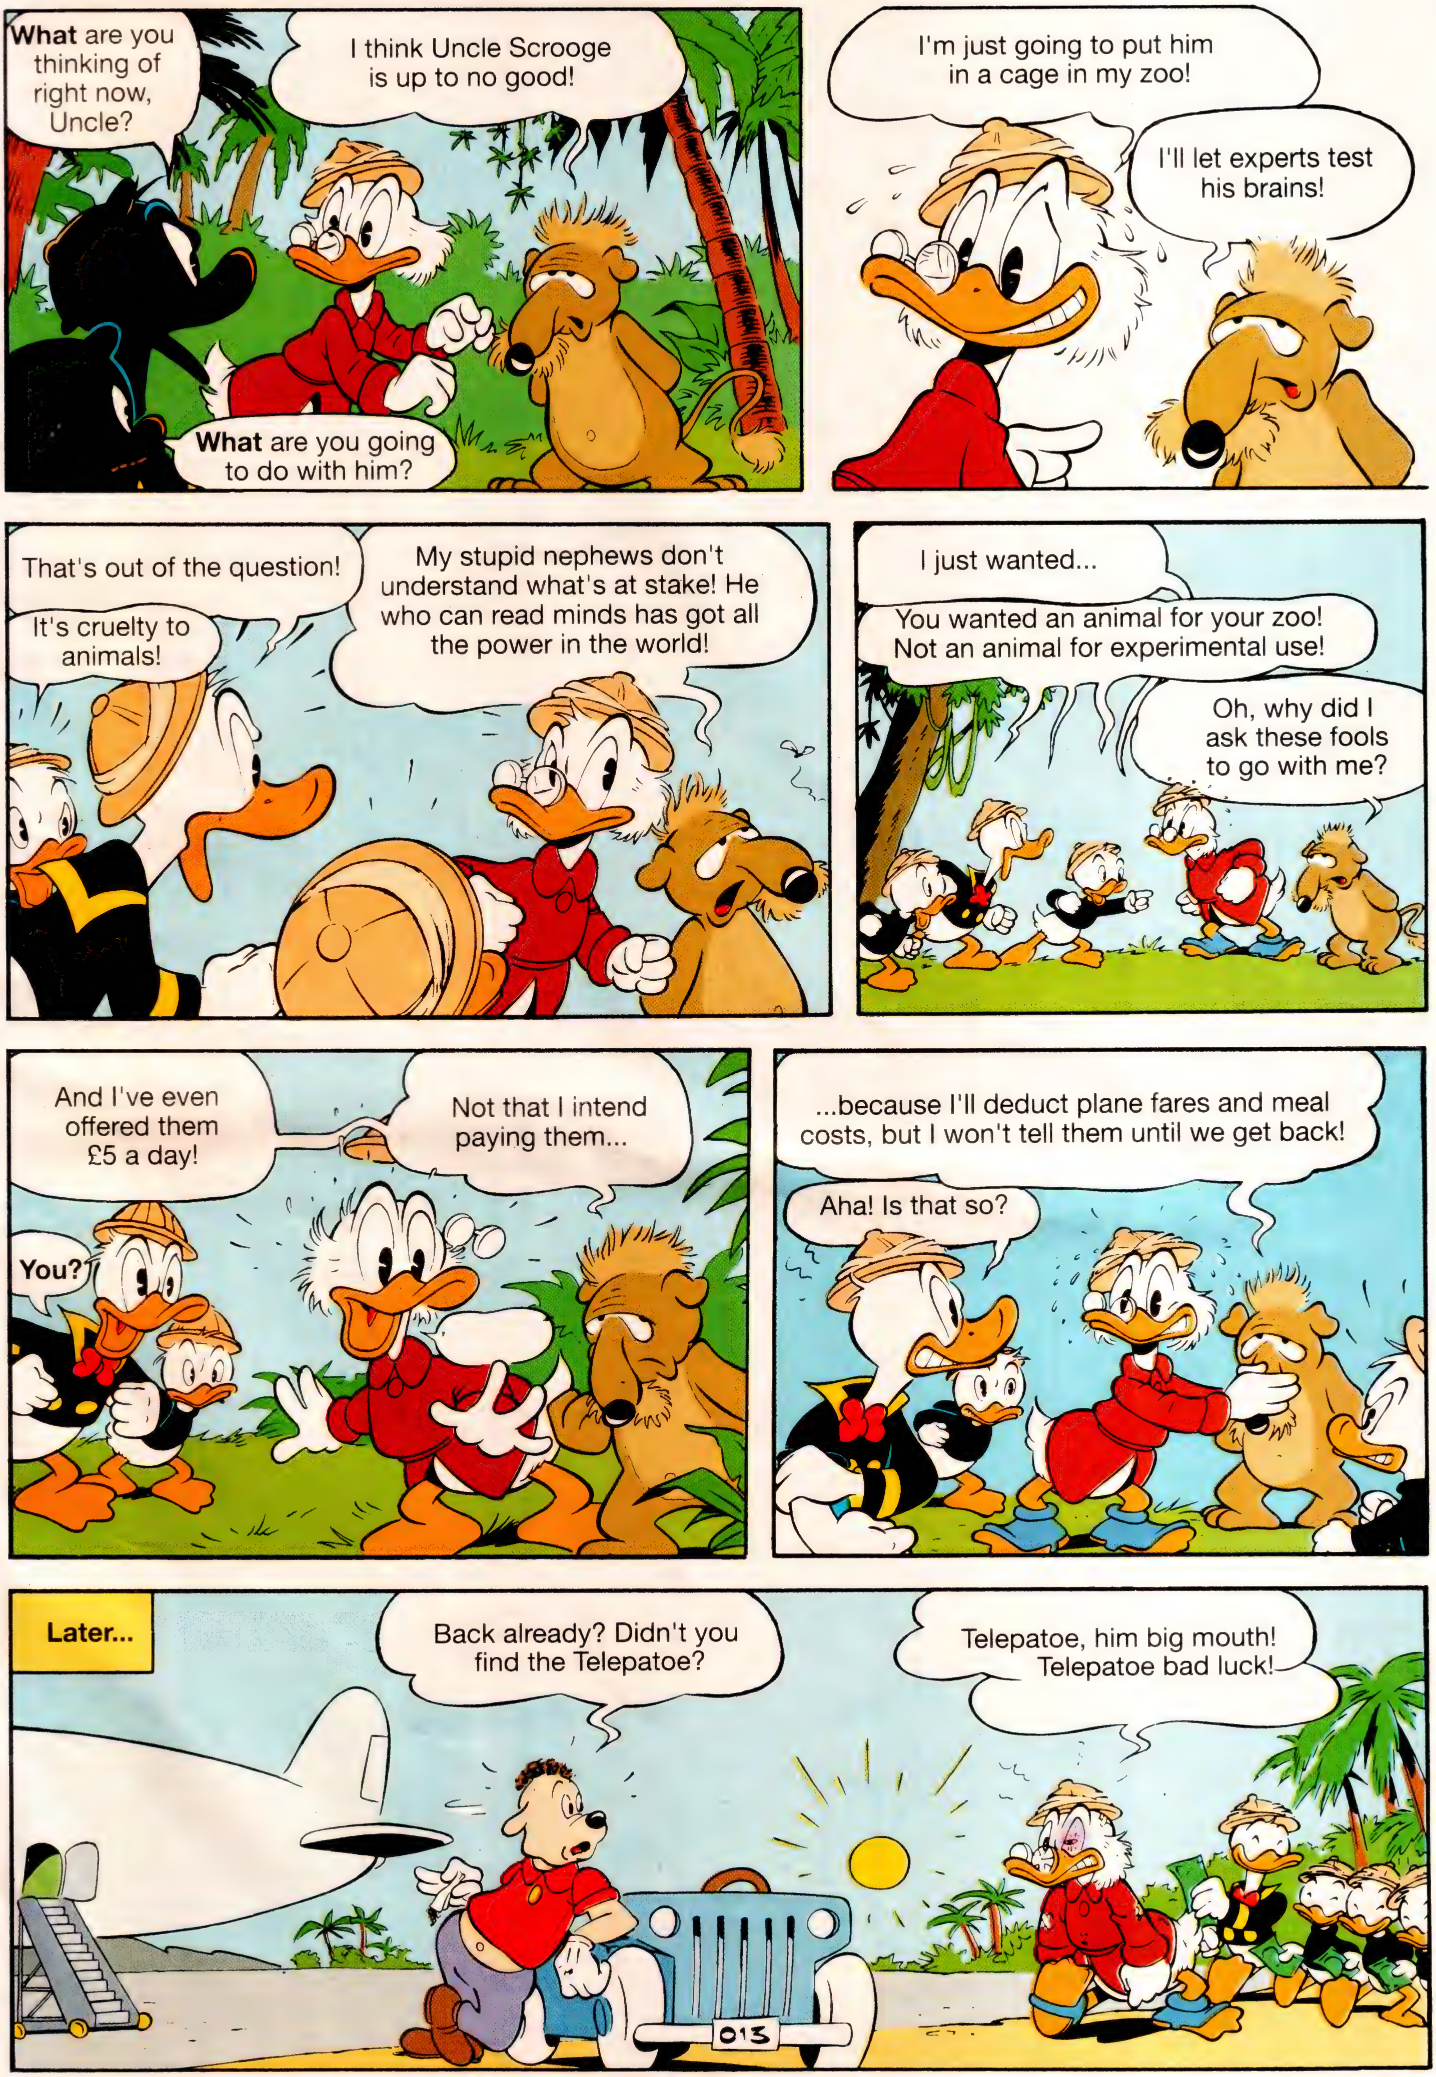
Donald! Nephews! Get ready to leave! We're going on an expedition to the Jungle of Dramatra!
How much will it cost?
H 9122
Nothing! I'll pay you 5 pounds each a day! But hurry up!
We're ready now!
You're paying? I'm coming!
ZOOM!
What're we going to do, Uncle Scrooge?
We're going to catch **The Strangest Animal In The World!**
A pink rhinoceros?
A blue koala bear?
No! A **Telepatoe!** The famous photographer Jimmy Haircut has taken some pictures of it! Look!
What a strange animal!
A bit ugly!
Ugly or not, no zoo has got a Telepatoe!
Later, in Dramatra...
Please drive us to the edge of the jungle! We're going to catch a Telepatoe!
013
A Telepatoe? Don't, white Duck! He's **bad luck!** Telepatoes him **big mouth!**
013



We don't listen to that kind of nonsense!
I wonder what he means by "big mouth" and "bad luck"!
And I wonder when we'll find the first Telepatoe!
Look at that!
We've found one!
SCRATCH SCRATCH
He's going into the jungle! Follow him!
There he is! C'mon boys!
How are we going to catch him, Uncle Scrooge?
Phew! I can't take one more step!
Nor can I!
Let him run! If there's one Telepatoe we'll find another one!
This reminds me of the forests in Canada, where I made my first million...
PANT!
Eh? Did you say something, Uncle Scrooge?
No, I was just thinking! But that noise came from over there!



Look at that! A Telepatoe!
We don't even have to catch him! He's coming to us all by himself!
Isn't he sweet?
What'll Daisy think, when I tell her about this!
He talks!
The Telepatoe can talk! Just like a parrot!
That means he'll be worth even more to my zoo!
But...
Seems like he can mind read!
Exactly what I thought!
Strange! This animal does more than talk - he says exactly what we think!
It's impossible! It's unbelievable!
Wait a second! Can it be true? Or is there a ventriloquist among us?
I thought that! He said it, but I thought it!
Me too!
We won't let him go!
Gee whiz! I'm the richest duck in the world already! Now I'll be the most powerful, too!



What are you thinking of right now, Uncle?
I think Uncle Scrooge is up to no good!
What are you going to do with him?
I'm just going to put him in a cage in my zoo!
I'll let experts test his brains!
That's out of the question!
It's cruelty to animals!
My stupid nephews don't understand what's at stake! He who can read minds has got all the power in the world!
I just wanted...
You wanted an animal for your zoo! Not an animal for experimental use!
Oh, why did I ask these fools to go with me?
And I've even offered them £5 a day!
Not that I intend paying them...
You?
...because I'll deduct plane fares and meal costs, but I won't tell them until we get back!
Aha! Is that so?
Later...
Back already? Didn't you find the Telepatoe?
Telepatoe, him big mouth! Telepatoe bad luck!

TRICKS 'N' THINGS

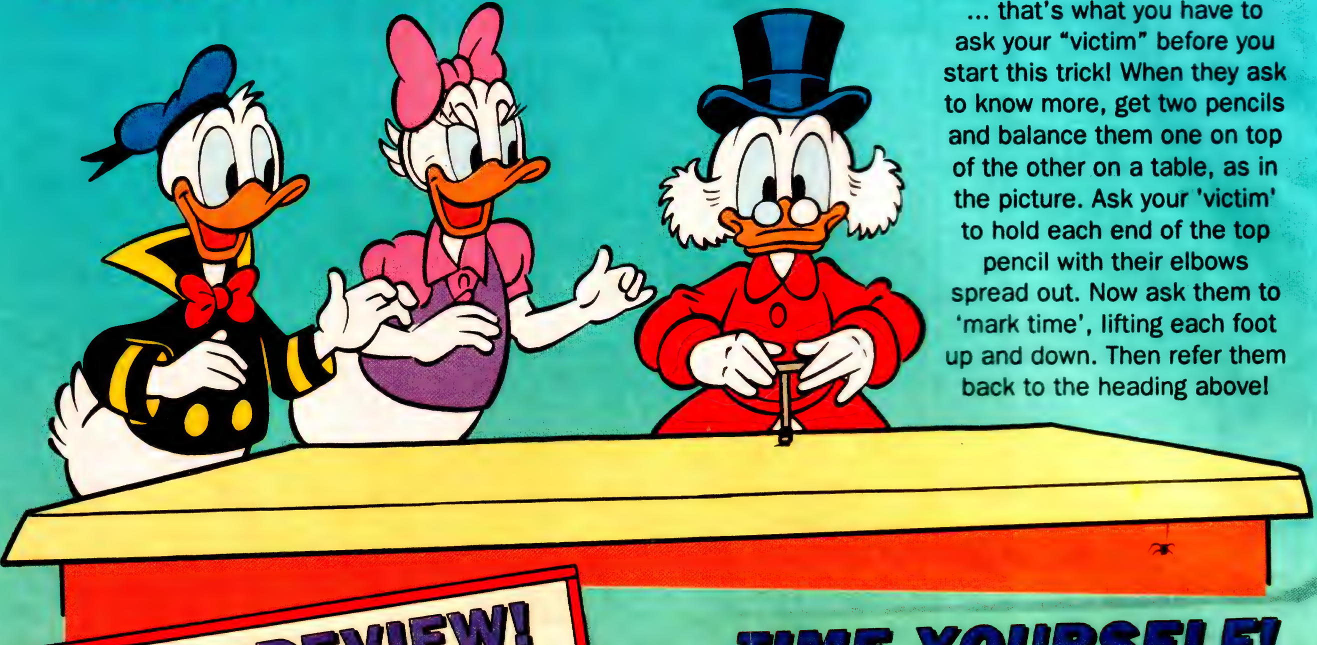
WHAT AM I?

I live in the kitchen,
And when I get hot,
You may think I'm angry,
But oh, no, I'm not!

I like to be useful
No job do I shirk,
And sometimes I whistle,
Or sing at my work!

Answer: a kettle.

GUESS HOW AN IDIOT RIDES A BIKE?



... that's what you have to ask your "victim" before you start this trick! When they ask to know more, get two pencils and balance them one on top of the other on a table, as in the picture. Ask your 'victim' to hold each end of the top pencil with their elbows spread out. Now ask them to 'mark time', lifting each foot up and down. Then refer them back to the heading above!

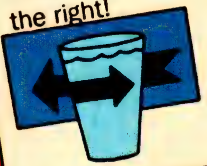
THE LOO REVIEW!

If you have a test or an exam coming up at school, it's a good idea to write down a piece of revision and stick it up on the bathroom wall. Then every time you go to the bathroom you'll have a few moment to memorize a bit more information. Try it and see - you'll be surprised how well 'bathroom revision' has worked when the test comes up!

THE AMAZING ARROW!

You will need: A small piece of cardboard, a crayon and a glass of water.

1. Draw an arrow $2\,{}^{1}/_{2}$ cm long in the centre of the cardboard.
2. Lean the cardboard against a wall with the arrow pointing left.
3. Tell your unsuspecting audience that you can make the arrow turn around and face the other direction - without touching it!
4. Take the glass of water and place it about $4\,{}^{1}/_{2}$ cm in front of the cardboard. Have them look at the arrow through the glass. It will look as if it is pointing to the right!

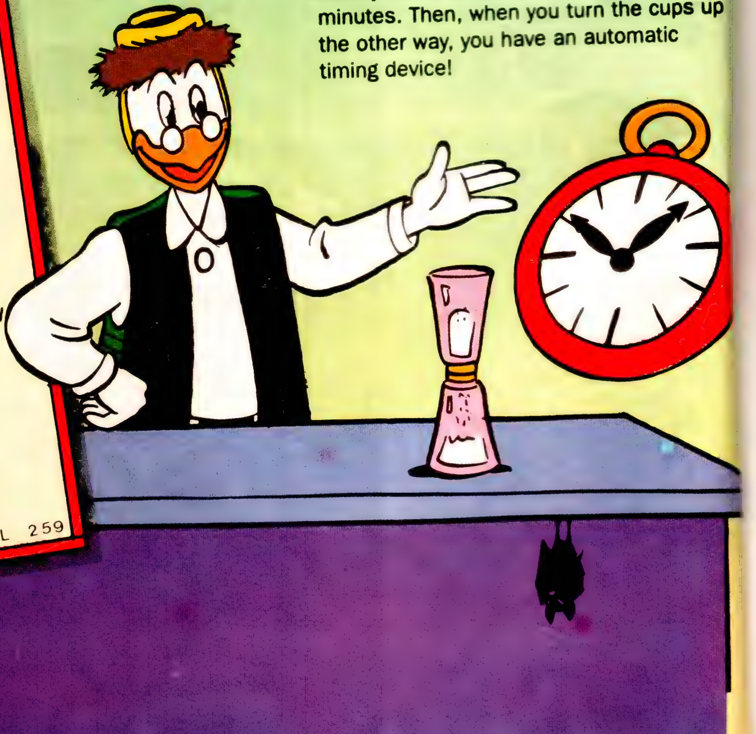


FEL 259

TIME YOURSELF!

You won't need a watch after this!

Get a couple of clean, empty plastic drinking cups with lids and make a small hole in exactly the same position in the bottom of each one. Then put them base to base as in the picture, so that the holes are touching each other. Stick them together at their bases with sticky tape. Now remove the lid of the top one and fill it with salt. Make a note of the time it takes for the salt to run through to the bottom cup, and keep on adding salt until you have exactly the time you want - say 10 or 15 minutes. Then, when you turn the cups up the other way, you have an automatic timing device!



A-A-ATCHOO-O-O!

People usually go about these days with their eyes wide open - except of course when they sneeze and have to close them! Have to? You don't believe it? OK - next time you sneeze, just try keeping your peepers wide open. Are you ready? A - A - ...!

The following groups of letters will, when arranged in the right order, give the names of seven things you'll find at the seaside. The initial letters will give the name of something else you'll see there.

PETLIM OSTYRE CARBANLE
IMPSHR TENR LEE CORKS

Answer:

Limpet, oyster, barnacle,
shrimp, tern, eel, rocks,
lobster

ROYAL MAZE

Can you sort out the jumbled names and words below so that each king gets his correct title?
Alfred the Conqueror, Ethelred the Great, Edward the Lionheart, William the Confessor, Richard the Unready.

Answer:

Alfred the Great, Ethelred the
Unready, Edward the Confessor,
William the Conqueror, Richard
the Lionheart.

Can you do it?

A Strange Coin-cidence!

Here's a simple but very clever trick! Place about seven coins on a tray. Turn your back and ask one of your friends to pick one. Tell him to grip it very tightly and concentrate on the date of the coin. They'll be amazed when, after picking up several of the coins, you pick the right one. **Here's how:** the coin you want will be the warmest one! But tell *them* that you're picking up magical cosmic powers!

Beach Baffler!

When you're at the beach, try this trick on a pal, but you'll need to be wearing a pair of shoes.
Point to some boats in the water and say, "You see those boats? If I take my shoes off, I can jump over them!"
When your friend is baffled, take off your shoes and jump over them!

A "Handy" Joke!

Tell your friends that you can stand on one hand and drink a cup of water with the other hand at the same time. When they tell you you've flipped, just grin and do this trick! Place one hand under your foot (see you're standing on one hand). Then drink from the glass using your other hand.

FOR ACES ONLY!

You need quick hands and lots of bluff to make card tricks work and here's one that practise will make perfect! You take four aces from a pack of cards and slip them into your back pocket. Then invite someone in your audience to take the pack and shuffle it thoroughly. They then return the pack to you. You put it behind your back, deftly add the four aces to the top of it, then produce them one by one from the top of the pack, to the amazement of your audience!

OK - so someone reckons you've "cheated"! So you do the same trick all over again with the four Queens - only if you're going to go that far, remember to take the Queens out first and hide them somewhere, too!

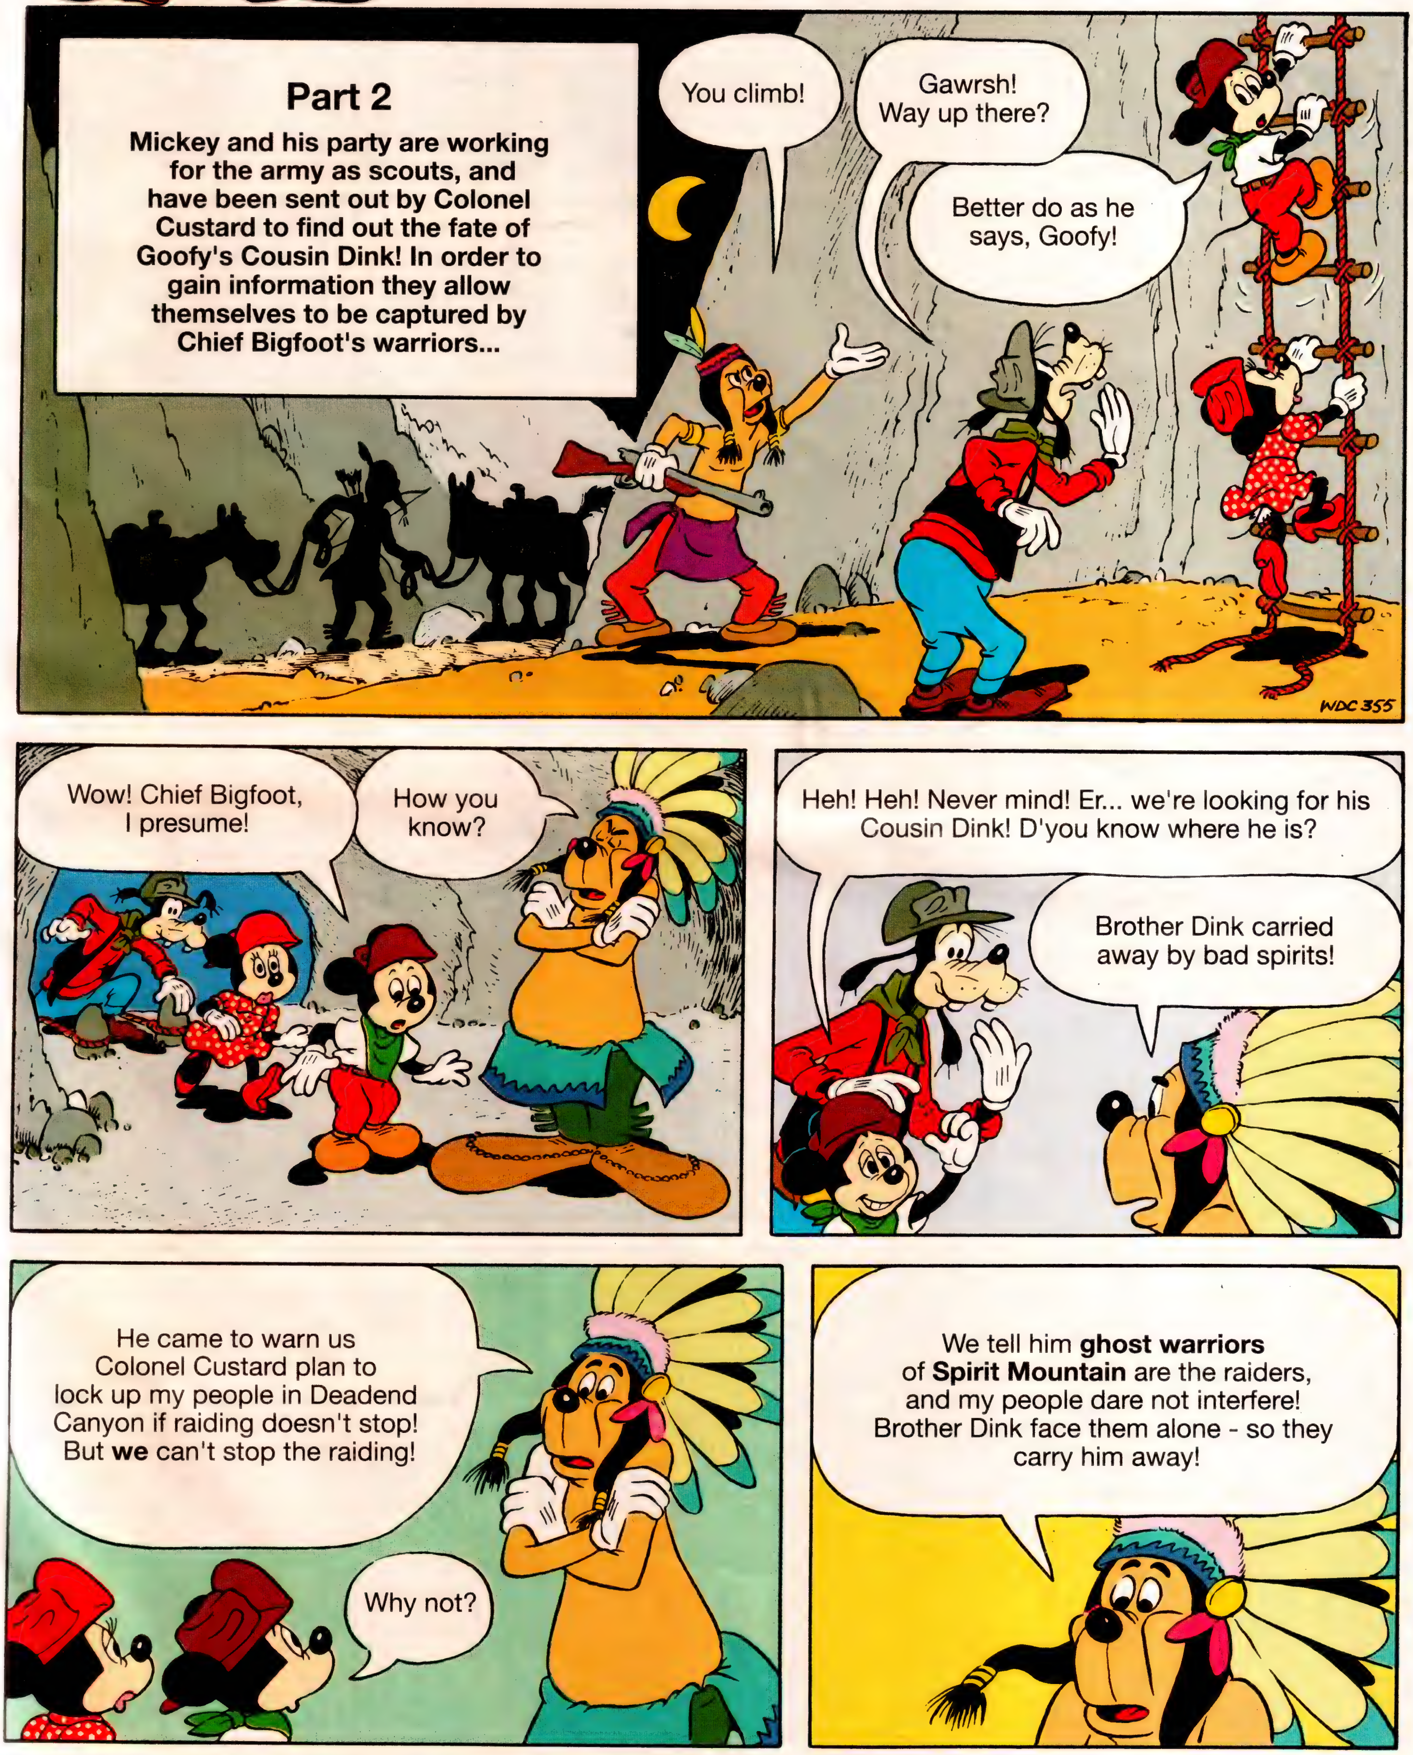
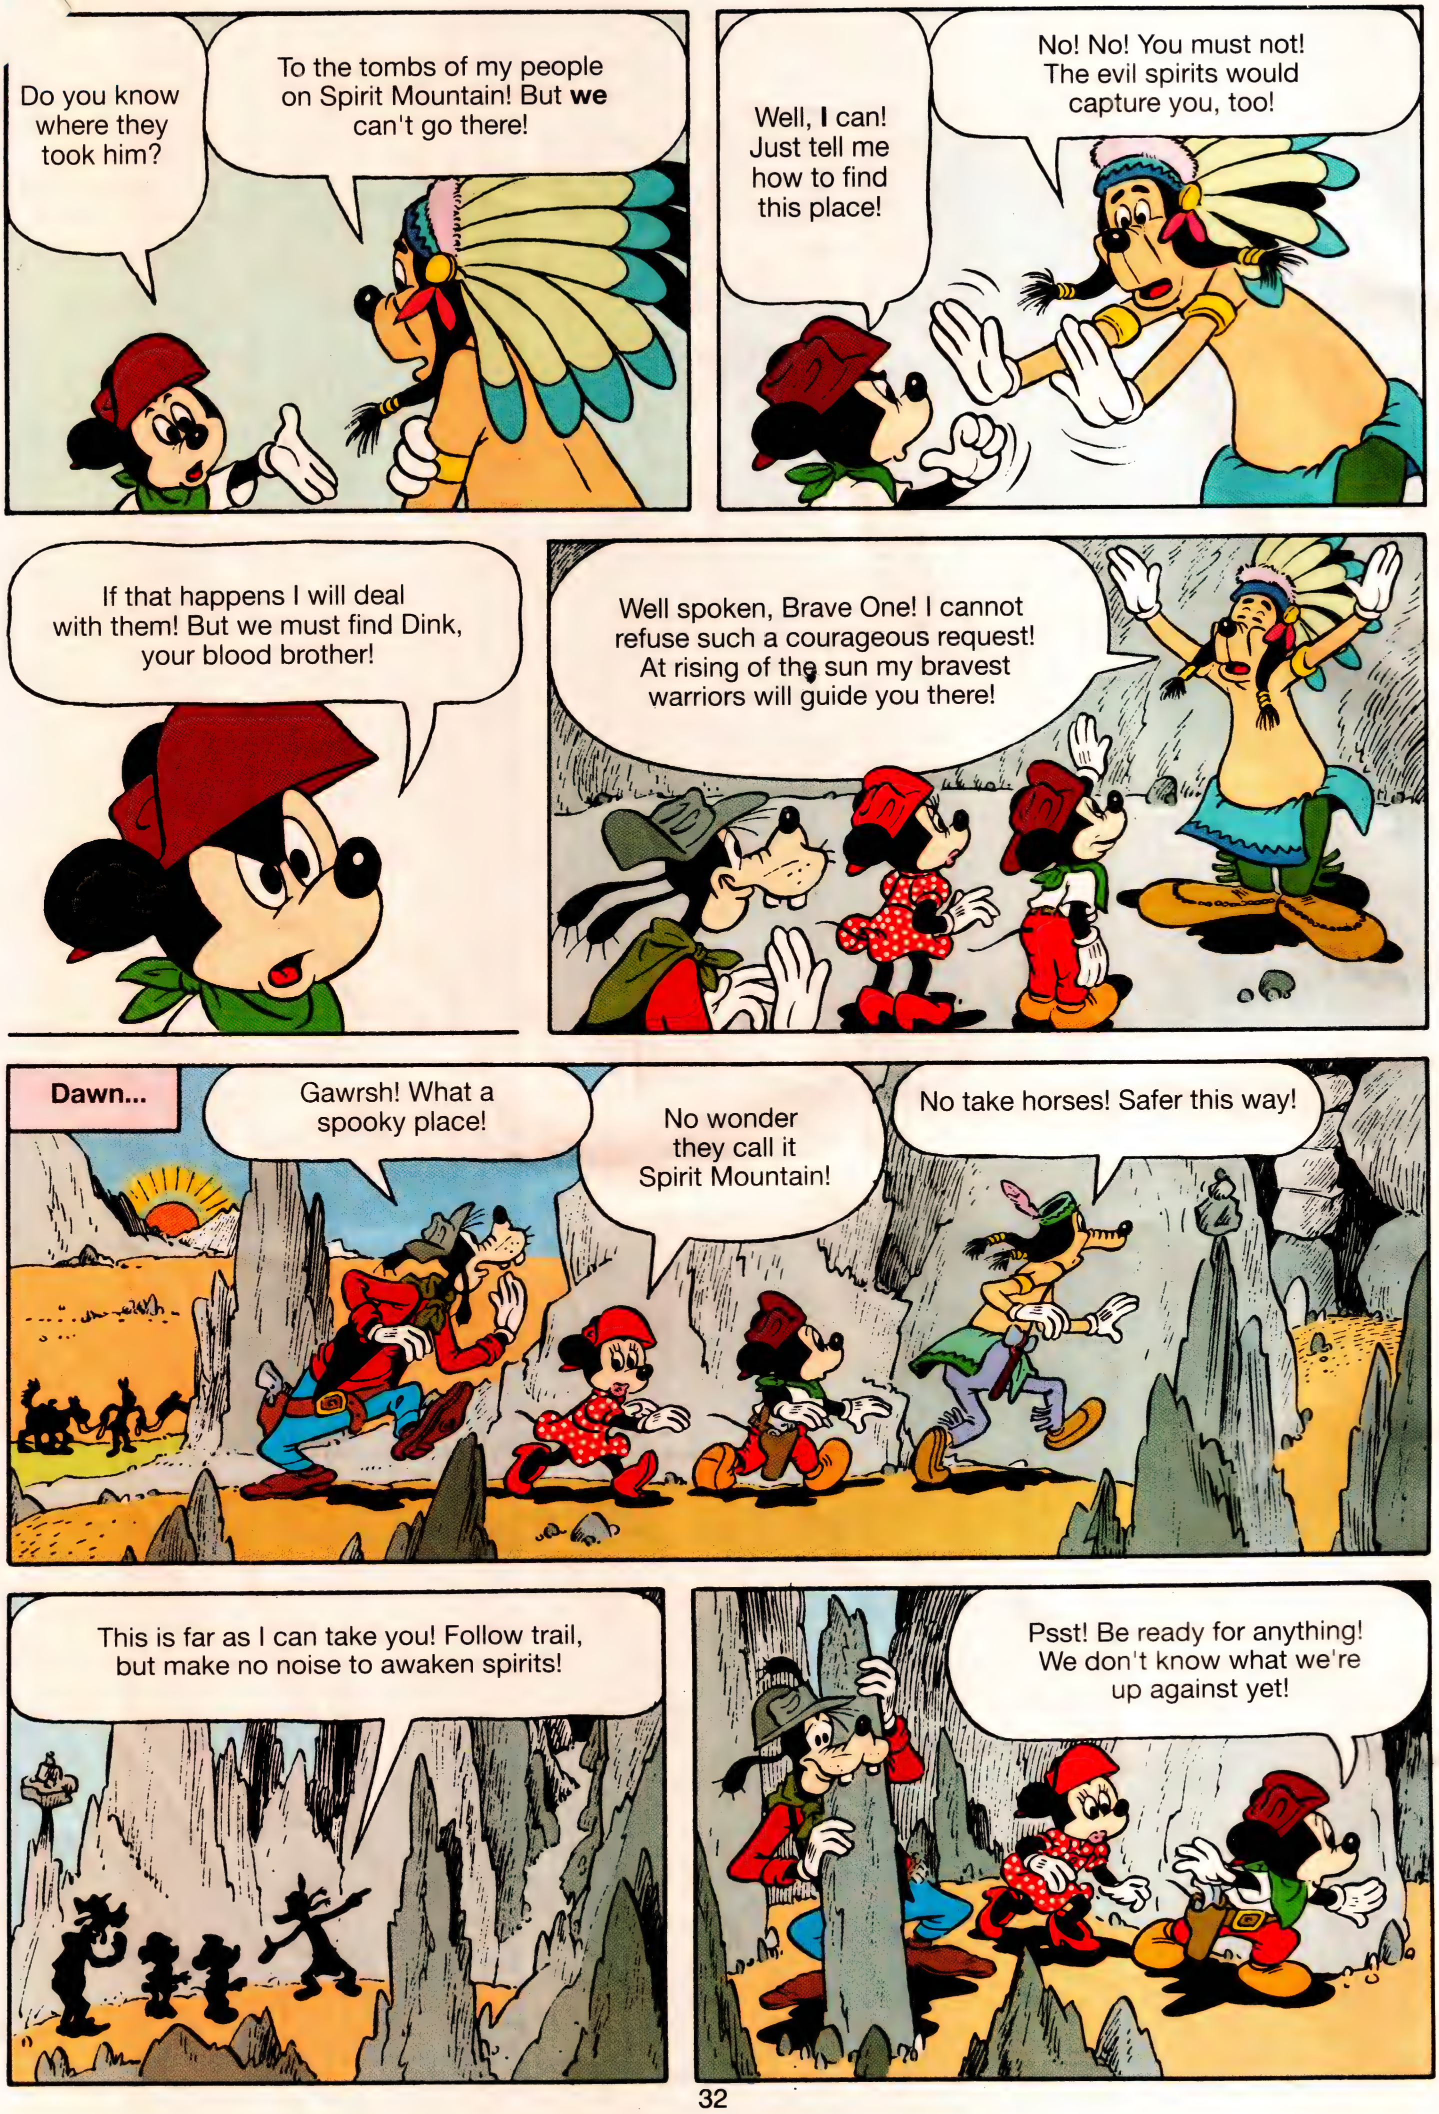
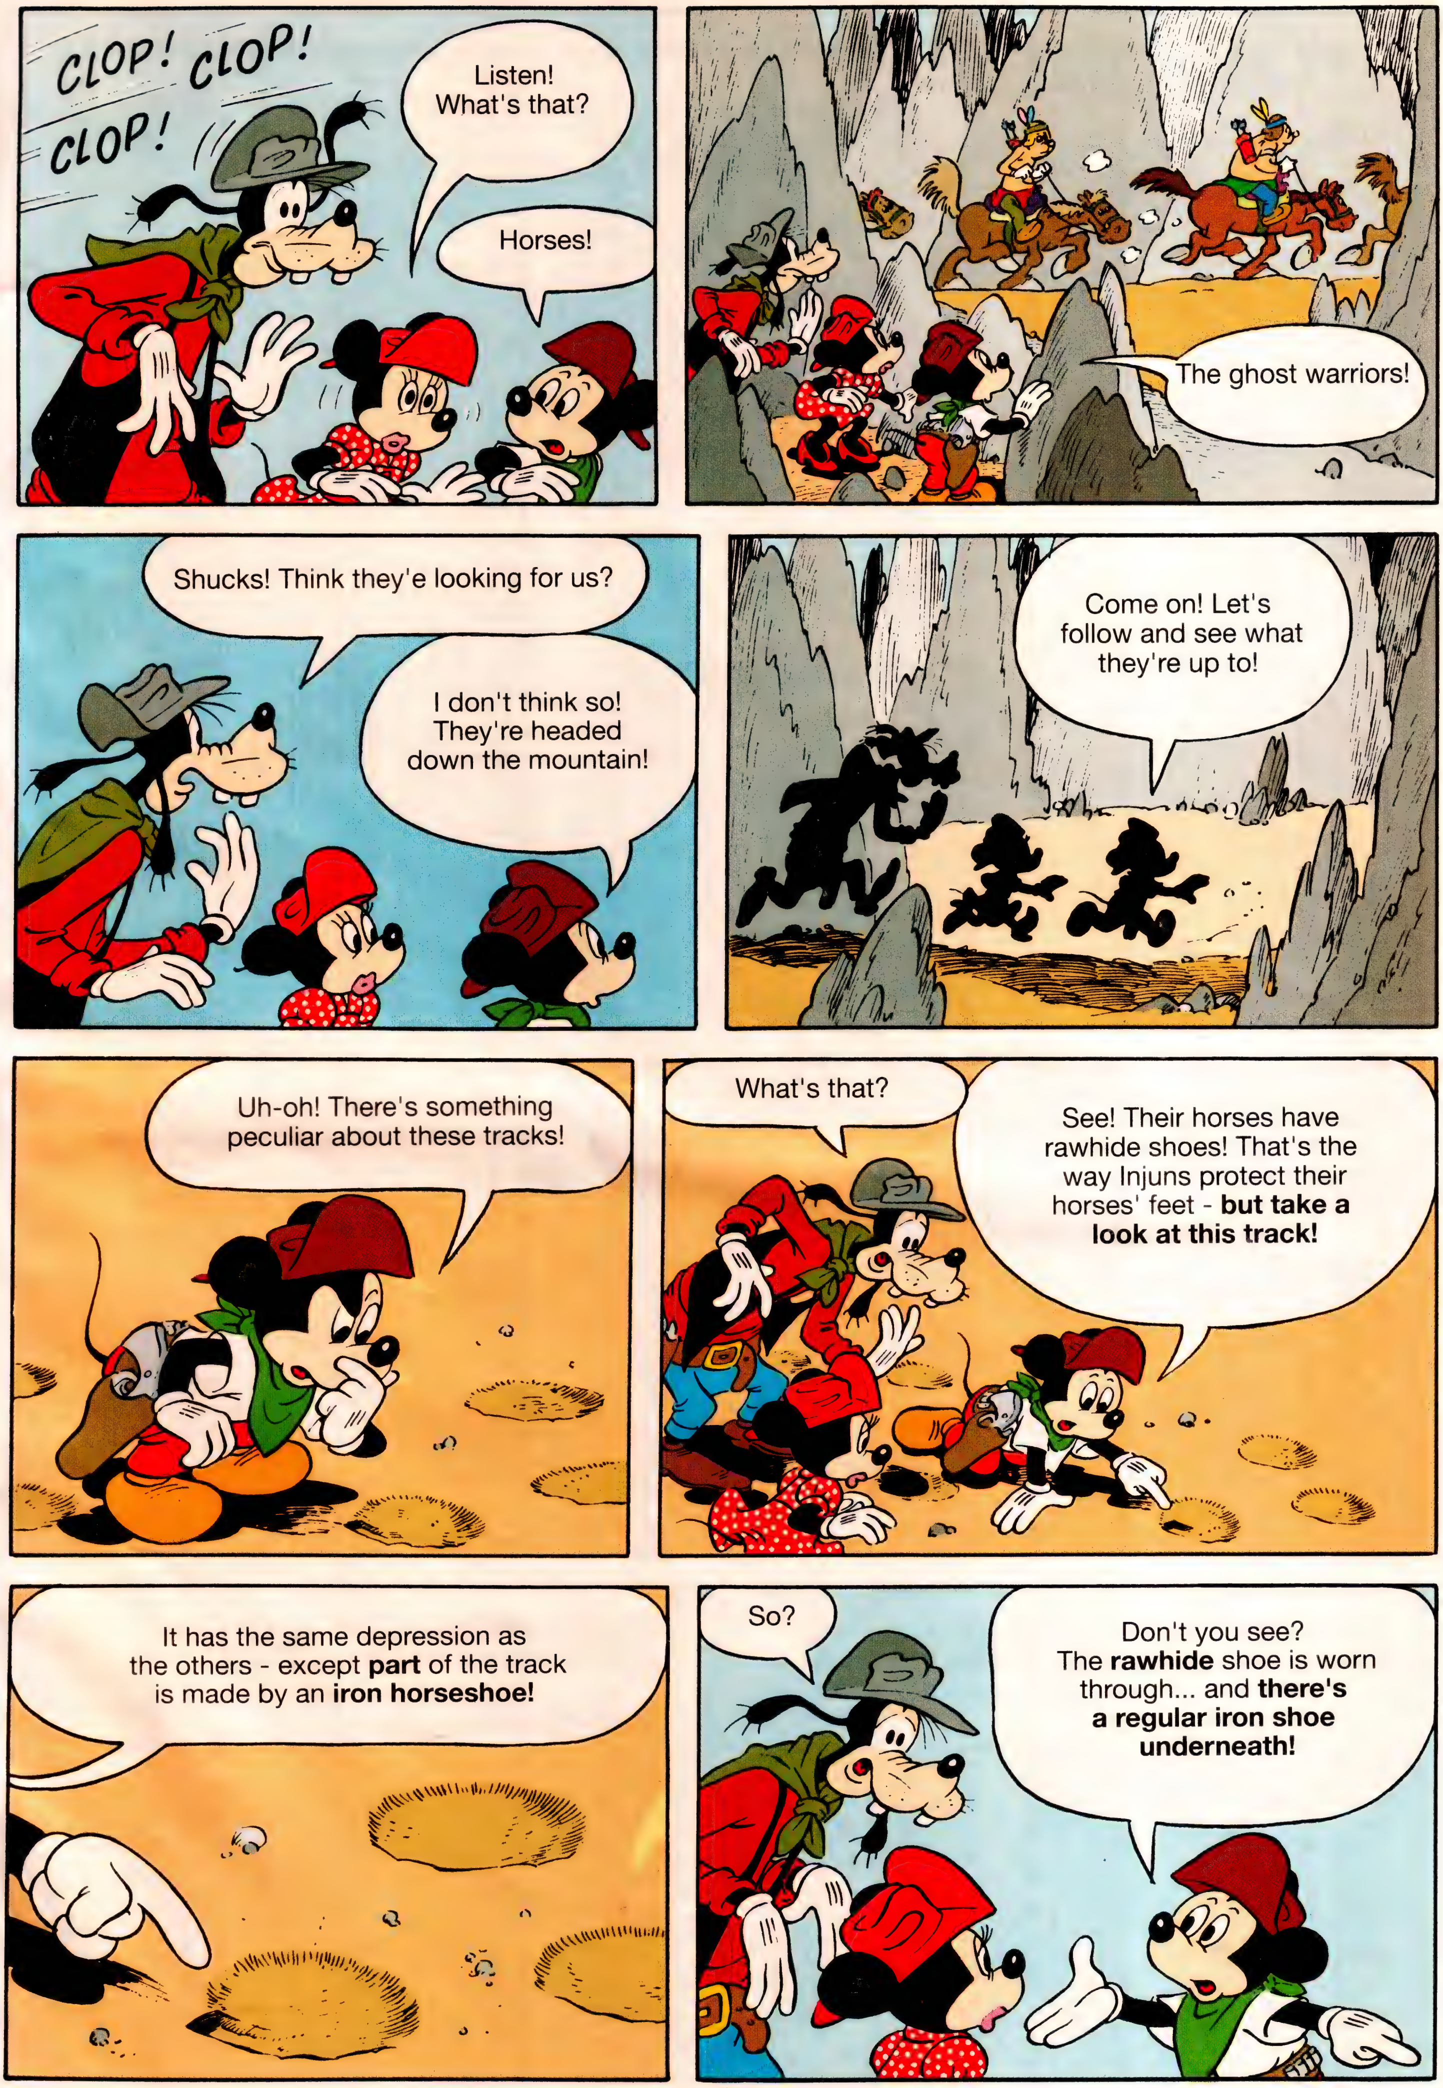
Chief Bigfoot And The Ghost Warriors



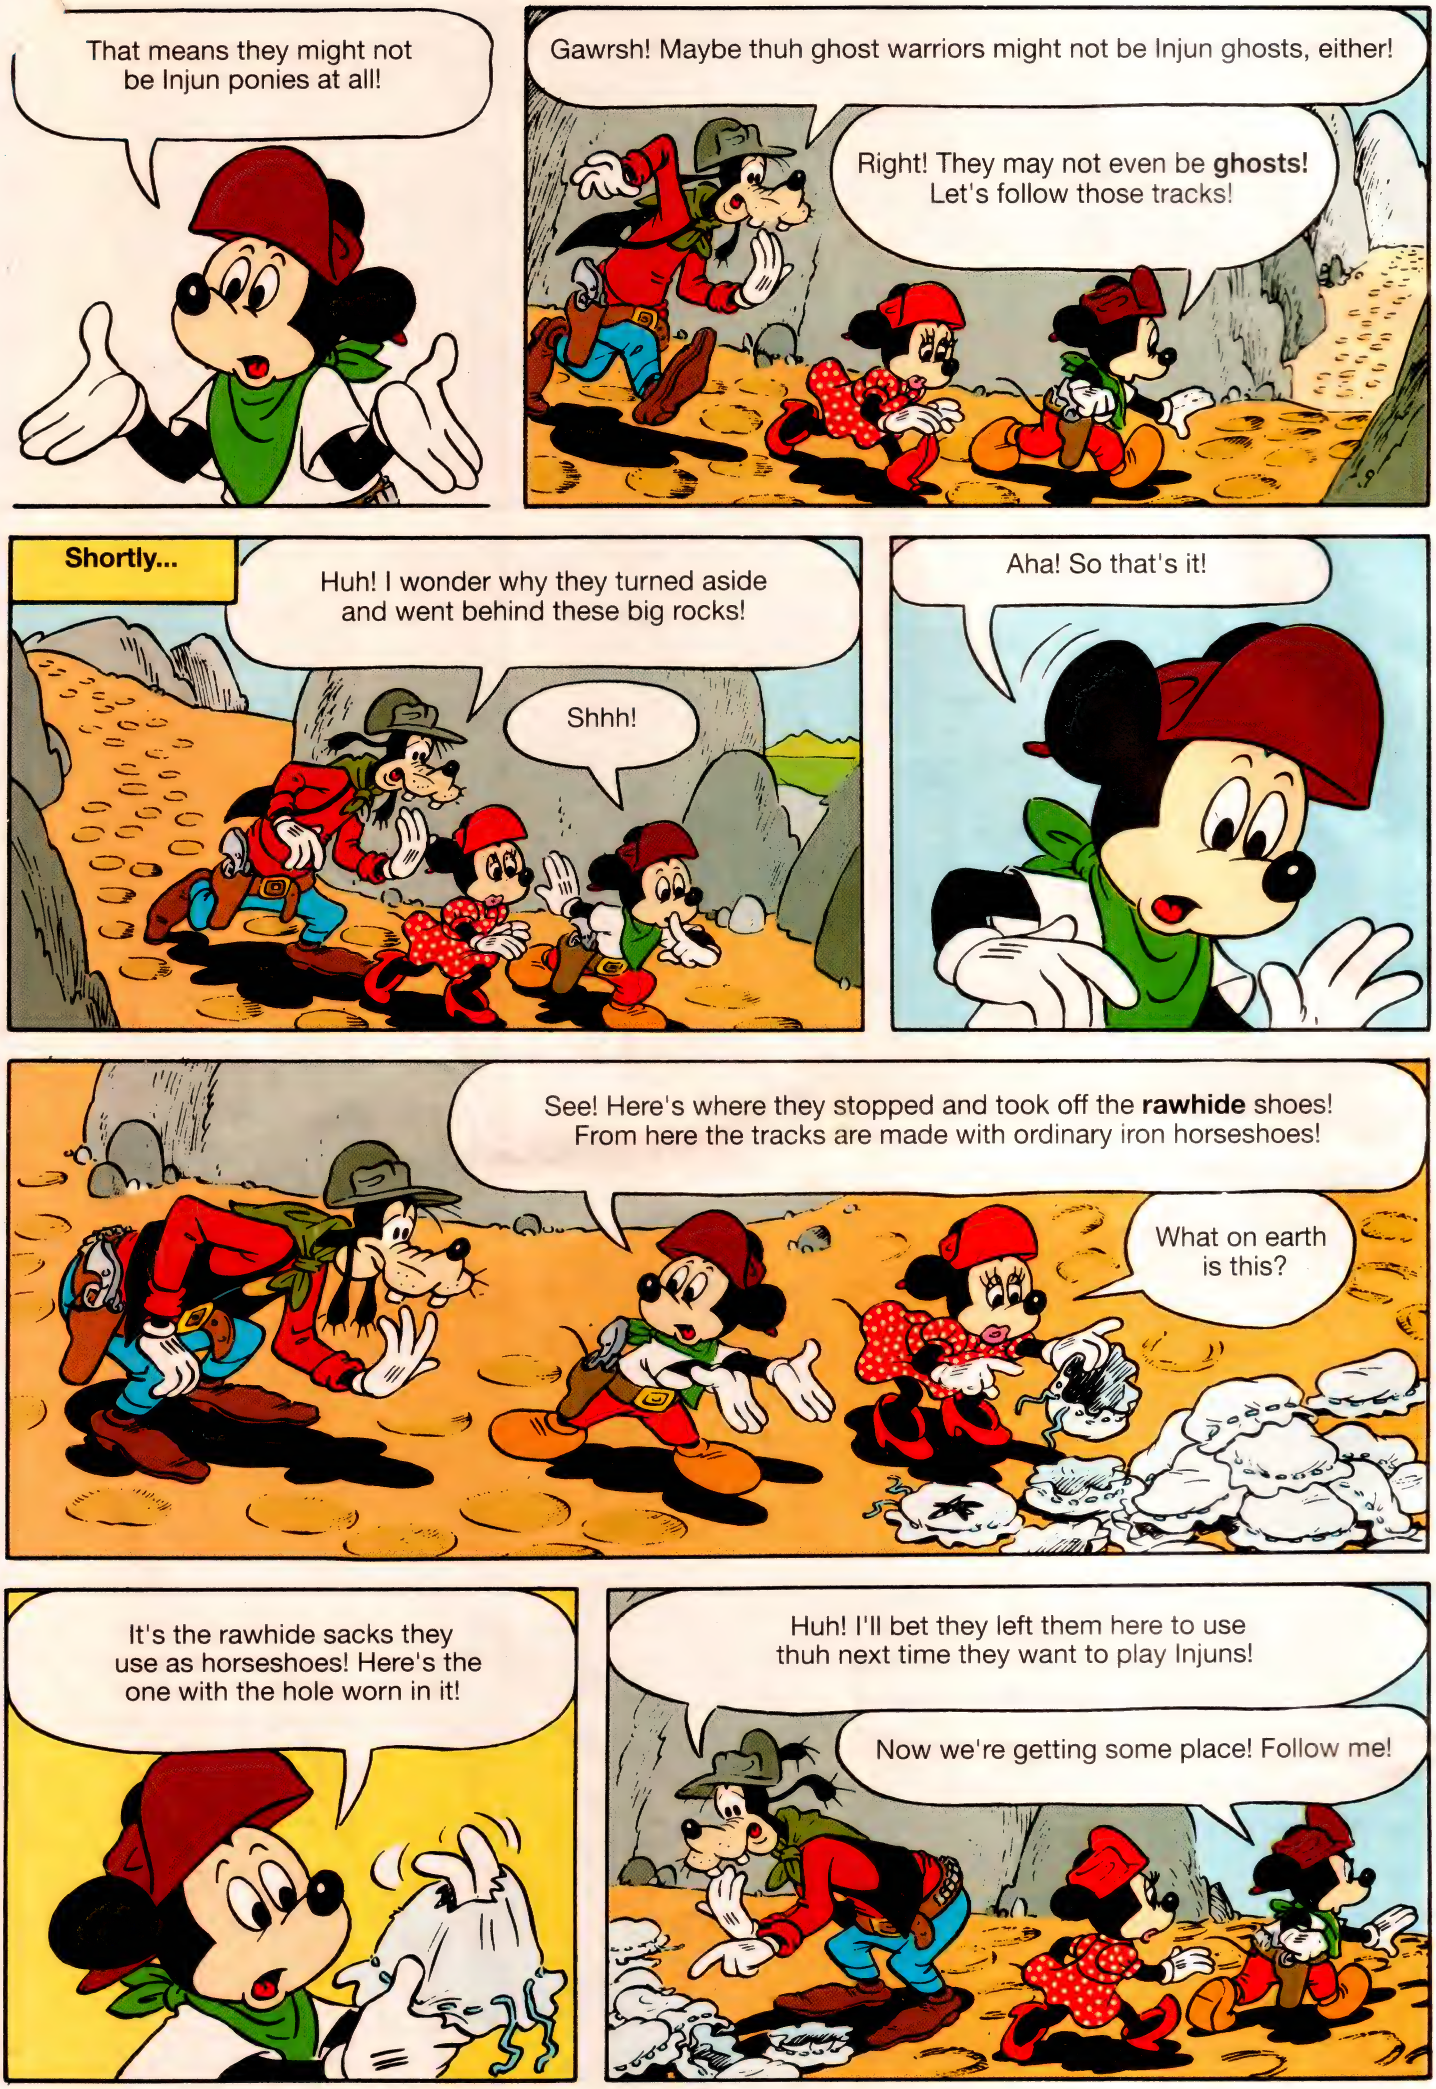
Part 2
Mickey and his party are working for the army as scouts, and have been sent out by Colonel Custard to find out the fate of Goofy's Cousin Dink! In order to gain information they allow themselves to be captured by Chief Bigfoot's warriors...
You climb!
Gawrsh! Way up there?
Better do as he says, Goofy!
WDC 355
Wow! Chief Bigfoot, I presume!
How you know?
Heh! Heh! Never mind! Er... we're looking for his Cousin Dink! D'you know where he is?
Brother Dink carried away by bad spirits!
He came to warn us Colonel Custard plan to lock up my people in Deadend Canyon if raiding doesn't stop! But **we** can't stop the raiding!
Why not?
We tell him **ghost warriors** of **Spirit Mountain** are the raiders, and my people dare not interfere! Brother Dink face them alone - so they carry him away!



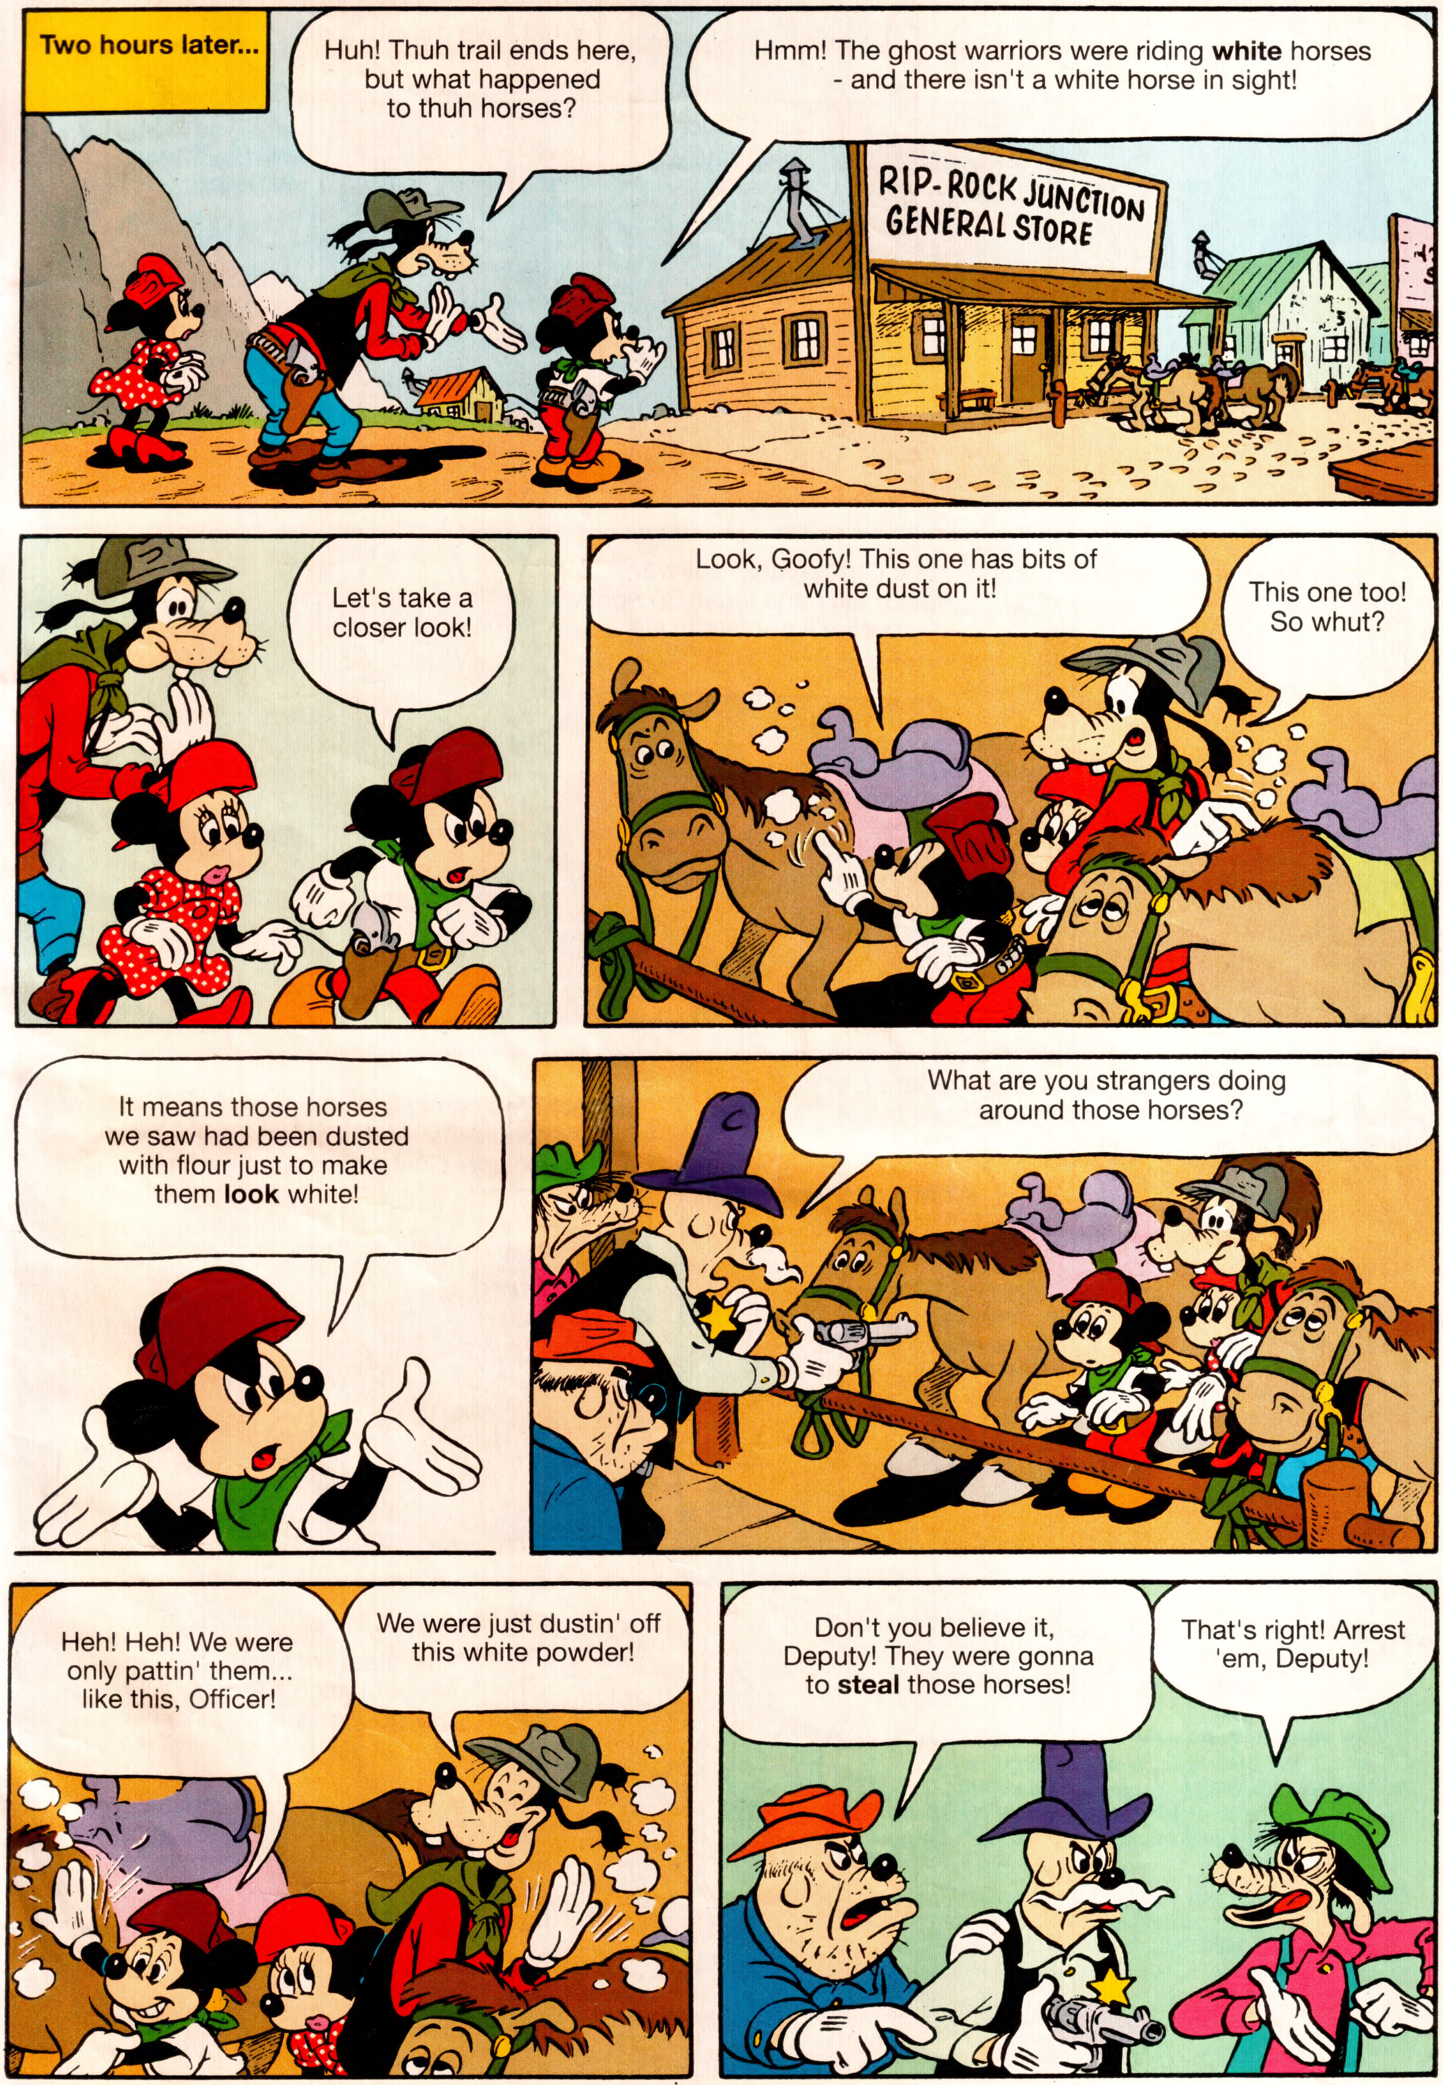
Do you know where they took him?
To the tombs of my people on Spirit Mountain! But **we** can't go there!
Well, **I** can! Just tell me how to find this place!
No! No! You must not! The evil spirits would capture you, too!
If that happens I will deal with them! But we must find Dink, your blood brother!
Well spoken, Brave One! I cannot refuse such a courageous request! At rising of the sun my bravest warriors will guide you there!
Dawn...
Gawrsh! What a spooky place!
No wonder they call it Spirit Mountain!
No take horses! Safer this way!
This is far as I can take you! Follow trail, but make no noise to awaken spirits!
Psst! Be ready for anything! We don't know what we're up against yet!



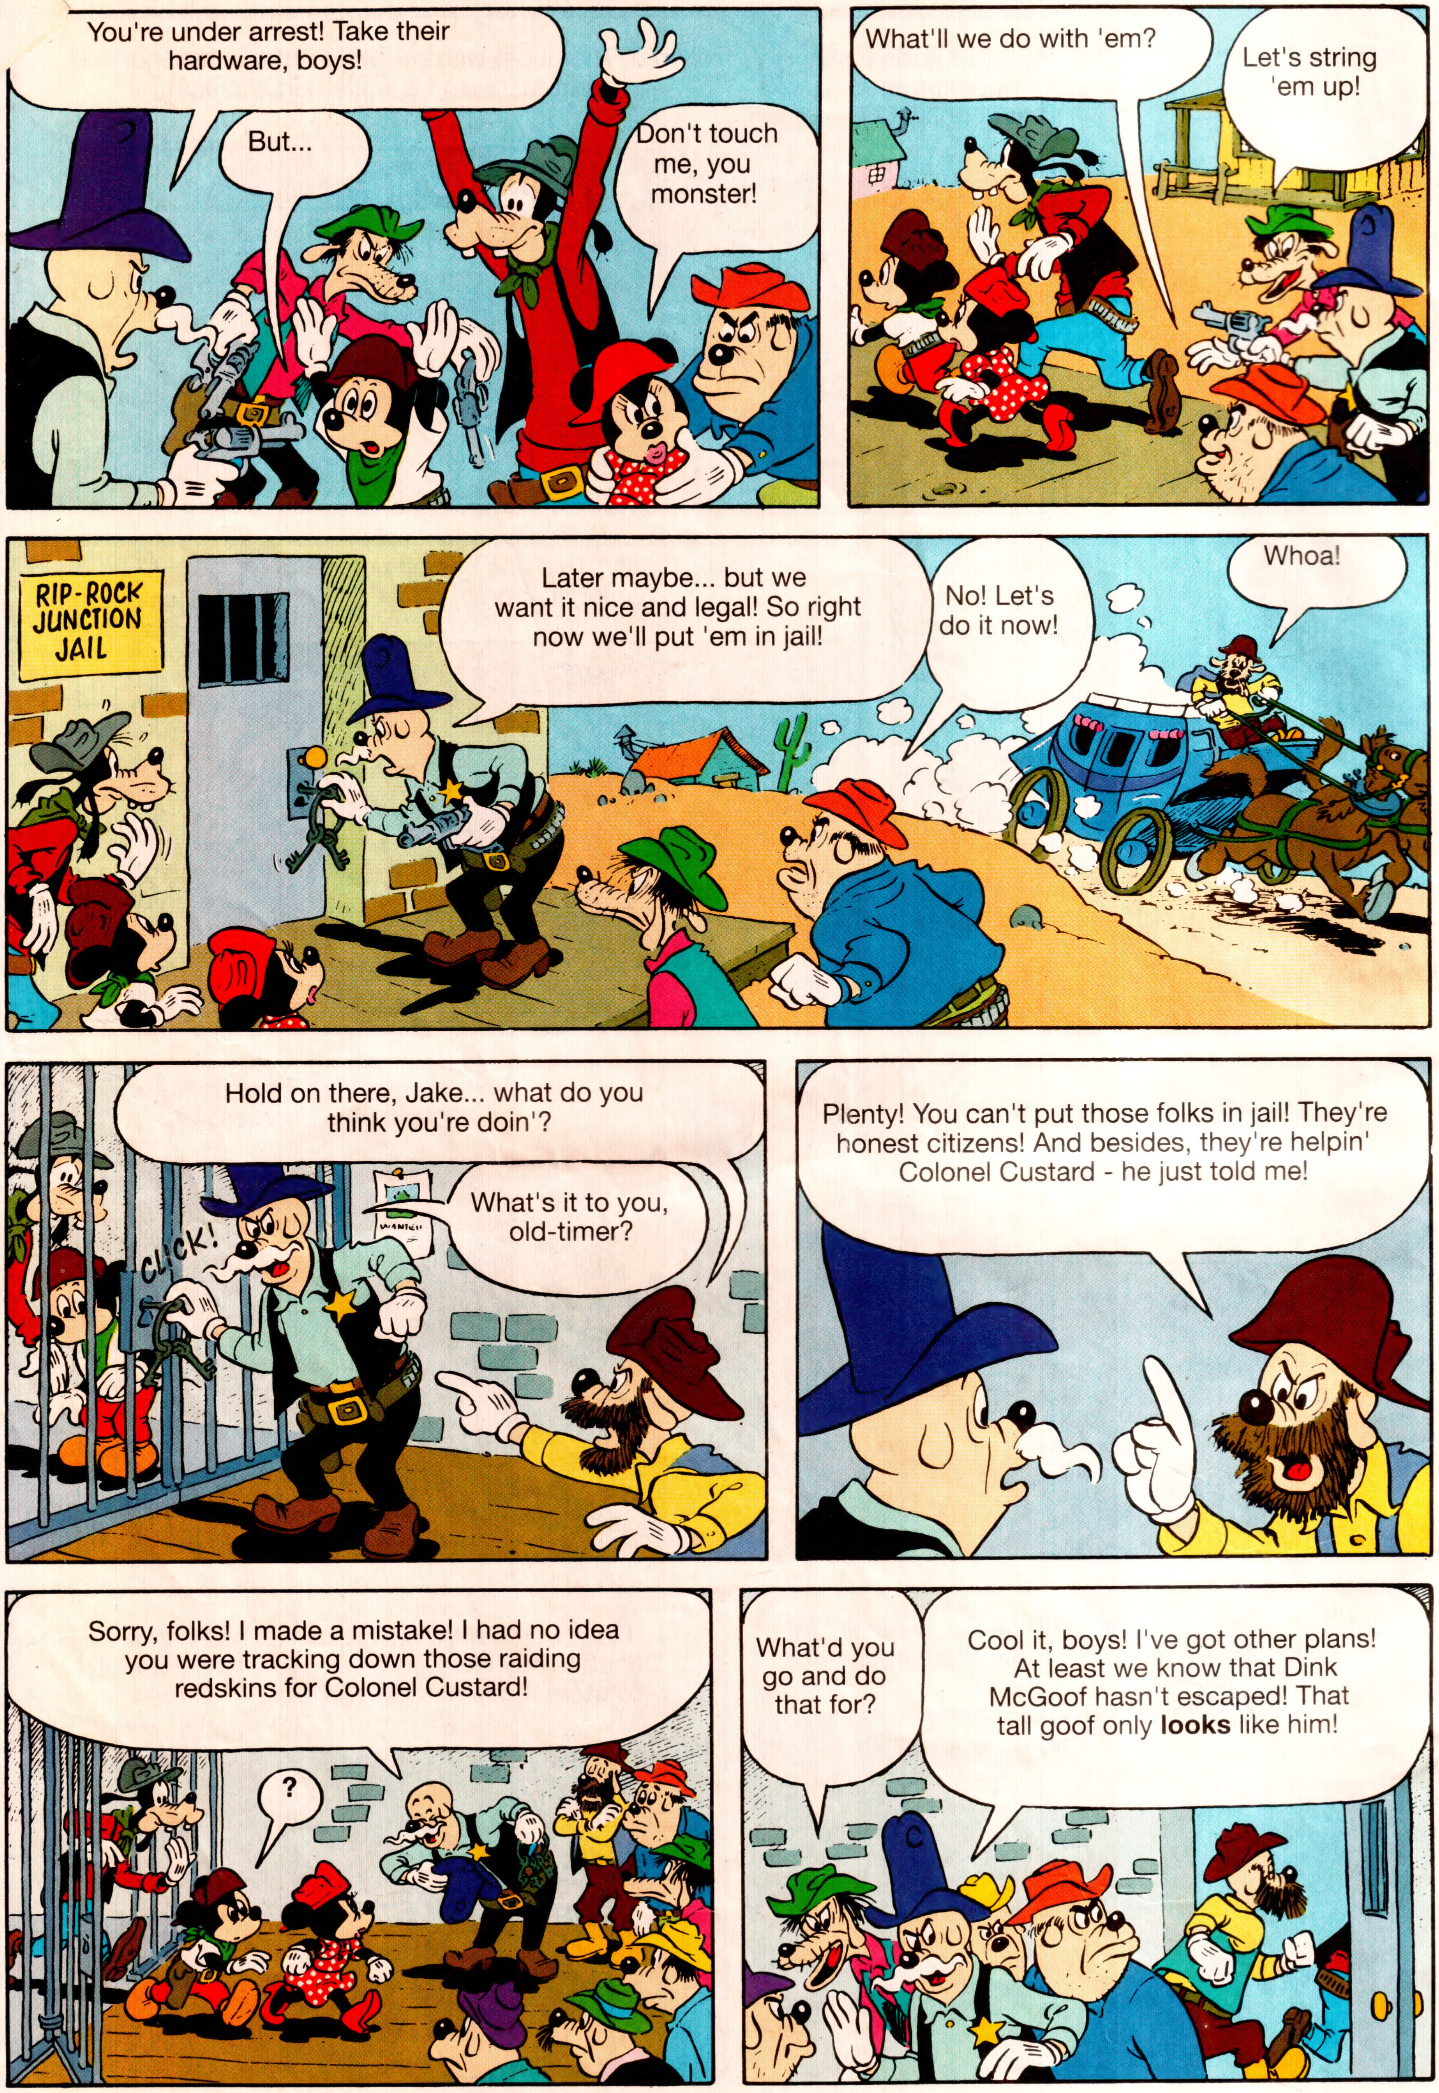
CLOP! CLOP! CLOP!
Listen! What's that?
Horses!
The ghost warriors!
Shucks! Think they'e looking for us?
I don't think so! They're headed down the mountain!
Come on! Let's follow and see what they're up to!
Uh-oh! There's something peculiar about these tracks!
What's that?
See! Their horses have rawhide shoes! That's the way Injuns protect their horses' feet - **but take a look at this track!**
It has the same depression as the others - except **part** of the track is made by an **iron horseshoe!**
So?
Don't you see? The **rawhide** shoe is worn through... and **there's a regular iron shoe underneath!**



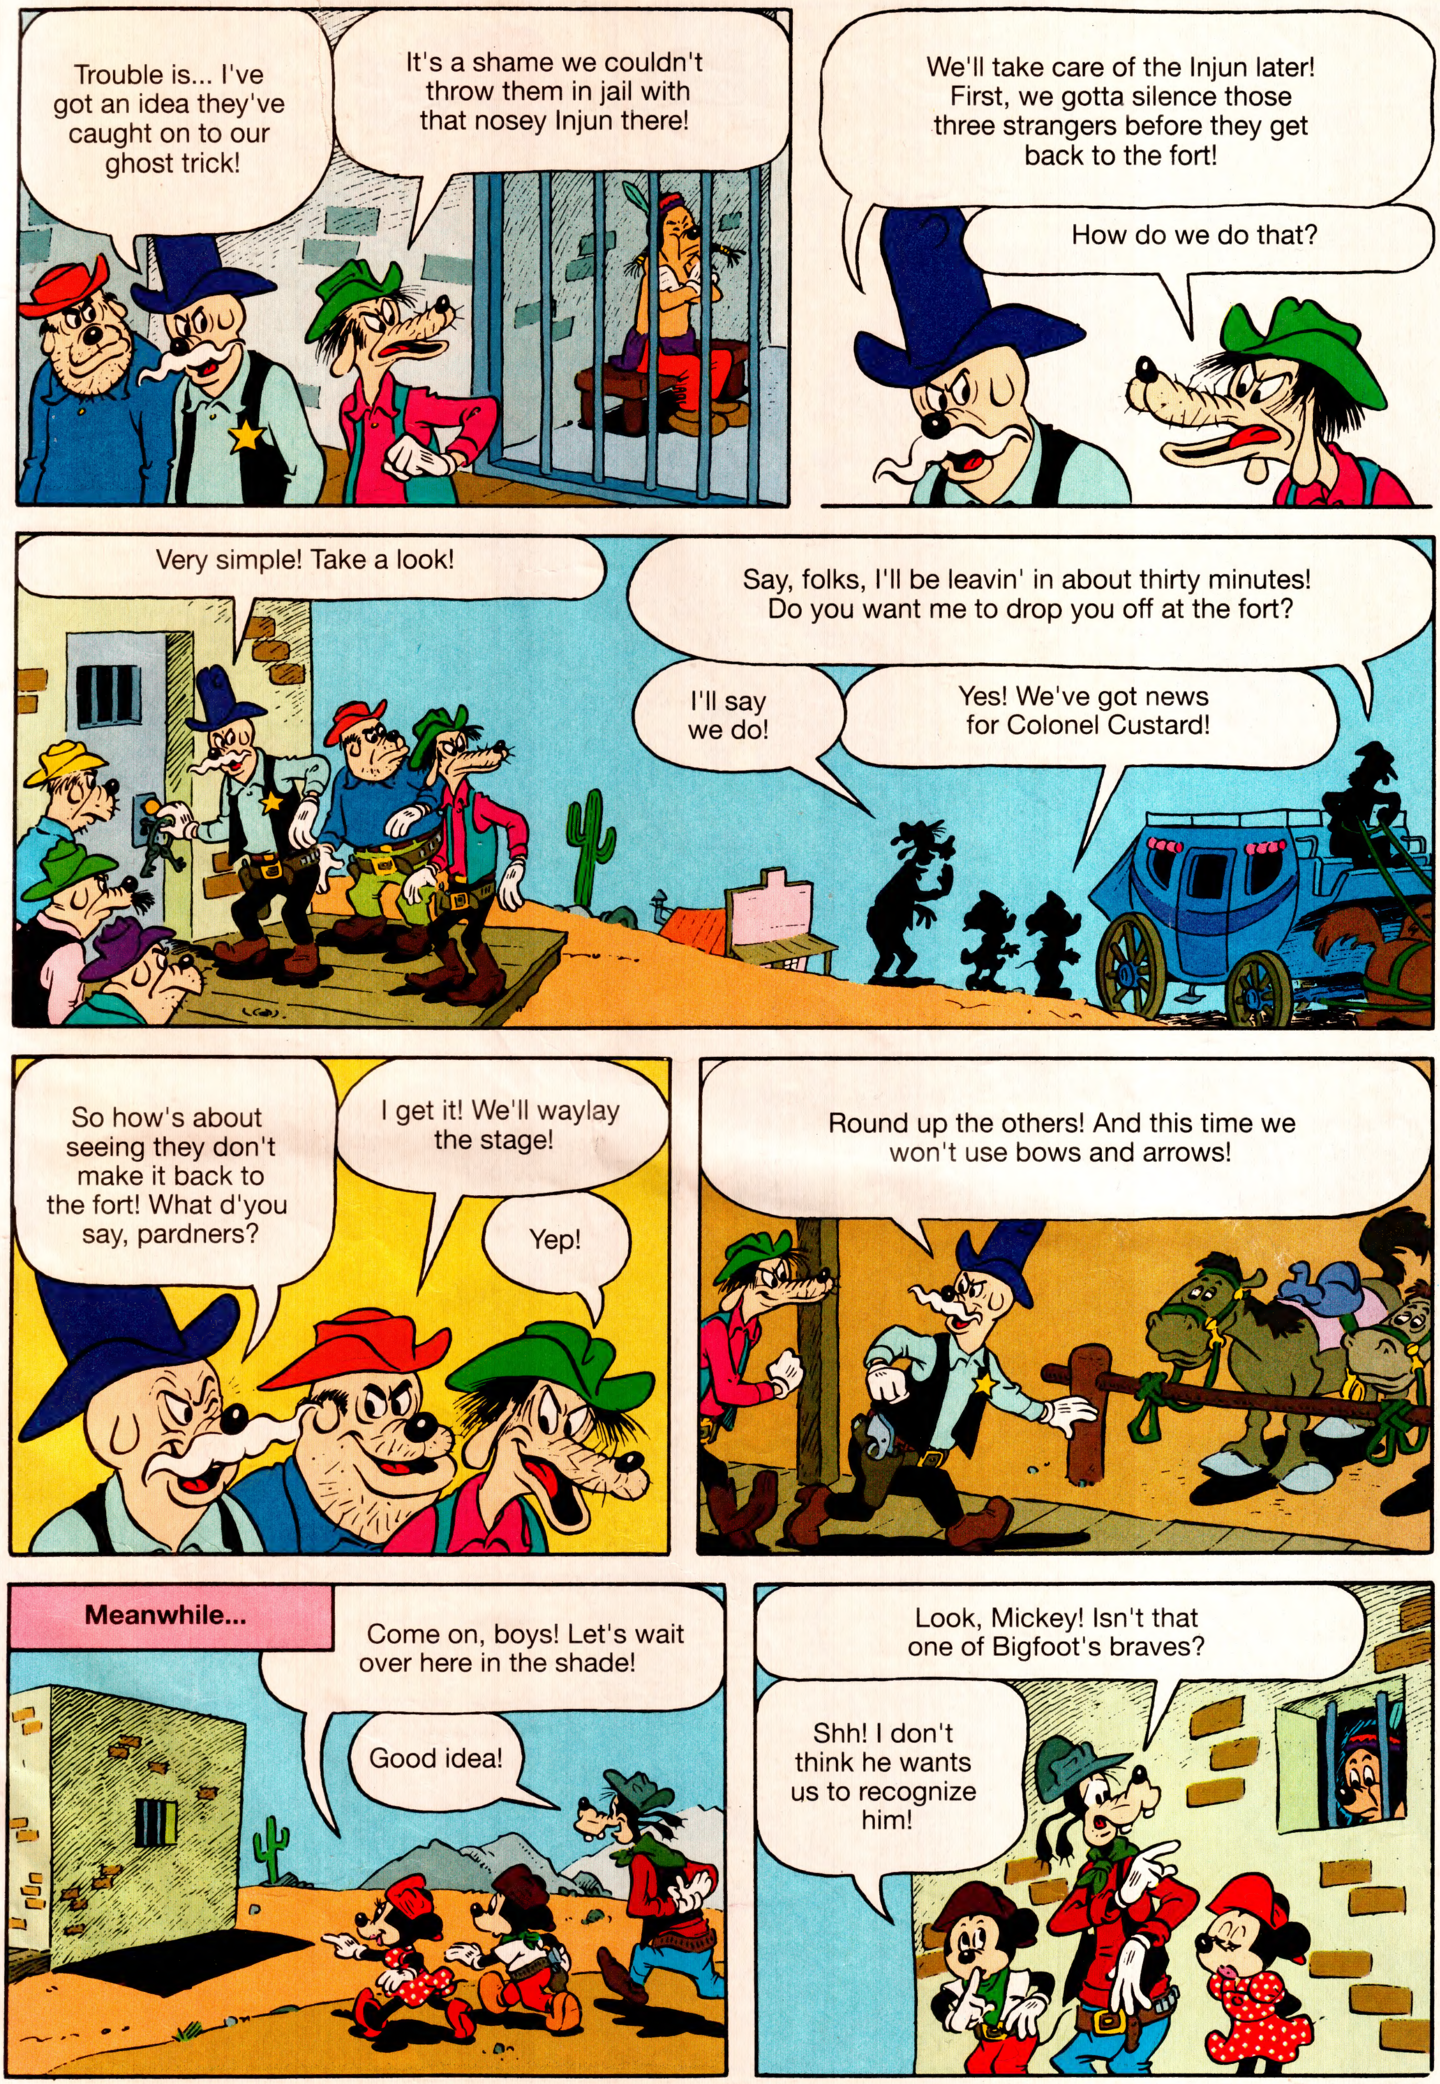
That means they might not be Injun ponies at all!
Gawrsh! Maybe thuh ghost warriors might not be Injun ghosts, either!
Right! They may not even be **ghosts!** Let's follow those tracks!
Shortly...
Huh! I wonder why they turned aside and went behind these big rocks!
Shhh!
Aha! So that's it!
See! Here's where they stopped and took off the **rawhide** shoes! From here the tracks are made with ordinary iron horseshoes!
What on earth is this?
It's the rawhide sacks they use as horseshoes! Here's the one with the hole worn in it!
Huh! I'll bet they left them here to use thuh next time they want to play Injuns!
Now we're getting some place! Follow me!



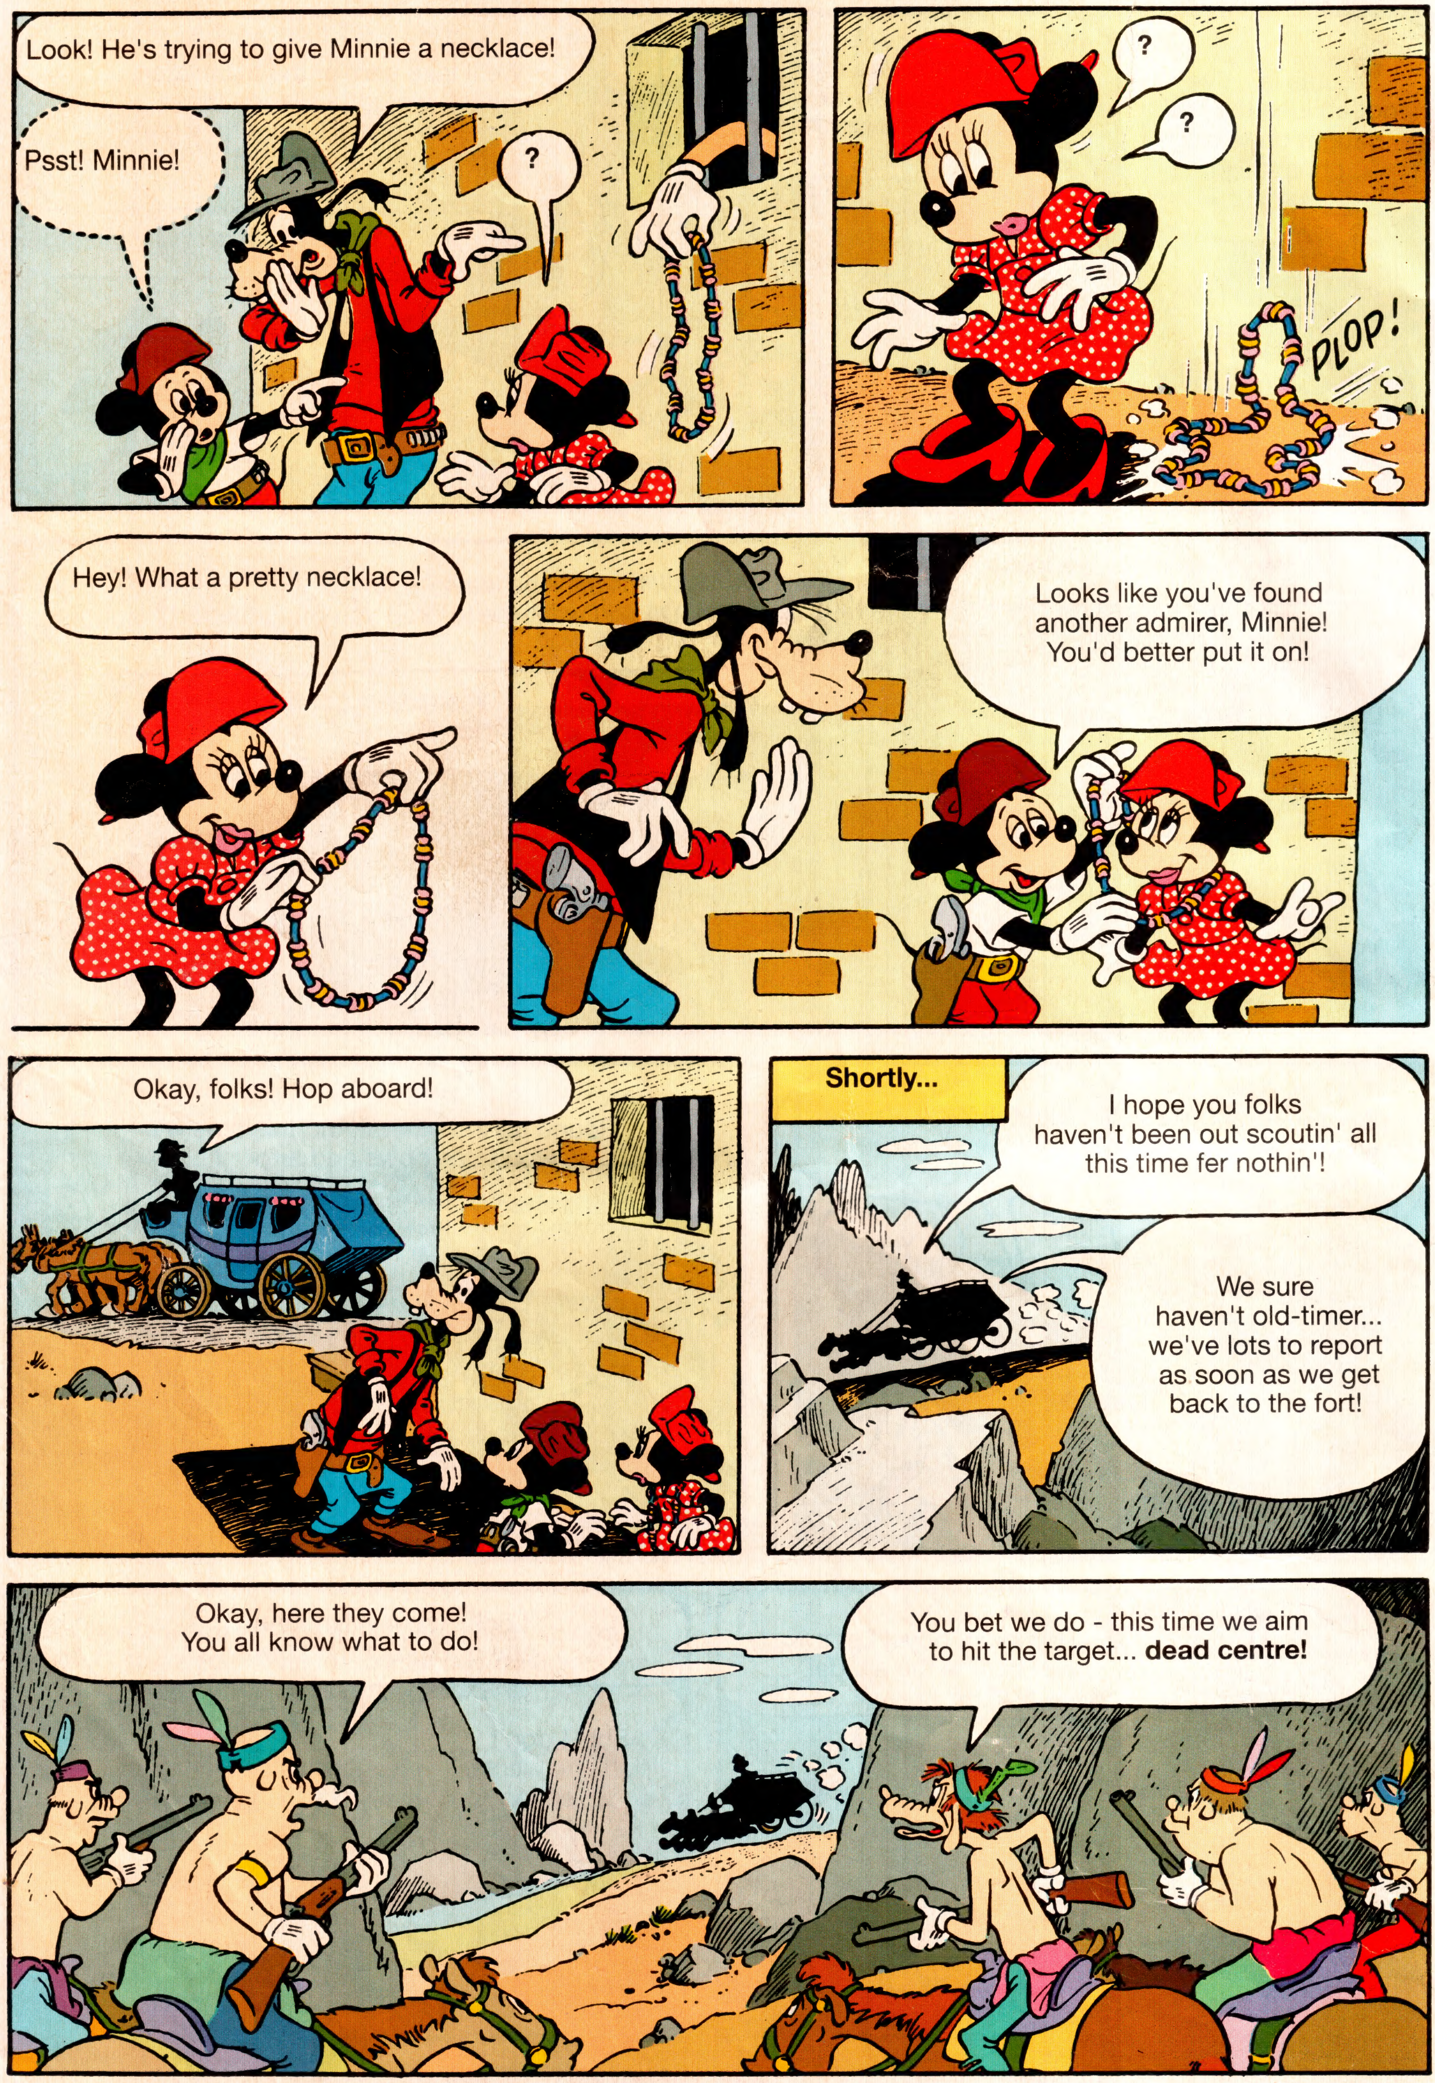
Two hours later...
Huh! Thuh trail ends here, but what happened to thuh horses?
Hmm! The ghost warriors were riding **white** horses - and there isn't a white horse in sight!
RIP-ROCK JUNCTION GENERAL STORE
Let's take a closer look!
Look, Goofy! This one has bits of white dust on it!
This one too! So whut?
It means those horses we saw had been dusted with flour just to make them **look** white!
What are you strangers doing around those horses?
Heh! Heh! We were only pattin' them... like this, Officer!
We were just dustin' off this white powder!
Don't you believe it, Deputy! They were gonna to **steal** those horses!
That's right! Arrest 'em, Deputy!



You're under arrest! Take their hardware, boys!
But...
Don't touch me, you monster!
What'll we do with 'em?
Let's string 'em up!
RIP-ROCK JUNCTION JAIL
Later maybe... but we want it nice and legal! So right now we'll put 'em in jail!
No! Let's do it now!
Whoa!
Hold on there, Jake... what do you think you're doin'?
CLICK!
WANTED
What's it to you, old-timer?
Plenty! You can't put those folks in jail! They're honest citizens! And besides, they're helpin' Colonel Custard - he just told me!
Sorry, folks! I made a mistake! I had no idea you were tracking down those raiding redskins for Colonel Custard!
?
What'd you go and do that for?
Cool it, boys! I've got other plans! At least we know that Dink McGoof hasn't escaped! That tall goof only **looks** like him!



Trouble is... I've got an idea they've caught on to our ghost trick!
It's a shame we couldn't throw them in jail with that nosey Injun there!
We'll take care of the Injun later! First, we gotta silence those three strangers before they get back to the fort!
How do we do that?
Very simple! Take a look!
Say, folks, I'll be leavin' in about thirty minutes! Do you want me to drop you off at the fort?
I'll say we do!
Yes! We've got news for Colonel Custard!
So how's about seeing they don't make it back to the fort! What d'you say, pardners?
I get it! We'll waylay the stage!
Yep!
Round up the others! And this time we won't use bows and arrows!
Meanwhile...
Come on, boys! Let's wait over here in the shade!
Good idea!
Look, Mickey! Isn't that one of Bigfoot's braves?
Shh! I don't think he wants us to recognize him!



Look! He's trying to give Minnie a necklace!
Psst! Minnie!
